PAINFUL PERIODS

Suggestions How to Find Relief from Such Suffering.

While no woman is entirely free from periodical suffering, it does not seem to be the plan of nature that women should suffer so severely. Menstruation is a severe strain on a woman's vitality. If it is painful or irregular something is wrong which should be set right or it will lead to a serious derangement of the whole female organism.

More than fifty thousand women have testified in grateful letters to Mrs. Pinkham that Lydia E. Pinkham's Vegetable Compound overcomes painful and irregular menstruation.

It provides a safe and sure way of escape from distressing and dangerous weaknesses and diseases.

The two following letters tell so convincingly what Lydia E. Pinkham's Vegetable Compound will do for women, they cannot fail to bring hope to thousands of sufferers.

Miss Matilda Richardson of 177 Wellington Street, Kingston, Ont., writes:

Dear Mrs. Pinkham:—

"Some four years ago my usually good health began to fail. I had severe pains in my back, my head ached, I would have dizzy spells, and during my monthly periods I would suffer intense pain. I was advised to try Lydia E. Pinkham's Vegetable Compound, and I am so glad that I did, for it brought new life and health to me. My monthly periods were natural and painless, and my general health improved. I have not had an ache or a pain since, and I feel it a duty as well as a pleasure to tell you what your medicine has done for me."

Mme Louise McKenzie of Mount Carmel, Montreal, Canada, writes:

Dear Mrs. Pinkham:—

"I had heard so much good about Lydia E. Pinkham's Vegetable Compound before I started to take it for painful menstruation so that when it cured me I was not surprised I had suffered with blinding headaches and pain until it seemed that I must scream. These pains lasted from five to ten days every month, and you can understand how glad I was to get relief. I am in the best of health, and am pleased to give you this testimonial for what your medicine has done for me."

Such testimony should be accepted by all women as convincing evidence that Lydia E. Pinkham's Vegetable Compound stands without a peer as a remedy for all the distressing ills of women.

The success of Lydia E. Pinkham's Vegetable Compound rests upon the well-earned gratitude of Canadian women.

When women are troubled with irregular, suppressed or painful menstruation, leucorrhœa, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, bloating, (or flatulency), general debility, indigestion and nervous prostration, or are beset with such symptoms as dizziness, faintness, lassitude, excitability, irritability, nervousness, sleeplessness, melancholy, they should remember there is one tried and true remedy, Lydia E. Pinkham's Vegetable Compound at once removes such troubles. Refuse to buy any other medicine, for you need the best.

Don't hesitate to write to Mrs. Pinkham if there is anything about your sickness you do not understand. She will treat you with kindness and her advice is free. No woman ever regretted writing her and she has helped thousands. Address Lynn, Mass.

The Pure Bred Imported Clydesdale Stallion

BOGSIDE

No. (11630) (4291)

BOGSIDE No. (11630) (4291), bay, white stripe on face, hin l legs white, foaled June 12th, 1901, bred by George McGill, Bogside, Langbank, Renfrewshire, Scotland; got by Clan Chattan (10577); Dam—Bell (4306) by Sir Everard (5353); 2nd dam Jess by Doncaster 228, he by Welling-ton 985, he by Surprise 340; 3rd dam Kate.

Bogside is undoubtedly the best three year old Clydesdale in Canada at the present day and his past show ring appearance in the best shows in Canada he has been the centre of attraction. His first appearance was in Toronto, March, 1901, and was awarded 3rd prize in a field of twenty fifteen colts while he was low in flesh and just after a rough sea voyage. His last fall appearance at Toronto, Ottawa and London he was a close second to the widely famed Baron Sterling, which was the champion horse in the leading shows in Canada and the United States and afterwards sold for $7500. On Feb. 3rd this year he was placed first in a class of twenty-seven at Toronto and good judges were unanimous in saying he would have taken first place. Being such a grand individual and such excellent breeding, I have decided to keep him for my own use and, knowing the breed to be the right kind of draft horses. Notwithstanding I have owned the champion 2 year old stallion "Carlist" last fall at Toronto, also the 1st prize 3-year-old stallion "Knight of Cluans" this spring in Toronto, and after a thorough examination of the three horses and taking into consideration the demands of the present market for draft horses, I decided to keep Bogside to use to my import-ed mares. He is a horse up to a grand size weighing at present 1870 pounds, and one of the most sensational high actors that has ever been seen in this country for the hackneys, and comes from one of the best families of Clydesdale winners in Scotland to-day. His sire, Clan Chattan, is one of the most promising horses of the present day as a sire of good stock and was a Glasgow premium horse two years in succession. He was sired by James Lockhart's great breeding horse, Maimes of Airies (10579); he by the invincible Merrytown Prince of Wales 673, which is known to be the best Blood in Clydesdales at the present day. His dam Bell (4306), by Sir Everard (5353) is known to be the best sire of brood mares in Scotland. He is also the sire of the great Baron's Pride, the present champion of Scotland; he by Top Gallant (1851) a son of the renowned Darnley 222, who will always be fresh in the memory of all good horsemen, at all times familiar with Clydesdale horses. His 2nd dam Jess by Doncaster was a grand type of a draft mare, good at the ground, wide and deep, and an excellent breeder of sires, with grand bone and muscle, hoof heads and ankle, and it is still on record the saying of a good old Scotchman—

"Ye kin' foot and feather,
Body comes, but legs never.

Parliament Negatives Provincial Rights.

The Autonomy Bill, with its coercive educational clauses, passed its second reading about midnight on Wednesday last. Midnight was a fitting time for such a transaction. Assuredly, when it is reviewed in the impartial light of history, that "fierce white light which . . . . blackens every blot," the record will appear even darker than it does to-day. Fifty-nine men opposed the coercion of Saskatchewan and Alberta; one hundred and forty men voted for it. By a majority of eighty-one the Federal Parliament of Canada threw to the winds the principle of provincial rights, and assented to the principle of fastening an educational yoke on its new provinces, and thus of making them autonomous in name, but not in fact. At whose mandate? Not that of the constitution, for that plea has been necessarily abandoned. Not that of the people of the provinces themselves, for they have had no voice in the matter. Not that of the people of Canada generally, for had they known of the intention in time they would have effectually forestalled it, and had they the opportunity of expressing their will at the polls to-day they would speak in unmistakable disapproval. At whose mandate, then? Read between the lines in the division lists, read between the lines, we say, honestly, fairly, impartially, and the answer is inevitable.

Is the bill to go forward with its obnoxious clauses to a third reading? Yes, if the people supinely submit to what their representatives are doing; no, if they sternly, steadfastly, and sufficiently resist it. There is yet time, by public meeting and by private communication, to let the Parliament know what the people feel and what the people—not a section of the people—really want. It is a time to speak, and it is a time to speak out. And the thing to speak out for is the elision of the educational clauses, and the granting of real autonomy to the new provinces.—Christian Guardian.

Suffered for Fifteen Years.

Owen Sound Collector's Experience.

Few figures are more familiar to the business and railway men of Owen Sound than Mr Sims. As collector for the Davis-Smith-Malone Company, Limited, his courteous presence was inevitable following a freight or coal delivery. But under that pleasant smile and genial disposition, there was a cloud which blighted his brightest moments with the most acute pain. Mr. Sims, though many were not aware of the fact, has suffered for fifteen years with rheumatism, which particularly affected the right knee, and caused a painful swelling of the leg. Last summer his attention was directed to the remarkable cure of Capt. John Simpson, which was effected by Cameron's Rheumatism Cure, and widely advertised in the local press. He decided to try the cure, and after taking the first bottle noticed good results, sufficient to justify the purchase of a second bottle, which effected a complete cure. Since that time Mr. Sims has not felt the effects of the disease, and naturally his gratification is finding liberal expression among his friends, while he will gladly substantiate the facts in this very interesting victory of a wonderful medical discovery.

A THEORY PROVED.

A new idea which means a great deal in the treatment and cure of disease.

Dr. Leonhardt, of Lincoln, Neb., the foremost physician of the Western States, has put forward a new theory as to the cause of disease. He says:

"There can be no doubt from the evidence at hand, that the stomach is and has always been the first cause of ninety per cent. of all the illness of mankind. The failure of the stomach to digest the food properly results in fermentation and decomposition, and the poisons arising from the foul and rotting mass get into the blood and tissue and nerves and breed disease of every kind."

Dr. Leonhardt has found a remedy for Indigestion, Dyspepsia, Biliousness and Constipation. He has tried it in thousands of cases without a single failure.

He calls it Anti-Pill. It is sold at 50c. by all druggists, or the Wilson-Fyle Co., Limited, Niagara Falls, Ont. Sole agents for Canada.
