"Wheezy" Chest.

Means your trouble is deep seated. To delay is dangerous. All the inflammation will be drawn out in one day by applying Nervine. It penetrates through the pores of the skin, relieves inflammation and thus prevents serious consequences. For sore throat, weak chest and tendency to colds, no preparation is better than Polson's Nervine. For nearly fifty years it has been Canada's great household remedy. Twenty-five cents buys a large bottle.

Traverston

Best of good wishes to Johnnie Cusack on his birthday, July 1st. Gruff and surly "Bill" Burgess, a former resident of this neighborhood, but for the past 27 years a resident of the American Soo, has been visiting around for the last two weeks and de-

manded to be put in the House of Refuge at the township's expense. The Council Fathers very wisely bought him a ticket back to the Soo and shipped him on Monday.

The cyclonic storm that tore, howled, shrieked, swirled and swept across this part of the county on Sunday evening was a "bad un." Fences were bent, trees in many a choice piece of woods were uprooted or wrenched off, orchards suffered severely, but along part of the 8th con. it was most violent, tearing a high post in Mr. W. Kerney's barn and hurling it across the snow while a good portion of the west end was blown in.

The upper part of Mr. George Torry's barn was badly wrecked, while Mr. Joseph Young's barn at the lake also suffered. Grain was flattened and its quiet position may not regain its upright position. It is reckoned as one of the worst storms ever known in the vicinity.
