

The Gold and Silver Medalist and Sweepstakes Imported Hackney Stallion

KILNWICK FIREAWAY

Imported from England, will make the second season of 1905 as follows:

Every Saturday during July and August at the Markdale House, Markdale, Ontario, at the week of his own stable, lot 15, con. 10, Eurhania, near Goring.

Description and Pedigree.

Winner of 6 gold medals and 23 prizes. KILNWICK FIREAWAY was a winner in 1893 of 1st, and sweepstakes gold medal at Ottawa 1894. He was also a winner at Toronto Horse Show, and the Great National Horse Show, New York, 1895. 1st prize at the Western Championship at Toronto Spring Show, 1st and sweepstakes at Toronto Industrial, Montreal, Ottawa and other exhibitions. Also grand sweepstakes and gold medal for best hackney, male or female, at Montreal.

Imported by Thos. Irving, Winchester, and owned by Graham Bros., Charenton, until September, 1895, when he was sold to the Nova Scotia Government at a very high price. His stock has also won first at Halifax Exhibition during the past five years, and sell for the highest market prices. James H. H. of Brampton, showed his stallion at the Canadian Fairway at Toronto Exhibition in 1904 and won 1st from all comers.

Style, color, conformation, action, carriage, endurance and good breeding are the essential qualities in a high-class harness horse. These qualities Kilnwick Fireaway possesses in a very high degree. He is a well-mottled horse of exquisite quality. His intelligence, head and beautifully balanced quarters stand him as a very high-class sire, and his high, arched action has helped to carry him to the fore in many a show ring.

This horse's stock are all good solid colors - good bay and brown, no white legs or white faces.

Description. This horse is a pure-bred Hackney and registered in the English Hackney Stud Book, No. 3068, and in the Canadian Hackney Stud Book, No. 4, Vol. 2, No. 204. He is a handsome brown bay with black legs, mane and tail. Stands 15 1/2 hands high and weighs 1275 lbs. His action before and behind is unsurpassed. He has a beautiful head and eye and neck right side, and shows quality all over and is a perfect tempered horse, and may truthfully be described as a grand specimen of the breed. Kilnwick Fireaway can boast of the very highest quality of Hackney blood on his sire's side by traces to Old Shales and Old Phenomenon, famous in Hackney history; the latter horse having trotted his nineteen miles within the hour at Kilnwick Fireaway's farm was a noted mare between the shafts, one of the stout, free-going ones that nothing can tire. The horse's fashion of the same blood was sold in New York for \$3,000, and stands at a price of \$1000. Here, another of the same blood, trotted five miles in sixteen and a half minutes on the road and his half-sister sold for \$5,000, and she has drawn a heavy dog cart on a turpentine road two miles in six minutes.

Pedigree. This horse was bred by John T. Gray, Kilnwick, Rockington, York, England. Sire, Lord Swanland (834); by Lord Derby II (417); he by Lord Derby (415); he by Performer (549); by Atlas (36); he by Norfolk Phenomenon (323); Dan, by Trip (625); by W. Tringway (229); g. dam by Fireaway (1367).

Breeders. Don't fail to see this hackney stallion before making your choice. The future of successful breeding all depends upon the breeder's selection. The present market calls for style and action, and if we do not breed what the market requires we may as well quit breeding at once. The increase of wealth in the cities has produced a demand for stylish, active horses, and these qualities the hackney horse, over and above all other breeds, is eminently adapted to transmit to its offspring. Kilnwick Fireaway has remarkably the appearance and inherits his sire's richness of color. The quantity and quality of his bone are well calculated to maintain his soundness and carry his lot.

Terms. To insure \$15.00; mares from a distance will be a month, if desired, at reasonable rates, at owner's risk of accidents or escapes.
