KING EDWARD PARK

The Official Opening on Tuesday a Splendid Success—Magnificent Weather and Large Crowds—Markdale Defeats Dundalk in the Lacrosse Match.

Most desirable was it that the weather on Tuesday should be of the best. The success of terrestrial enterprises when concentrated into a single day depended so much upon the sympathetic attitude of the Clerk of the Weather that he was appealed to by many expressions. It is agreeable to look back and consider how very friendly he was. The day was one of splendour. There was a bright sun to dry all day and the breezes were very busy. It was not too cold nor too hot. The wind and sun tempered the weather to the holiday lamb, and the airiest raiment was in harmony with the day.

The programme of the day's sport commenced at one o'clock when the Citizens Band marched from the school south on Mark, across Queen and down Main street escorting a large procession of school children, in gala attire, each carrying a Union Jack and a maple leaf. The procession was loudly cheered along the route of parade, which ended at the King Edward Park where the day's sports were held.

Soon after the arrival of the procession at the grounds, the speakers of the day ascended the platform, which had been erected for the occasion. Rev. Chapman occupied the chair, and called upon Mr. W. J. Shortill, ex-Rector of Markdale, to give the opening address. Mr. Shortill's thoughtful and well delivered remarks were attentively listened to.

Mr. John Boland was the next speaker, and during his remarks elicited the information that fifty years ago the crop on the field which is now the park grounds, was taken off by Mr. Walker with a reaping hook, drawn in on a "jumper," and threshed with a flail. He thought the council had made a wise choice in their selection of a park ground. As a representative of the farming community he was proud of the village of Markdale with its enterprising business men and the progressiveness of the place which is apparent on every hand.

Mr. Solomon Hill gave a neat, concise and optimistic address in which the council's wisdom in their selection of the grounds for a park came in for a good deal of eulogium.

Mr. Thos. Kelly, councillor, gave a short address, after which the chairman called upon the speaker of the day, Dr. Sproule, M.P. On rising to his feet the doctor was given a hearty reception, and his address which lasted nearly half an hour was delivered in a forceful and eloquent manner. He dwelt particularly on the wisdom of the council had shown in providing a recreation ground for the youth of our town, and thought the council had acted wisely in the matter by purchasing a suitable property at a time when it could be bought at a reasonable figure. The grounds now owned by the town could be utilized for all kinds of sport as well as for an agricultural exhibition. He considered horse racing an almost essential part of an agricultural fair, as it could be seen by the prosperity which has attended fairs having this attraction, and the corresponding lassitude which other sports without horse races have fallen into. He, however, strongly urged the elimination of all dishonest practices in connection with the same and believed that it was these unworthy methods which have crept into the sport that has brought the race-track somewhat into disrepute. The doctor had been asked and consented to give an address on the Antonomy Bill, but after reflection considered it would be an unwise act to give an address on a subject of this nature to the audience that was before him. This was an occasion where men of every political and religious creed were asked to participate in, and a speech on the Antonomy Bill could not help but give offence to some, which he did not wish to do. In his closing remarks Dr. Sproule officially proclaimed the park opened for the purposes for which it was intended, and henceforth to be known as the "King Edward Park."

THE RACES.
All the advertised races were completed for and the following is the result:
Broncho Race—1st, J. W. Rutledge, "Billy R."; 2nd, Thos. Mercer, "Dot"; 3rd, J. H. Walker, "Jerry."
Open Trot—1st, J. C. Shute, "Frank"; 2nd, James Best, "Proton"; 3rd, J. Wintburn, "Bessie Chimes."
Egg Race on Bronchos—1st, J. W. Rutledge, "Billy R."; 2nd, Thos. Mercer, "Dot."

LACROSSE MATCH.
The Rev. Mr. Shepherd will deliver a lecture in Cook's Church, Berkeley, on Friday night, Sept. 15, at 8 p.m., subject "A Trip to Scotland."

Business in town was entirely suspended during the afternoon.
In the evening a football match between the juniors of Flesherton and Markdale took place, which resulted in a tie, both teams scoring a goal. Darkness prevented playing off the tie.
The committee of management, whose executive capacity was flawless, but on sports without those weary waits which often mar the pleasures of the day. One event followed another in quick succession, and the crowd appreciated it.
Mr. Rowe and his scholars are to be congratulated on the excellent showing they made. As they marched through the streets their merry laughter and loud huzzas thrilled our citizens with a sense of admiration and pride. On arrival at the grounds they sang in stirring tones "The Maple Leaf Forever," and all of the speakers afterwards referred to the scholars and their leader in complimentary terms.

Flesherton Fall Fair on the 27th and 28th of September promises to surpass any of its predecessors. The managers are making commendable efforts to that end.
Mr. Shepherd will preach in the Presbyterian Church Markdale on Sunday night and in Berkeley in the

JOHN CAESAR.

A Quarter Century Trio

Three Markdale Men who commenced business in this Place Twenty-Five Years Ago.

Mr. Wm. Lucas, whose photo appears above, was born in Lamton County, Ont., in 1850. He followed agricultural pursuits and timbering till 1873, then opening a private bank at Bridgton. Two years later he came to Markdale and was the first to furnish banking accommodation in this embryo town, thus filling a felt want. His sterling character was soon well known and proved an important factor in building up an extensive business. Coupled with this important characteristic was his genial and considerate disposition and business-like methods, all of which have stood the test of a quarter century, and counted for much in establishing and perpetuating important connections and an extensive and profitable business. He was one of the chief moving spirits in the question of the incorporation of this village seventeen years ago, and has served as reeve for two terms, and has been for a number of years treasurer, which position he still holds.

C. W. Rutledge. The subject of this sketch was born in Leeds county, Ontario, fifty-six years ago. Came with his parents the following year to Grey county, settling within a mile and a half of where Markdale now stands. This district was then a dense forest, the only roadway being the surveyor's blaze on the trees. The hardships of pioneer life were but little felt, however, by those of tender years, or for the first fifteen years for that matter. Farm life was followed with a reasonable degree of success until 1880. Then the wreckless plunge was made and the agriculturist launched out into newspaper life, purchasing from Mr. Blyth the plant and business of the Markdale Examiner, which the latter had established five years before. By close application to business and an unwavering ambition to furnish a good and satisfactory service both in the newspaper line and job printing business he is still permitted to do business at the old stand.

JOHN CAESAR. Mr. John Caesar, born in London, England in 1831. Learned the printing business. Left for Canada in 1871, accepted a situation as trucker at the transhipping sheds at Queen's wharf, Toronto, for the Great Western Railway, now the G. T. R. Was promoted same year to checker and supervisor of freight stowing in cars, which position he held until April, 1873, then entered the service of the old Toronto, Grey and Bruce Railway at Bolton as assistant agent. Was transferred to Mount Forest in 1873, and in the same month to Orangeville, as baggage master and assistant freight clerk. Was soon given full charge of freight warehouse. He held that until he was again promoted to that of agent at Markdale in September 1880, twenty-five years ago. Although Mr. Caesar does not appear to have engaged in spirit or actively he has actually grown gray in the service of the C. P. R., and while several offers of promotion have come his way he has chosen rather to remain at Markdale, where he is a valued and respected citizen. He is not only one of the most faithful and trusted. For several years he has been awarded first place for the best flower garden on the C. P. R. system between the Atlantic and Pacific.
