FLESHERTON HAPPENINGS

On Tuesday, the 14th inst., a pretty vedding took place at the residence of the bride's father, 871 Berkeley Street, Toronto, when Jennie, eldest daughter of Mr. James Hemphill, formerly of Ceylon, was married to Mr. Thomas Wilcock, eldest son of Mr. and Mrs. Wm. Wilcook, near this village. Rev. R. P. Bowles, B.D., performed the marriage ceremony, and Miss Brown. of Toronto, played the Wedding March. The bride, who was given away by her father, wore a very pretty gown of cream tilk colienne. She also wore the customary bridal veil with wreath and carried a beautiful bouquet of bridal roses. The bride was attended by her sister, Miss Maggie Hemphill, who was becomingly attired in heliotrope crystal crepe and carried pink The groom's brother, Mr. roses. Richard Wilcock, was best man. After the ceremony a dainty wedding repast was served. Only immediate relatives were present, those from this locality being Mrs. Wilcook, Mr. R. and Miss Annie Wilcock, Mr. R. J. and Miss Hemphill. The bride's travelling suit was of navy blue panama cloth with toque to match. She was the recipient of a large number of beautiful wedding presents. Four of One Family Pass Away-Last Daughter New III. A Toronto clergyman tells of a family in his congregation, which consisted of the mother and five children—the father being dead—four of whom in a few years have fallen victims to consumption and died. And now the fifth, a daughter, who is employed in the office of a wholesaler, and who has been the one source of support to the mother, is obliged to leave her work realizing that she also mainly, it is believed, as a result of nursing her brothers and sisters—has contracted this dread disease. Kind friends are interesting themselves in the case, but the diffi-

The National Sanitarium Association, already carrying a heavy debt, are not able to furnish the new building so generously placed at their disposal, and are appealing to citizens generally the Dominion over for \$10,000 for this purpose.

It does not need the suggestion that this is the most pressing of all charities at this time, for the public are fully awakened to the widespread character of consumption, and also to the fact, as demonstrated by the best medical authorimonstrated by the best medical authorities, that when this discase is taken hold of in its early stages it, as much as any other disease, is curable. The new hospi-tal, just so soon as the money is raised to complete the furnishings, will be ready to receive fifty patients, free of charge-even their railway fare will not be a tax
