KIMBERLEY HAPPENINGS
(By our own Correspondent.)

An epidemic of measles is prevalent in this vicinity.

Mr. Geo. Proctor & Co. are busily engaged these days lathing and plastering a house for a Mr. Bennington near Maxwell.

Mr. Melvin Harris has gone to Toronto Junction where he will spend the summer months at his trade as a carpenter.

Messrs. Arthur Longhead and Ray Fawcett, of Heathcote, spent Sunday evening with friends here.

Rev. T. R. White, of Severn Bridge, a former pastor of the Kimberley Methodist Church, renewed old acquaintance here on Thursday of the past week. His many friends were much pleased to see him.

Miss Gillespie, of Craigleath, was the guest of her brother, Mr. John Gillespie, during the past week.

Mr. and Mrs. Herbert Fawcett and baby, Hazel, of Collingwood, spent Saturday evening and Sunday at the former's parental home.

Mr. Stanley Ferguson, principal of our school, is on the sick list at present; hope to hear of his speedy recovery.

Mr. G. E. Pentland, B. A., M. A., a former principal of our school, is now principal of the High School at Medicine Hat. We offer congratulations.

The main street of our village is in a most deplorable condition, in fact we scarcely know of any piece of roadway in a worse condition. We hope that the township fathers will see their way clear to repair it ere long.

Mr. W. S. Bishop, our sawmill man, is on the sick list these days with an attack of La Grippe; hope to hear of his speedy recovery.

Married—At the residence of Mr. and Mrs. Leonard Latimer, Eugenia, by the Rev. T. R. White, of Severn Bridge, on April 4th, Mr. Hugh R. Hammond, of Kimberley, to Miss Abbie McMillan, of Flesherton. We extend our warmest congratulations.

The Kimberley Shamrock Football Club held their annual meeting at the Travellers' Home on Saturday night last and again decided to place a football team in the field this season. Most of the old players will be available with the exception of W. Gilbert, one of the star players of the forward line, who is now in Sask. The following is the list of officers for the ensuing year: Pres., Chas. E. Stuart; Vice-Pres., Joseph H. Caruthers; Capt., John Lawrence; Sec.-Treas., Jasper Stuart; Com., Fred Hutchinson, Leslie Lawrence, Will Rear, Jasper Gilbert and Harry Thompson; Referee Geo. Cairns; Medicine man, Earnest Proctor, M. D.; Auditors, Fred Stuart and Robt. Lawrence. The Secretary is now ready to receive challenges from any of the neighboring clubs, in fact from any club in the known world.

BEAVERDALE

We are again getting near seeding, though the weather is pretty cold around here at present.

Messrs. Brett and Woods had two successful wood bees last week and entertained the young people to a hop in the evening, all report having spent a very enjoyable time at both places.

Miss Maggie Hodgkinson, of Thornbury, is up keeping house for her brothers at present. We are pleased to have her back in this vicinity again.

Miss Kinrads Boyle is engaged at Mr. Baris this spring.

Messrs. Thos. and Alfred Hodgkinson have been busy getting their machinery home from Thornbury.

EAST MOUNTAIN

Mr. John O'Brien and son, James T., left on Tuesday of last week for Yellowknife, Saskatchewan.

The many friends of Mrs. James Fawcett, sr., were very much grieved to hear of her death, which occurred near Dundalk on Tuesday last week.

Mr. and Mrs. Geo. Harbottle left this week for their new home at Lady Bank. The place vacated by them will be occupied by Mr. and Mrs. G. Harbottle, of Dorby. We extend a hearty welcome to the latter.

Misses Mary and Alma Humberstone left on Monday last, the former to resume her school duties at Dundalk and the latter to attend Warton High School.

Mr. Herman Smith left on Monday last for Edmonton, Alberta. Mr. Stanley Smith accompanied him.

We are sorry to learn that Mr. Edw. O'Brien had been ill of late but hope to hear of his speedy recovery.

Who would live on a farm, away from the bustle and hurry of the town or city? An eight mile walk in the mud and rain, with a fur overcoat on, and a well-laded large sized valise under your arm, on a pitch dark night, in order to catch the train and then miss it, gives one a slight taste of country life as was experienced by one of our popular "men behind the plough" one night recently.

Rheumatism

On common fences the continuous wire stays are used to bend and the locks to lock their grip under continual pressure of your horses or cattle. And once they do, the top wire, soon followed by the others below, will sag and destroy the efficiency of your fence.

Nothing like that can happen to our Dillon Hinge-Stay Fence. The short, stiff hard steel wire in our hinge-stays cannot bend when the lateral wires are weighted down, owing to their being so short and jointed at each strand wire.

The top wire brings the "hinges" in the stays into action when pressure is relieved the fence springs back into place again.

The lateral wires in our High-Carbon Hard Steel and cold rolled provide for expansion and contraction of heat and cold, and are also crimped at the intersection of the stays and strands to prevent the stays from slipping sideways—therefore no locks are needed.

Buy the Dillon Hinge-Stay Fence. It's "twice as strong." Twice as good an investment. Catalogue free.
