Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both and important, both essential. Dr. Shoop's Wight Cure is the Local.

Dr. Shoop's Restorative, the Constitutional.

The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Kestorative reaches throughout the antire system, seeking the repair of all nerve, all tissue, and all blood ailments.

The "Night Cure" as its name implies, does its work while you sleef. It soothes sore and inflamed discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, bullds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well.

TRAVERSTON

Most of the husbandmen, hereabout, began to harvest the oat crop Monday. Miss M. Pritchard, of Vandeleur, was over to Zion's garden party and was the guest of Miss Myrtle Hunt the rest of the week.

Mr. Cameron McIntosh is the guest of his uncle and aunt, Mr. and Mrs. John Greenwood:

There has been a lively time among the berry bushes the past week-s picker for nearly every bush.

Lightning struck the barn of Mr. W L. Falkingham on Friday last, splintered a board or two and started a smouldering fire in the hay mow which his son, Willie, detected and with quick presence of mind soon put it out with a pail of water. W. L. was fixing wire fence some distance away and

received quite a shock. The garden party at the home of Mr. and Mrs. Thos. E Blair on Wednesday evening of last week was the greatest success in the history of the church. The proceeds amounted to over \$75. The evening was cool, but calm and clear. The grounds were brilliantly lit up and a big crowd of happy folk present. There were eatables enough to give double suppers to all and most of the crowd took advantage of the offer. The booth did a busy trade under the care of Messrs. Will Jack and Earnie Cook. The program was bright throughout, solos being given by Mr. Midford, of Durbam, and Mr. Jackson, of Brampton; Manufacturer

of the Jackson organ. Duets were rendered by Misses Olive Cook and Stella Jack; Miss F. Hunt and Master Percy and Ena McNally and Jennie Cook. Rev. Mr. Jamieson made a clever chairman. Rev. Wray R. Smith of Arthur, gave a most witty address, full of fun and happy expressions Miss Stella Jack's recitation was a good un. The musical duet by Mrs. John Greenwood and Mr. Thos. E. Blair was

Flesherton on Sunday last Success will be the exception rather than the rule. The devices which Mr. Wright is to hand out are to have painted on

them the name (if any) chosen for the farm, the name of the owner and the post office address. While the idea is not a new one, in fact has been advocated on the platform and in the press for fully a decade past, it has never "caught on," to use an expressive slang phrase Mr. Wright has taken a tactful, original way of introducing cannot be doubted that this method will prove quite as effective as it is

towns and cities—and who can say nay?—there is ample justification for their use in the rural districts, where they might fittingly be supplemented with mile posts and concession numbers. Not only would they prove of service to the farmers themselves, for every husbandman on occasions takes 🔌 drives on country roads with which he is not altogether familiar, but they would be very helpful to the stranger from town and city, who is hampered by frequent stops to ask directions and often times feels that he is an annoyance to the ones interrogated. particularly when the questioning is done after nightfall. To the individual the purchasing of these sign boards and placing them in position can entail but a small outlay of expense and trouble; therefore no one should hesitate to Misses Vera and Velma Wiggins, of give the idea a trial. Mr. A. A. Wright, M. P., South Renfrew, has decided to offer signs for farm gates as prizes at the Renfrew Fair. His example might well be followed by some of our own local worthies, in connection with Kemptville Fall Exhibition. | Selecting the townships of MacNabb, Horton and Admaston as the leading and representative agricultural communities of South Renfrew, Mr. Wright proposes to allot tour of the signs to each township, and to have superiority in bread

decide their disposition. Mr. Wright in fixing the article for competition for his novel premiums shows both an appreciation of the importance of good bread in the home and the influence which women wield. He also places a proper estimate upon the power of example, because entertaining the belief that four farm signs placed in each township will act as a germ and grow in number until soon the farm gate bearing no distinguishing label
