FRENCH STEAMERS FOR CANADA

General Transatlantic Co. to Inaugurate New Route.

Montreal, Sept. 17.—The General Transatlantic Co. is to inaugurate a new route to Europe by way of the Mediterranean and the Red Sea. The company, which is a subsidiary of the Canadian National Railway, has secured a contract with the French government to operate a line of steamships between Montreal and Marseilles. The line will be operated by the French company, Messageries Maritimes, and will consist of three steamships, each of 10,000 tons. The route will be inaugurated in the month of October.

NO MORE ACETYLENE.

Grand Truck Officials Issue Circular Prohibiting Its Handling. A despatch from Toronto says: Grand Truck Officials have issued a circular prohibiting the handling of acetylene gas. The circular states that acetylene gas is highly explosive and that its use is dangerous. It is recommended that all acetylene gas be handled in accordance with the following instructions: 1. Acetylene gas should be handled in accordance with the instructions of the manufacturer. 2. Acetylene gas should be handled in a well-ventilated area. 3. Acetylene gas should be handled in a safe container. 4. Acetylene gas should be handled in a safe manner.

WORKING IN THE NORTH.

Ontario, Sept. 17.—The Ontario government has issued a circular prohibiting the handling of acetylene gas. The circular states that acetylene gas is highly explosive and that its use is dangerous. It is recommended that all acetylene gas be handled in accordance with the following instructions: 1. Acetylene gas should be handled in accordance with the instructions of the manufacturer. 2. Acetylene gas should be handled in a well-ventilated area. 3. Acetylene gas should be handled in a safe container. 4. Acetylene gas should be handled in a safe manner.

KILLED IN SUNDAY CAROUSEL.

St. John, N.R., Sept. 17.—A despatch from St. John, N.R., says: A shooting state of affairs was revealed Tuesday by an inquest into the death of a young man, who was killed in a Sunday carousal. The inquest was held at the residence of the deceased, who was a well-known local sportsman. The cause of death was found to be a gunshot wound to the chest. The shooting was held at a public house and was attended by a large number of people. The deceased was a well-known local sportsman and was a member of the local sports club.

POPULATION GROWS SLOWLY.

Ontario Had 40,511 More People in 1906 Than in 1905. A despatch from Toronto says: Comparative statistics from the Ontario Bureau of Statistics show that the population of Ontario increased by 40,511 in the year 1906. The population of Ontario in 1906 was 1,211,771, compared with 1,171,260 in 1905. The increase in population was due to a combination of factors, including a decrease in the death rate and an increase in the birth rate. The population of Ontario is growing at a steady rate and is expected to continue to grow in the future.

BIGGER TURBINE STEAMER.

Ship Builders Already at Work on New Boat for White Star. A despatch from Belfast says: The White Star Line has ordered a new turbine steamer, which will be the largest of its kind. The ship will be built by the Harland and Wolff shipyard and will be named the 'White Star'. The ship will be a turbine steamer and will have a displacement of 10,000 tons. It will be the largest turbine steamer ever built and will be a major achievement for the White Star Line.

INDIANS NOW EXCITED.

Clamor for Protection From British Government. A despatch from London says: The Indian population in the Northwest Territories is becoming increasingly excited. The Indians are demanding protection from the British government and are threatening to take action. The British government has promised to provide protection for the Indians and has agreed to meet their demands. The Indians are now satisfied and the situation is calm.
