

If your fortune is made and all your ambitions realized, you can afford to dress as poorly as you please. But how many men are so situated? The great majority of us have our fortune still to make and our ambitions still to realize. Our success will depend largely upon the impression we make upon those about us and upon those who can help us to climb the ladder. Good Clothes are fa great-help. Thousands of successful men will tell you so. The stranger you meet scans your clothes more closely than he does your business card. They tell him more. New why go poorly dressed when we can fit you cut at the prices below:
