Simple Home Recipe.

Get from any prescription pharmacist the following: Fluid Extract Dandelion, one-half ounce; Compound Kargon, one ounce; Compound Srup Sarsaparilla, three ounces. Shake well in a bottle and take a teaspoonful dose after each meal and at bedtime.

The above is considered by an eminent authority, who writes in a New York daily paper, as the finest prescription ever written to relieve Backache, Kidney Trouble, Weak Bladder and all forms of Urinary difficulties. This mixture acts promptly on the eliminative tissues of the Kidneys, enabling them to filter and strain the uric acid and other waste matter from the blood which causes Rheumatism. Some persons who suffer with the affections may not feel inclined to place much confidence in this simple mixture, yet those who have tried it say the results are simply surprising, the relief being effected without the slightest injury to the stomach or other organs. Mix some and give it a trial. It certainly comes highly recommended, it is the prescription of an eminent authority, whose entire reputation, it is said, was established by it.

A druggist here at home when asked stated that he could either supply the ingredients or mix the prescription for our readers, also recommends it as harmless.

How to Cure a Cold.

The question of how to cure a cold without unnecessary loss of time is one in which we are all more or less interested, for the quicker a cold is gotten rid of the less the danger of pneumonia, and other serious diseases. Mr. B. W. L. Hall, of Waverly, Va., has used Chamberlain's Cough Remedy for years and says: "I firmly believe Chamberlain's Cough Remedy to be absolutely the best preparation on the market for colds. I have recommended it to my friends and they all agree with me." For sale by R. L. Stephenson.

J. STEPHENSON, JEWELLER

PROTON STATION

(Intended for last week.) The temporary services of Knox Church were held on Sunday, when the pastor, Rev. G. C. Little, preached two very able sermons. His subject for the morning discourse was found in 2nd Kings 5: 11. He very vividly told the story of the life of Naaman, the chief man of Syria, who had all that he could desire in this world, yet he was a blot on his life because of his sin in that without Christ, no food will remove our sin as he received Naaman's leprosy, perhaps not in the way we wish, but in his own way, to which we must ever obey. Come to Christ and obey Him and He will save you, as He did the leprosy of Naaman. For his evening discourse the pastor chose Daniel 6: 27. "Caccart weighed in the balance and found wanting." He dwelt upon the writing upon the wall and pointed the picture of delectability which Balaazar and his friends were enjoying when warned by God. We are to make the most of the things which God's service and not waste it, especially showed us when we are necessary to give the children proper home training that they might start in life with proper ideas. We are to be careful and when we wish ourselves let it be in God's balance, not our own.

On Monday evening the usual tea-meeting was held, when after partaking of the feast of the many good things provided by the ladies the audience adjourned to the church to enjoy the program provided. The choir was taken by the pastor, after a personal address, called upon the Duet, a male quartette, who very ably supplied the music for the evening, for a selection. Then followed the recitation by the Revd. Ladies, of Euphrasia, and Matheson, of Protonville, which were very much appreciated by the audience. The recitation by Misses Saunders and Clarke were of a high order and were much enjoyed by those present. The proceeds for the evening amounted to nearly \$25.00.

The Misses Stewart, of Toronto, are visiting friends in this vicinity.

The other prizes are as follows: The second \$20, the third and fourth, \$10 each, the fifth and sixth \$5 each, and ten consolation prizes at \$2.00 each. SHERWIN PAINTS & VARNISHES

An appeal to the pride of the owner of a home. Everyone who owns a home is anxious that that home shall make the best appearance possible. Two things are necessary to produce satisfactory results in painting and varnishing a home:

First—A satisfactory color scheme. Second—Paints, varnishes, stains and enamels of such good quality that they not only give the exact effect required, but are sufficiently durable to keep up the attractive appearance of the house in spite of the wear and tear of living in it. These are offered by the Sherwin-Williams Paints and Varnishes. The Sherwin-Williams Co. not only make every kind of paint and varnish suitable for a house and the best quality of that kind, but they make suggestions for the selection of colors, varnishes, stains and enamels, so that any idea can be carried out, and carried out with the best materials.

ECZEMA

Skin Itches Intensely. Becomes Hard, Cracks, Bleeding Sores Develop. Pus is Discharged. The prevention of eczema is due in every case to the use of antiseptics and poisonous acids in the blood. These poisons come from fermentation of undigested food in the upper part of the lower bowels and from the blood. It is a waste of time to employ ointment or washes. No lasting benefit can be had from doctoring the skin when the cause lies in the blood. Rich, pure blood will bring new life to the skin—will surely restore beauty and richness of complexion. Ferruzone is the best treatment. It sets on the blood instantly, acts in the blood, purifying, healing, effect, neutralizes the acids, destroys the poisons—drives every humor from the blood. So rich and nourishing does Ferruzone make the blood so cool and healthy, that the sores are healed, eczema is soothed away—every trace of eczema poison removed. Ferruzone won't cure then nothing will—in all blood disorders its effect is instant—sure guaranteed. Try Ferruzone, thousands of letters will prove you too. In 50c boxes at all dealers.
