Two More Weeks.

Quite a number have already paid up their arrears on The STANDARD, for which we are thankful. The satisfaction of seeing their label read Dec. 6, instead of Dec. 3, or some more remote date, will doubtless do much to repay them for any sacrifice they have made in squaring up. Now, the time is fast flying, and if others desire to save money, you will need to get a move on. Of course we will not object to waiting two weeks in order to get the extra half dollar a year. See?

BAD SMASH-UP NEAR CHATSWORTH.

Another Wreck on This Line of the C.P.R.—Seventeen Freight Cars Smashed.—Broken Rail the Cause of Wreck.—No One Injured.

Another wreck on the Owen Sound branch of the C.P.R., but which was attended without any loss of life, took place early Saturday morning. As the result of the run-off seventeen freight cars were piled in a tangled mass and lie alongside the track. The train, a special freight, in charge of Conductor Wm. Frazer and Engineer "Scotty" McCann, was made up of twenty-seven box cars, two empty and twenty-five loaded with general merchandise for Canadian western points. About a mile south of Chatsworth, running about twenty-five miles an hour, she struck a broken rail.

The locomotive and a couple of cars passed over safely, but the next seventeen left the track and piled up in the ditch. The loss in rolling stock and freight will reach probably \$50,000.

At the point where the accident happened the embankment is about fifteen feet high, so that the cars were thrown into every conceivable shape. The seventeen cars were jammed into little more than five car-lengths. Most of them are smashed beyond repair, two having been cleaned over and lay with their bottoms in the air and their roofs ripped off.

Another was smashed like a stick doubled into four pieces. Others were jammed together and crushed out of all likeness to cars. Freight of all description was strewn along the track. By good fortune no one was hurt. Indeed, it is said that none of the train men knew anything had happened until the air-brakes set and stopped the train.

The smash occurred at 5:40 a.m., when it was, of course, quite dark. Word was sent to Owen Sound at once, and within a short time a gang was on the spot, transferring the freight and preparing to clear the line. At a late hour Saturday afternoon the work was still going on. Passengers on the train being ways laid to be transferred. The line is now cleared.

The cause of the accident is said to be a broken rail, but many differing stories are told. It is known that this part of the track was being laid with heavier rails, and it is stated that the section gang had been working Friday at the point where the train ran off. At six o'clock, in order to knock off work promptly—which must be done unless, by special orders—the foreman let his men put in a "half rail" temporarily. It is said that he so informed the road master, who issued orders for all trains to run slowly over this weak place, but McFarlane coming along in the dark, did not know he was at the danger point until too late. Others assert that the half-rail had nothing to do with the smash. The true cause will be hard to find, as the track is torn up for a long distance and more than one rail is broken.

Tribute to Mr. Clayton.

The Canadian Shoe and Leather Journal of Toronto, a splendid monthly belonging to Mr. Fred Lippert, Jr., Walkerton, ran into a porcupine the other day and went back home like a pin-cushion. The dog had to be placed under chloroform while the quills were removed. Dr. Lippert's hound, which accompanied the Lippert dog, also fell in with the same porcupine and brought back the usual evidences of its visit. Its hide was previously punctured with quills.

The Epworth League of the Methodist church have seceded for their annual entertainment on Thanksgiving evening. Master Clarence Quarington, the boy soprano of Toronto, who delighted a Markdale audience at the Methodist organ recital last February, they also secured Miss Wellington, soubrette, of Brighton, Ont.; also a high class soprano. These three together with other talent, will no doubt produce a first class entertainment. Don't forget the Thanksgiving evening, October 31.

Rural School Gardens.

In a circular just issued the Education department announces that, where any rural School Board or village School Board provides and maintains a school garden, the teacher legally qualified for the work shall receive an allowance of \$30 a year.

Also, any School Boards desiring to start a forestry plot in their school garden may obtain a free supply of seedling trees from the Ontario Agricultural College.

In another circular, giving instruction concerning rural schools, it is

stated that in 1906, although \$3,000 was

voted for elementary agriculture and

horticulture, only \$1,245.50 was spent.

The sum of \$2,000 has been voted for this year.

Quinsy, Sprains and Swellings Cured.

"In November, 1901, I caught cold and had the quinsy. My throat was swollen so I could hardly breathe, I applied Chamberlain's Pain Balm, and

had the pain relieved in a short time. In

two days I was alright," says Mrs. L. Cousins, Otterburn, Mich. Chamberlain's Pain Balm is a liniment and is especially valuable for sprains and swellings. For sale by R. L. Stephen.

PERSONAL MENTION

Mr. Maher returned Monday from a trip up North.

Mrs. C. W. Rutledge is visiting her parents at Seaford.

Master Fred Chard is visiting with his aunt, Mrs. H. Stone, of Ceylon.

Mrs. Stella Staples, of Ingersoll, is visiting in town, the guest of Miss Burnside.

Mrs. George Johnson, of Huntsville, is visiting her niece, Mrs. J. A. Eskine, in town.

Miss Pogue and Mr. Campbell, of Port Perry, visited in town this week, the guests of Mrs. Murdoch.

Mr. Wm. Guest, engineer, of Henderson, Maine, was a caller on

The STANDARD on Saturday.

Mrs. Judge, of San Francisco, (nee Miss Lois Campbell) is visiting her brother, Dr. Campbell, in town.

Mr. E. S. Rutledge, of Fort William, arrived Tuesday, and proceeded Wednesday on a business trip to Toronto, London, Ottawa and New York.

Last week Mrs. John Chard visited her brother, Mr. H. Holman, of Portage, who is still confined to the house owing to the injuries received in the Caldon wreck.

Miss Bamford, of Listowel, and Miss Clara Speers, visited Miss Dundas in town this week. This Wednesday Miss Speers and Miss Dundas left for Brandon, Man.

Mr. and Mrs. A. E. Richardson, of Long Beach, California, visited last week the former's brother, Mr. John Richardson, of the suburbs. Mr. Richardson left here forty-seven years ago, and after travelling extensively through the west, for some years, finally landed on the popular summer resort, "Long Beach," where he is at present living retired. While describing the "Sunny State," had the salubrious climate of the section, wherein he resides, Mr. Richardson waxed eloquent on the topic. From his residence, which overlooks the Pacific ocean, Mr. Richardson has seen people bathing in the ocean surf every day in the year. The hottest day he remembers was last January when the thermometer rose to 110 degrees. The lily and the rose bloom during the entire year, and Long Beach is the richest orange-growing territory in the world. Mr. Richardson has dabbled considerably in the real estate business, and Prosperity has followed in his pathway. He and Mrs. Richardson left on Tuesday for Chatsworth where they will visit relatives for a short time after which they will return to their Western home.

Church News.

Sacramental services were held in the Presbyterian Church on Sunday last.

Rev. Ivison Wilson will preach at both services in the Methodist church on Sunday next. Morning subject, "The Salt of the Earth." Evening subject, "The Mystery and Ministry of Conscience." Strangers and visitors always welcome.

Rev. W. J. Tribble, of Corbettton, occupied the pulpit in the Methodist Church on Sunday and preached able and inspiring sermons morning and evening. Rev. Mr. Wilson, the pastor, took Mr. Tribble's work at Corbettton, preaching anniversary sermons.

A foul supper will be held in
