

MRS. CHADWICK DIES IN JAIL LEADING MARKETS

Woman Who Borrowed a Million Dollars on Vague Securities.

A despatch from Columbus, Ohio, says: Mrs. Cassie L. Chadwick died at 15 on Thursday night in the State Hospital. She had been ill for some time, having been unattended by any physician. Mrs. Chadwick was sentenced March 28, 1905, to ten years in the state penitentiary. She was the wife of LeRoy Chadwick, a physician of Cleveland, who came into public notice in 1904, when he organized a chain of swindles to raise money. How much she got was never learned, but it went into the thousands. Her borrowings from the Lydaire National Bank, for which President LeRoy was judged, caused the failure of that bank. She was removed from the hospital.

Also for the indictment of Cashier J. B. Spear, of the First National Bank of Cincinnati, Ohio.

All of Mrs. Chadwick's borrowing was done in \$5,000,000 of bogus securities, which were supposed to be deposited in the Wade Park Bank of Chicago. Many prominent men were swindled by her, including being the head of many of her biggest schemes.

Mrs. Chadwick was born at Eastwood, near Woodstock, Ont., and first became notorious when under the name of Lydia De Vere, seventeen years ago, she committed numerous forgeries at Toledo, Ohio, and was sent to the same prison where she is now.

ENEXTING THE WIRELESS.

French Doctors Have Discovered New Use for Radium.

A despatch from Paris says: Two of the foremost physicians of Paris, Drs. Wickham and Degrais, have created a school at the Academy of Medicine to report on their discovery of a method of removing birthmarks by the application of radium. Such marks have hitherto been believed to be indelible. The new method has proved equally successful in cases of adults and children. Marks are effected by the simple application of a plane surface covered with a varnish containing radium. The action is regulated by the length and frequency of the applications, which are absolutely painless. The treatment may be applied to an infant during sleep. The doctors add that the birthmarks most easily cured are those which are most highly colored.

MAILED BOMBS AFTER WARNING.

May Confessed that Lack of Money Was the Cause.

A despatch from Denver, Colorado, says: Kemp N. Bigelow, arrested on Tuesday for sending incendiary machine through the mails to Governor Buehler, David B. Mauffield and C. E. Kountz, confessed on Wednesday that lack of money was the impelling motive of his acts. He said he had conceived the idea of sending a bomb while after warning the officials in his home that he would probably become a hero and reap financial rewards from the wealthy men whom he had saved. He detailed a trip to Eldorado, where he secured the dynamite, and said that he constructed the bombs Sunday and mailed them. He planted 51 sticks of dynamite in the rear of Edward Chase's residence, and then notified the police that he overheard two men plotting to blow up the place and kill Buehler, Mauffield and Kountz.
