

## Flesherton Happenings

### KICKED BY A HORSE.

Mr. James White, in charge of the McTavish livery, sustained a bad fracture of the leg below the knee on Wednesday of last week, when kicked by one of the horses in the stable. Dr. Carter reduced the fracture.

### FURNACE GAVE OUT.

The hot water furnace in the Manshaw House gave out last week, an unpleasant experience for the family and guests in the midst of the severe cold snap. Heating by stoves had to be resorted to again until repairs were made.

### ARTEMESIA AUDIT.

Artemesia township auditors for 1907 presented their report to the Council on Saturday last and from it we gather the following interesting figures:

Receipts—Cash on hand Jan. 1, 1907, \$4,025.41; taxes, \$19,005.36; fines, \$1,071; loans, \$2,500; miscellaneous, \$3,167.72; total, \$28,704.99.

Expenditure—Salaries, etc., \$1,070.21; stationery and printing, \$210.89; law costs, \$35.50; roads and bridges, \$1,102.59;

school purposes, \$10,046.48; charity, \$7.93; County rate, \$2,350.76; Board of Health, \$50.00; coupons and debentures, \$745.58; loans, \$2,547.60; election expenses, \$72.00; miscellaneous, \$444.43; Flesherton police trustees, \$1,923; balance of cash on hand, \$3,536.82.

Over \$1,800 more of taxes were collected than in the previous year, which appears to be due mostly to increased expenditure on roads and bridges and for school purposes.

The Auditors report the assets of the township to be \$7,847.14 and the liabilities, mostly for debentures, outstanding, \$13,062.28. In the police villages of Flesherton and Pricerville the receipts and expenditures were as follows:

Flesherton—Receipts, \$3,895.55; expenditure, mostly for new cement sidewalks, \$533.49; proportion of general township expenses, \$273.51;

balance of cash on hand, \$286.89.

Pricerville—Receipts, \$397.43; expenditure on streets, \$10.55; proportion of general township expenses, \$85.10; balance of cash on hand, \$73.28.

### DEATH OF MISS ALICE HIND.

The Winnipeg Free Press of January 31st, contains the following obituary of lady well known here and held in high esteem by her numerous friends:

The death of Miss Alice A. Hind, of Osborne street, aunt of Miss Ella Cora Hind, commercial editor of the Free Press, occurred this morning. For the past two years Miss Hind has been an invalid, but her final illness was of less than two days duration. Miss Hind was born in Pittsburgh 69 years ago and was brought to Toronto by her parents when only a baby in arms. When quite a young woman she assumed the responsibility of taking charge of her brother's orphan children, and to them she devoted her life. They moved to a farm near Flesherton, Ontario, remaining there and in Flesherton village until 1882, in which year Miss Hind came to the West, accompanied by her niece, Miss Cora Hind.

She was a woman of beautiful character, and while of a retiring disposition was greatly beloved by

### BIG FIRE AT LETCHFORD.

Half Dozen Big Buildings Burned.

—Loss \$100,000.

New Liskeard, Feb. 10.—A serious fire broke out last night at Latchford, causing an estimated loss of \$100,000. The King Edward Hotel was damaged to the extent of \$20,000, with \$10,000 insurance. Armstrong & Kingston are the proprietors. A. Tuck, barber, loss \$600, insurance \$400; Alexandra Hall, no insurance, loss \$10,000; Empire Lumber Co. store, loss \$20,000, insured.

The post office, assay office, and other buildings are reported a total loss, but the wires are down and information is incomplete.

### PROMPTLY PARDONED.

Though I may not have the power to draw an angel from the skies, I have pinned one to the earth," said a quick-witted man undismayed by the discovery that he was standing on a lady's train.

### NEGLECTED COLDS THREATEN LIFE.

(From the Chicago Tribune.) "Don't trifle with a cold," is a good advice for prudent men and women. It may be vital in the case of a child. Proper food, good ventilation, and dry, warm clothing are the proper safeguards against colds. If they are maintained through the changeable weather of autumn, winter and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established ripe cold is to the germs of diphtheria what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold." Whether it is a child or adult, the cold, slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immense sale of this preparation has been attained by its remarkable cures of this ailment. A cold never results in pneumonia when it is given. For sale by R. L. Stephen.

### TO THE PUBLIC.

Ladies and Gentlemen: Having purchased the general mercantile store of Mr. G. F. McDonald at Eugenia and taken possession, I now extend a cordial invitation for a share of public patronage. Having supplemented my stock with fresh goods in all lines needed such, and with the purpose of keeping a well selected stock of fresh goods, I hope to merit a liberal support. I have also a fresh stock of Oats, Flour and Feed, and am prepared to pay the highest market price for Butter and Eggs, and all other trade. Special bargains will be given in many lines of the old stock. Come in and see us and be convinced.

## Should Grow More Wheat.

Ask our millers about the outlook for Ontario wheat, and they say that the future promises a steadily increasing market and higher. Ask our farmers, and some of them put on a long face and say there is no money in Ontario wheat.

These men are about fifty years behind the times. They have never heard about such "new fangled things" as blended flours. They use Western hard patent flour. The scientific farmer knows all about Western flour. He knows, to his sorrow, that it was the coming of Manitoba wheat that sent down the price of Ontario wheat. He knows, too, that it is because the average farmer uses Western wheat flour that the price of Ontario wheat has been kept so low. This modern farmer grows Ontario wheat, for which he receives a fair price. With this money he buys blended flour, which contains Ontario wheat and a little Manitoba wheat to add strength. Thus he spends his money for the products of his own farm. He makes profit on his wheat, and keeps his money here at home. The farmer who uses "Western patent flour" is making rich the wheat growers of Manitoba and Alberta.

All this aside, however, there is a healthy demand for Ontario wheat. The blended flours are meeting with the most gratifying success. The sales for each month, as reported by the leading mills, show a big increase over the corresponding month of the previous year. This increased demand for blended flour means an increased demand for Ontario wheat.

Uxbridge market is trying to keep the boys on the farm with \$1.00 per bushel for wheat, and 80c. for barley.

Durham Presbyterians are to buy a pipe organ with the \$200 received for the church property expropriated by the new C.P.R. line.

Middlesex County is the home of 200 Barnardo boys, all of whom

inspector J. H. Rogers finds to be doing well, and being well done by.

Buttville boasts that it is the home of a "Coon Club," a "Bole Society," "Bowling Alley," and other organizations too numerous to mention.

Chief Constable Carson, of Durham, has a walking stick carved out of the wood of the Beaver, wrecked in the Straits of St. Juan de Fuca in 1836.

Orillia Presbyterians worship in the opera house, pending the completion of interior decorations. Farmers who keep abreast of the times know about these blended flours, are using them, and are planting Ontario wheat for the advancing market.

Aurora Banner wants every farmer to place his name and the name of his farm on the road gate of his place.

"Snow fifteen feet on the level at Rogers' Pass, B. C.," is the report of Harry Price to the Walkeront Telescope.

Kincardine is the burial place of John Smith, aged 76, old resident who died in Detroit, where he had lived for some years.

Milton fire brigade is already designing two sheet posters, illustrative of the stories of its Bonman Day celebration.

A new iron and cement bridge is to be built over the river on the new side road on the second line of Grey, Huron Co.

Newspaper names a Ferguson man as having purchased a ticket for the Old Country, which is most unusual, as the natives almost invariably go over with cattle.

Veteran West Middlesex school teacher, Donald McBride, died aged 76, and was borne to his grave in the Hess Burying Ground, Caradoc, by six of his old pupils.

### EMINENT PHARMACISTS.

Everywhere Acknowledge the Superiority of Vinol.

If one person more than another should know the value of a medicine it is the retail pharmacist.

For this reason such testimony as the following should be convincing:

C. A. Patterson, the leading druggist of Charleston, W. Va., writes: "I have used Vinol for every member of my family, and have never been disappointed in the results. It is a pleasure to sell a remedy that gives such universal satisfaction."

Mr. Chas. E. Rogers, Druggist, of Elkhorn, Ky., writes: "I consider Vinol one of the best remedies in my store, and sell more of it than any one medicine. I have also used Vinol in my family with excellent results."

Mr. J. F. Bradley, of New Brunswick, N.J., writes: "It is a pleasure to recommend the cod liver preparation, Vinol, as it gives such splendid satisfaction. As I have used it in my family, I can recommend it."

The reason Vinol is so far superior to old-fashioned cod liver oil emulsions is that it contains all the medicinal body-building elements of cod liver oil, actually taken from fresh cod's livers with all the useless oil eliminated and powdered iron added.

As a body-builder and strength creator for old people, weak women and delicate children, after sickness and for all pulmonary troubles, Vinol is recommended by over 5000 of the leading druggists of the United States. Your money back if it fails to cure. W. Turner & Co., Markdale.

**A Prized Cough Cure**

I have not been without a bottle of Coltsfoot Expectorant in the house for over nine years. At that time I procured it for a bad cold I had. It worked such wonders then that it has been a household remedy ever since, and we will have no other for coughs and colds—it is so pleasant to take, and all my children look for it as soon as they get a cold at all. Nearly all of them have been subject to croup, and that's when I find Coltsfoot Expectorant useful. You are welcome to use this testimental as you wish.

MRS. LEWIS NIGHT.
