The First Wire Fence Company, of Hamilton, held its fourth annual convention last week, which was the most successful of the four held by them. By his means the agents from various parts of the country are brought together, get personally acquainted with the head of the firm, visit the factory and witness the interesting process of manufacture, rub up against each other and exchange ideas and enjoy the hospitalities of the company at banquet, theatre and in other ways for a couple of days. This company has experienced great success during its ten years existence, and in this way greatly stimulate the efforts of its agents in behalf of the Company.

The Standard is issued a day late this week and our friends in town are inquiring the reason. The whole blame is attached to our gasoline engine, which balked on Tuesday and Wednesday, and abjectly refused to perform our duties. With the assistance of our gasoline engine expert, Mr. J. W. Ford, this uncertain quantity is again in running order, and the Standard is being issued this Thursday afternoon. To our outside subscribers this delay will not be noticed, as the little bluster of Wednesday put the C.P.R. out of business and no trains are running; consequently the mails are also tied up.

The Wingham Advance entered last week upon its eleventh year under the proprietorship of Mr. Theo. Hall, formerly of this place. The steady and material improvement from year to year in that paper since he took hold of it is certainly commendable. His many friends hereabout will be glad to know of Mr. Hall's success.

Mr. John Cameron, the venerable treasurer of the Township of Holland, was 80 years old on Tuesday. His family, some of whom reside in the townships of Holland and Sullivan, celebrated the event by giving an oyster supper at his home, Fair View Farm, Holland. Mr. Cameron is hale and hearty and very active for a man of his years, and his many friends wish him many happy returns of the day.—Chatsworth News.

A large number of young people assembled at the home of Mrs. Morrow, sr., Beeton, on Wednesday evening for the purpose of tendering a surprise to Miss Nellie Morrow, a popular young lady of Beeton, who is shortly to become a bride. The evening was pleasantly spent in the playing of games and in the merry dance. An interesting feature of the night's enjoyment was the presentation to Miss Morrow of a handsome hall rack by her young friends.—Beeton World.

Because of the snow blockade, an unusual incident occurred in connection with a funeral near Allandale on Sunday, the pallbearers going to the grave on snowshoes and drawing the casket on a toboggan. While on the way to the Union Cemetery at Barrie the funeral procession found the roads impassable when they had reached the Roman Catholic Cemetery. Taking the casket from the hearse, they put it on a toboggan, strapped on their snowshoes, and drew the toboggan to the grave. Interment took place while the mourners stood about on their snowshoes, and muffled up in their great coats.

W. T. Rundle was preparing to ship some sheep to Toronto Tuesday, and a ram which was going was allowed its liberty for awhile on Main street. He was in ugly humor and saw his chance to make trouble. Isabelle, the five-year-old daughter of Mr. T. D. Macintyre, was going along by Rundle's corner, when the ram attacked her. She got three solid bumps before being rescued and it was a fortunate thing for her that help was near. She was hurt some and scared considerably, but will be all right in a day or two. Isabelle doesn't care for butter in that form, and was glad to hear it was shipped away for Toronto people to eat.—Dundalk Herald.

## BOY CRUSHED BY SLEIGH

And Died a Few Hours Later.—Sad Accident at Flesherston on Wednesday Last.

A death extremely sad occurred at the home of Mr. and Mrs. T. J. Sled, west of Flesherston, on Wednesday evening of last week, when their only child, Merle, a bright boy of six years, died about four hours after meeting with an accident there.

Mr. Sled and Mr. Emerson Wickens were driving through with loads of logs and the boy, who was in the village with his mother, running to his father's sleigh, fell in front of the one closely following, by which he was crushed in the body before the team could be stopped. After being carried to the office of Dr. Bibby, who found that severe internal injuries had been received, he was taken home and remained conscious till a few moments before he died. The funeral took place at Flesherston Public Cemetery on Saturday afternoon, when a large and impressive service was conducted in the Methodist church by Rev. Dr. Caldwell.

At the service a class of little girls sang "Bring Them In," and "Jesus Wants Me for a Sunbeam," which the little fellow sang at his home the day of his death, was sweetly sung by little Miss Irene Wilson. Mrs. Sled, nee of Lajord, Sask., Mr. W. Sled, of Glenhurst, Mr. Geo. Sled, Mr. D. Vance, and Mr. W. Davis, of Nottawa, attended the funeral; Mr. Ed. Hewson, of Allandale, got snowbound on the C. P. R. and did not reach here till Sunday. The grief-stricken parents have the sincere sympathy of the entire community.—Flesherston cor.

A genial Scotsman, who annually sends out from Dundee a congratulatory verse to his friends on New Year's Day, puts his kindly wishes as follows this year:  
Let nae blirtin' blast'er blicht us,  
Let nae fractions fash'er fricht us,  
Let the little lilt'ie lilt'ie us,  
An' keep us frauch.  
O'er a' the heichs an' lochs that plicht us,  
In Nineteen Auch!

A dog attacked a man while walking down street in Wingham the other day, tearing his coat and putting teeth into his arm. Does it not appear unreasonable that dogs should be allowed to run at large while horses, cattle, sheep and hogs are denied their freedom. Who ever heard of a cow biting a man, or a sheep worrying a pedestrian?

The regular meeting of Christ church Literary Society took place on Monday evening at the residence of Mr. Chapman. It was one of the most pleasant of the many gatherings held by the society. The programme consisted of readings from Canadian Authors, also several musical numbers. The next meeting will be held on Monday, March 2nd, at the residence of Dr. Sproule.

Mr. Orrie Taylor, of Massie, met with a painful accident on Monday of last week, in which he was severely burned about the head and face. Mr. Taylor was filling a journal for shaft with rabbit, and when pouring the hot metal, it exploded, and he received the full discharge of the molten mass in his face, eyes and head. Mr. Taylor will be confined to the house for some time. His physician informs us that his eyesight will not be injured.—Chatsworth News.

## Pleasing Social Evening.

On Tuesday evening the Methodist Church in this place was the scene of a most successful social gathering. The bright and spacious school room, so well adapted in its appointments for an occasion of this kind, was especially decorated, while the tastefully arranged and daintily-set tables created a very marked festive atmosphere, and lent to the scene an air of sumptuousity and hospitality not often realized on an occasion of the kind. The menu was of a very superior order and every effort was made by those in charge of the tables to fully and promptly supply the wants of all. The most geniality and sociality prevailed and were everywhere in abundant evidence.

It was a splendid audience that assembled in the auditorium to enjoy the music and addresses. Rev. Ivison Wilson, pastor of the church, presided in the unavoidable absence of Dr. Sproule, M.P. The musical part of the program consisted of two splendidly rendered choruses by a number of young men; a duet, very sweetly sung by Misses May and Della Watson; and a pleasing and well-executed quartette by Mrs. C. E. Armstrong, Miss Maud Bowers, and Messrs. Bamsley and Weber. Miss Leonie Mathews was the efficient accompanist. Short, but timely and very much appreciated addresses on Pioneer Life, were delivered by Messrs. C. W. Rutledge, James Morwood and John Lyons. Rev. Alexander Shepherd spoke with characteristic ability on "Heroes and Heroines," and Rev. J. C. Wilson in a few well-chosen utterances dwelt on the responsibility resting upon the present generation to measure up to the opportunities bequeathed by the sterling and God-fearing men and women of by-gone days. Total proceeds amounted to \$84.00, but the financial returns are, no doubt, immensely supplemented by the added impetus given to the social life of the congregation and community.

## McCutcheon-Morrow.

A quiet but pretty wedding ceremony was solemnized at the home of Mrs. M. Morrow, Beeton, Wednesday afternoon, when her eldest daughter, Miss Eleanor M., was united in matrimony to Mr. William O. McCutcheon, of Beeton. Promptly at half after two o'clock the bride, gowned becomingly in a dress of cream silk voile trimmed with applique and silk ribbon, entered the parlor leaning on the arm of her mother, Mr. D. S. Morrow, while Mendelssohn's wedding march was being played by Mrs. D. S. Morrow, sister-in-law of the bride. The nuptial knot was tied by Rev. P. Nicol, pastor of the Presbyterian congregation, in the presence of a few near relatives of the contracting parties. The ceremony was followed by the serving of a sumptuous wedding breakfast after which the newly married couple left, amidst showers of good wishes for their future happiness, for Toronto and other places, where they will spend a short honeymoon. The bride was the recipient of many beautiful and costly presents, which showed the high esteem in which she is held. Her going-away dress was a lace waist and very blue broadcloth skirt. On their return Mr. and Mrs. McCutcheon will take up their abode in Beeton, where both are well known by a large circle of friends who will join in wishing them a long and prosperous wedded life.—Beeton World.

## The Good Roads Agitation.

It is to be hoped that the good roads agitation will spread until it reaches the County of Grey. Apparently some people are under the delusion that bad roads are a necessity of our mortal existence, and it is useless to interfere with the ways of Divine Providence. We are of the opinion that Providence is calling attention to the appliances to make our public highways not only passable but suitable for all kinds of traffic at all seasons of the year. Those who have seen the work of the Modern Snow Plow as used in Markdale will perceive there is as much difference between it and the old plow as between a flail and a modern steam threshor. For the convenience of Township Councils the snow plow is bought in Nova Scotia. Mr. Mars Armstrong intends purchasing a car load as soon as he can get sufficient orders, and we hope every township will possess one for next winter.
