The price is now mentioned at which the Niagara Power will be sold and is considered lower than was first estimated by the Hydro Electric Commission. That languid, lifeless feeling that comes with spring and early summer, can be quickly changed to a feeling of buoyancy and energy by the judicious use of Dr. Shoop's Restorative. The Restorative is a genuine tonic to tired rundown nerves, and but a few doses is needed to satisfy the user that Dr. Shoop's Restorative is actually reaching that tired spot. The indoor life of winter nearly always leads to sluggish bowels, and to sluggish circulation in general. The customary lack of exercise and outdoor air ties up the liver, stagnates the kidneys, and oft-times weakens the Heart's action. Use Dr. Shoop's Restorative a few weeks and all will be changed. A few days test will tell you that you are using the right remedy. You will easily and surely note the change from day to day. Sold by W. Turner & Co.

SPRING TIREDNESS CURED BY HARMLESS REMEDY.

Many are using it and Receiving Benefit From its Strengthening Power.

All winter long you worked hard This took lots of nerve force. It lasted so far, but now it's all gone and you feel half dead.

Somehow you must get new vitality and more nerve force. The water in your blood must be turned into strength and building material. Your fretful appetite must be braced up. Some new power must be imparted to your weak body.

This is just what happens in using Ferrozone, which is an instant blood maker, blood enricher and nerve builder.

Ferrozone not only creates keen appetite, it goes further, improves digestion and assimilation, so that every particle of food is converted into nerve and muscle fibres.

By building up new nerve force and making each organ do the work that nature expects of it, Ferrozone quickly increases your weight and instils a reserve of vigor into the system that defies weariness, exhaustion, spring debility or sickness of any kind.

To improve the enormous strengthening power of Ferrozone we quote the following letter from Mrs. Cecil P. Gourmally, well known in Middleville: "Last March I was very run down and thin. I had no appetite and scarcely felt like eating at all. My face was pallid and haggard and I had dark circles under my eyes. My weight was seven pounds under normal and day by day that awful spring weariness dragged me down. The change Ferrozone wrought was surprising. It must certainly contain wonderful building and strengthening properities because I gained strength, flesh and appetite from the day I started it. I speedily came back to vigorous buoyant health with Ferrozone and recommend it as the best medicine any person in weak health can take."

Ferrozone strengthens the weak, restores the anaemic, soothes the nervous, assists men, women and children to better health. Try it. 50c. per box or six for $2.50, at all dealers.
