HAYWARD'S FALLS.

The past week has been somewhat wet, making it backward for seeding.

Mr. Falkingham had Mr. Sharp and his men here from Durham a week ago repairing his barn, which was struck with lightning last summer. They are hustlers and nice fellows.

Mr. M. F. Cavey, house painter and decorator, is being kept busy. The following gentlemen have tested his ability as an up-to-date painter: Mr. Fallas, Durham; Mr. Joseph Atkinson, Mr. W. Weir and Mr. Ritchie near Durham. Mr. John Greenwood, Eborvale, and Mr. James Hastie, Traverston. All are well pleased with the work done. He goes to Markdale this week to commence a job for Mr. Reed.

Big fish stories are so common these days that I guess we won't say anything, but it's hard to keep from telling our experience.

There is a real wig-wag near here, but no Indians.

DON'T NEGLECT YOUR COUGH

You may dislike taking medicine - but coughs are best cured without medicine. The modern treatment is Catarrhzone - it isn't a drug - it's a healing vapor, full of pine essences and healing balsams. It spreads over the surfaces that are weary and sore from coughing. Every spot that's congested is healed, irritation is soothed away, phlegm and secretions are cleaned out, and all symptoms of cold and catarrh are cured. Nothing so quick, so sure, so pleasant as Catarrhzone. In 25c. and \$1.00 sizes at all dealers.

Lost - On Sunday, the 10th, a locket and chain. Finder will please leave at this office.

Mr. Thos. Mercer wishes us to inform the farming public that his new importation of horses are now ready for service. With one exception, Golden Luck, Mr. Mercer will keep all his horses for service at his own stable this year.

A novel proposition is put forth by Wisconsin manufacturers of Print paper which if adopted, will, it is said, revolutionize the print paper industry of the country and the newspaper industry as well. They propose that newspapers in the future be printed in white on black paper instead of black on white. Black paper can be made of old newspapers and almost any fibrous stock, while white paper requires spruce and hemlock wood which woods are disappearing quickly in the United States.

Inspector Campbell's Success

We inadvertently omitted last week to congratulate Inspector Campbell on his success in passing a very creditable examination in Honor Philosophy and Senior Political Science. About four or five years ago he decided to pursue his studies and add a few letters to his name. For one year of that time he was off through illness, but on every occasion when he tried an examination he was eminently successful. He is taking an extra-mural course, at Queen's University, and with no one to help him over the difficulties of climbing the educational ladder he is fighting his way alone, and fighting it with marked success. In the subject of Political Science, it is an unusual thing for anyone outside the college walls to take an honor standing, but Mr. Campbell has broken the usual record and not only passes with honors, but stands third on the honor list. This is only another instance of how a man can rise in the educational world if he makes up his mind to do so. Mr. Campbell is a plodder, but a plodder with ability, and the word "failure" isn't found in his dictionary. He expects to complete his course during the present year, and will then be able to sign his name with a B. A. after it. - Durham Chronicle.

ANY WEAKNESS IN YOUR BACK?

Sometimes you experience pain and weakness without much suffering. Later on the pain will surely come. The trouble can be stopped now by rubbing on Nerviline - rub it in deeply over the spine, and then put on a Nerviline Porous Plaster. In these remedies you will find wonderful and quick relief. They will spare you from an attack of Lumbago, which is the outcome of neglected pain in the back or side. For all muscular pains, strains, and weakness, Polson's and Nerviline Plasters have no equal. Refuse substitutes.
