SAD DROWNING FATALITY

Boat Drifts Over Milldam at Walkerton and Three Persons Are Drowned.

A fatal drowning accident occurred at Walkerton Saturday night, whereby two young ladies, Misses Bertha and Gertrude Obrecht aged respectively 20 and 21 years, and Fred Clark aged 21 years, were swept over a milldam at Walkerton on the Saugen river and drowned. Simeon Smith was almost a fourth victim of the accident. The quartet had gone out Saturday evening intending to row across the mill pond. It was an ideal evening and the boat was allowed to drift down the river none thinking the dam was so close until the boat struck a log, about five feet from the dam itself.

One of the young men got on the log to steady the boat, and the girls in their fright, commenced to scream. Their cries were not responded to, and finally the boat got to the dam. There the young men attempted to hold it, while the girls continued to scream, becoming hysterical. At last it was decided to attempt a desperate chance, nothing less than to allow the boat to go over the dam, trusting that it would remain upright when it struck the water a few feet below. But just as the bow got nicely over the brink, the current swung the stern around and the boat upset. The young men made a desperate attempt to rescue their companions, but in the darkness and with the falling water around them all became weakened. Smith is an expert swimmer, but he was so exhausted when he reached shore that he lay for an hour before he could gain strength to summon aid. Then he staggered to a farm house and raised the alarm, fainting almost at once. Parties were organized and the bodies recovered at 3 o'clock Sunday morning 200 feet below the dam.

Brother Was Witness

But Magistrate Refused to Dismiss Stabbing Charge. Orangeville, May 24.—Walter Mournahan, of Luther Township, who was arrested a few days ago charged with stabbing his elder brother Henry, as the result of a long standing feud, was yesterday committed to stand trial on a charge of wounding with intent. The defence asked to have the charge withdrawn, the complainant having expressed his willingness, but the magistrate considered the charge too grave and refused.

We hope to have fine weather and a large crowd. Rev. Mr. Gaudin, of Kimberley, occupied the pulpit at Inistoguc last Sunday and delivered an excellent sermon, taking for his text "One thing thou lackest," Mark 10: 21.

Mrs. Deaver is spending a week with friends at Berkeley. Miss Eliza Troughton returned from the West last week, after spending the winter with her brother, Mr. John Troughton. Miss Mabel Geordison, of Chatsworth, and Miss Craig, of Owen

Sound, were guests of Miss Beatrice Erwin the first of the week.

Mr. E. C. White, of Woodford, renewed old acquaintances here from Saturday till Monday. Misses Madge Williscroft and Vera Howey, of Massie, were the guests of the Misses Williams over Sunday. Miss Olive Campbell, of Owen Sound, is visiting in and around the village. Miss Lyons, of Harkaway, is the guest of her sister, Mrs. Ed. Campbell. Mrs. James Dixon visited friends in Lucknow over the holiday. Miss Euphemia Telford, of the Owen Sound Business College, visited over Sunday at her home here. Mr. Arch. McCurry, of Owen Sound, is visiting friends in and around the village.

A lady took her four-year-old son to the family dentist. He found a small cavity, so the operation began. The burr had no sooner touched the tooth than the child began to scream. At the end of fifteen minutes the mother was deathly pale, while the dentist wiped great beads of perspiration from his brow.

Tom, however, fairly swaggered across the room. "That didn't hurt," he boasted with a broad smile. "Then why did you scream so?" cried the exasperated mother. "Because I was afraid it was going to," explained Tom.

WAS CHOKED AND ROBBED

Moses Wolf, a Toronto Fish Dealer, Had a Bad Time.

Orangeville, May 22.—Moses Wolf, a fish dealer of Toronto, had a terrible experience on Wednesday night in the township of Melancthon. He is a dealer in butter and eggs, and has been doing business with farmers at their homes for some time, making the residence of Mrs. Thos. Mournahan his stopping place for the night. On the evening of the 20th Wolf alleges that after he retired James Mournahan, Felix Mournahan and Sam Bates came to his bedroom, jumped on and choked him and went through his pockets, abstracting \$140.00 which he had to buy produce with, and threatened to kill him. Another brother named Bryan Mournahan and the mother of the boys interfered and prevented further injury to Wolf, who escaped from the house at 5 o'clock on Thursday morning. Without breakfast, he walked to Shelburne, and swore out a warrant for his assailants, who were arrested and brought to that village. They all denied the charge at the preliminary hearing last night. Wolf told his story on oath and the case was adjourned until to-night at 8.30, it being too late to hear further evidence. The case is exciting great interest. Bail was accepted for the accused parties of \$500 each, and two securities of \$200 each.

TRAVERTON

Marvellous growth and most ideal weather have wrought wonders in the world of nature and in the hopes of the farmers during the past ten days. Mr. and Mrs. Mark Wilson and family of Flesherton, spent Monday at the old McClocklin home on the hill. Mark is an adept in the art of fishing. Miss Irene captured a big chub. Mr. and Mrs. George Ryan, jr., with baby Verbena spent the holiday with Mr. and Mrs. Wm. Firth. Miss Annie McArthur and her brother George, of Owen Sound, were the guests of uncle George Blair for a few days this week. Teacher Bailey spent the holiday at the parental home in Dumfries. The trustees of S. S. No. 5, assisted by Dominic Bailey, James Banks and ex-councillor Black, erected a very fine flag pole on the school grounds on Thursday evening of last week. The "Whitney" flag was run up, three rousing cheers given and "Three cheers for the Red, White and Blue" most enthusiastically sung. It floated gayly all Empire Day. The reeve and councillors spent a busy afternoon on Wednesday of last week picking out a suitable place for a road deviation on lot 5, con. 9. They had quite a crowd of interested spectators to help make the selection. If no hitch occurs in the proceedings, the road will be built and will prove quite a short cut between the 8th and 10th concessions.

Steak, however tough, can be made tender by putting three tablespoons of salad oil and one tablespoonful of vinegar on a large flat dish and letting the steak rest in this for half an hour; then turn over and let the other side soak before cooking.

CLIMBS JAIL WALL AND SAYS ADIEU.

Prisoner Makes Easy Escape at Central Jail—Departure Witnessed by Other Prisoners.

Compwot, May 24th.—Frank Carter escaped Friday afternoon demonstrating how easy it was for an unguarded prisoner to escape from the yards of the counties jail here. He climbed to the top of a cross wall by way of the kitchen roof, left his prison uniform on top as a souvenir, ran along to the outside wall, jumped down into a garden, and left all parts unknown. This happened about 2 p.m., and must have been witnessed by the other prisoners, none of whom afterwards climbed the wall in the same way and brought down the clothes. Carter was sentenced on Friday to six months in the Central Prison, Toronto, for stealing a diamond ring. He is a small fellow, about 25 or 30 years of age, and had been in trouble before in Oshawa and Hanover. Search has been made for him, but so far without result.

Gentlemen: "I was a martyr to catarrh of the head, throat and stomach. It was so bad the doctors feared consumption. I tried many physicians and medicines. A friend suggested Esychine. I tried it and it was the only thing ever did me any good. I am now perfectly well. It is the greatest remedy the world has ever known. I do not need it for my head now but I use it as a strengthener for my walking matches. I owe much of my physical endurance to Esychine."
