WHILE they make a specialty of snappy clothes for young men and have a splendid reputation for this class of goods, the makers of

20th Century Brand fine tailored garments for men can dress taller and stouter men to perfection. For example look at the model shown above.

JUNE - THE MONTH FOR WEDDINGS.

The month of June will be one of both gaiety and sadness for many hearts. June weddings bring happiness to the two people most concerned, but loneliness and emptiness to the folks at home. The excitement of preparing for the wedding of the dear daughters of the house often times keeps up the mother April and May, but when the festivities are over, a horrible quiet settles down on the house. It must be awfully hard on a mother, particularly one who has made a companion of her daughter, to feel that their interests are separated; that the girl who has entered the sacred precincts of wifehood will never run around the old home with light hearted girlish steps again. So few girls seem able to keep that freshness and bright charm after adding the dignity of Mrs. to their names. I wonder why it is so? In nine cases out of ten that spontaneous brightness was the very thing which attracted the young or even the middle-aged lover, and when the poor fellow watches its gradual disappearance, he begins to wonder whether it ever was spontaneous. Max O'Rell says that when you have seen the angel of your dreams put a score of curling pins in her hair, watch the cooking of a sirloin of beef and write the washing list, you will continue to be her devoted husband; but you will no longer be her lover, unless she is an exceptional woman. There is some exaggeration about that statement, as there is about many from the pen of the clever Max; but nevertheless, there is some truth also. The mistake made by the girl is to allow her husband to see her strolling around the house attending to her housekeeping duties with a score of curling pins or curl papers in her hair. Slipshod slippers and collarless wrappers are also another, ingenious device to decrease the lover in a man. If a man is worth dressing to get, he is surely worth dressing to keep. Possession may be nine points of the law, but there may be a slip on the tenth point. If a girl works hard to be bright and amuse a man before she marries him, then she will be a wise girl if she continues to do so afterward. For obvious reasons husbands need infinitely more amusing than lovers do. The ideal has merged into the real and it remains with the woman whether the real shall be made ideal. -Harver Post.

A woman wants the neighbors to think her husband is a good man even if she knows he isn't. The sweetest music to the average woman's ear is that produced by the sound waves of her own voice.

"SHOW ME" PROOF.

That is what Hyomei will do in all forms of Catarrh and Troubles of the Breathing Organs.

It's not a question of Hyomei having cured someone else but will it reach your own particular case. If it's cold in the head, Catarrh, Bronchitis, Pneumonia, Croup or any affections of the breathing organs W. Turner & Co. say yes, and will refund the money if it fails. No other preparation for the same purpose can successfully do this, because the Hyomei system of treatment is different from anything else.

You simply breathe and inhale its medication in the dry air form which destroys the germ life that causes oppressed breathing, Catarrh, Throat Irritation and Lung Troubles. It brings to these suffering organs the balsam laden air they would get in the Pine and Eucalyptus forests. The air that stamps out Bronchial troubles.

The price of entertainers Marshal P. Wilder says: Hyomei is easy to use and swift to cure. It insures against coughs and colds. It gives you pure air and kills the germ of disease. It helps the voice.

DIFFERENT KINDS OF PEOPLE

"When God made Jim He just stood around the rest of the first and felt good."—Bret Harte. A hard-working, justice-loving, well-to-do man the other day expressed his views of these "free Trips." He always paid 100 cents on the Dollar and he wanted a trip he would pay for it. Sort of an eye-for-an-eye, tooth-for-a-tooth fellow. Still he couldn't buy sunny days, budding flowers and sweet-scented air, nor one thousandth part of the lovely things of earth. Rocks are stern and long-standing things, but there is nothing very attractive in a flinty character even if it be honest and independent.
