PAIN

in the head—pain anywhere, has its cause
in the blood. Pain is blood pressure—nothing
more. At least, so says Dr. Shoop, and he
he has created a little pink tablet. That
called Dr. Shoop's Headache Tablets
blood pressure away from pain centers
is charming, pleasantly delightful, gentle,
and safe. It surely equalizes the blood circ-
ulation.

JUSTICE IN OLDEN DAYS.

A judge in Toronto the other
day in passing sentence on a crim-
inal reminded him that not so very
long ago his offence would have
been punished with the death pen-
alty. The hanging of a man used
to be an everyday event, and our
forefathers seemed unable to think
of any other way of dealing with
offenders. When a man talks about
the world of to-day as if the in-
equalities of life were growing
more pronounced, or as if little
progress were being made towards
the general welfare of mankind, it
is but necessary to remind him of
some of the conditions that the
English people have left behind,
and not so very far behind either.
There are old men still living who
were told in their boyhood by eye-
witnesses of the hanging at Ty-
burn of a whole cartful of young
girls who had been sentenced to
death for having been concerned in
the burning of houses during the
Lord George Gordon riots. Small
boys were also executed at that
time in batches—their crime hav-
ing been that riot and excitement
attracted them and they "count-
enanced" disorder. What an age
that was to live in! And it was
but yesterday in our history. The
highways were decorated with
gibbets on which dangled the ragged
bodies of malefactors, poison-
ing the air and brutalizing the
popular mind. These men were
hanged for offences against prop-
erty, for such thefts as now send a
man to jail for thirty days. On
walls and gates were exposed the
black and grisly heads of political
offenders, where all must see them
and practice virtue at the in-
vestigation of mortal terror. We
have among us those who sigh for
the good old times, and good these
times may have been for the lucky
few, but for mankind as a whole
the world never saw such times as
these. It must not be forgotten
that the historian, the romancer
and the poet of earlier days con-
sidered themselves entirely with the
doings of the great and gave little
thought to the hopeless multitude.
It is to the records of Tyburn and
the roadside gibbets that we must
turn for our hints as to the gen-
eral conditions of those earlier
times. Yet had as these con-
ditions were they were much in
advance of continental Europe.
Our civilization is yet far from
perfect, but the past two cen-
turies have worked wonders for the
masses of the people.—Saturday

To stop any pain anywhere in 20
minutes, simply take just one of
Dr. Shoop's Pink Pain Tablets.
Pain means congestion—blood pres-
sure—that is all. Dr. Shoop's
Headache—or Pink Pain Tablet—
will quickly coax blood pressure
away from pain centres. After
that, pain is gone. Headache,
neuralgia, painful periods with
women, etc., get instant help. 20
tablets 25c. Sold by W. Turner &
Co., Markdale.

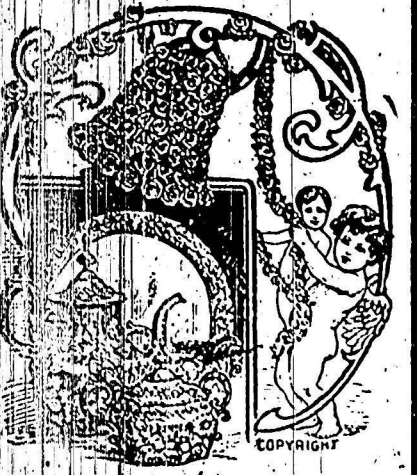

In the state of Missouri legisla-
tion has been enacted to encourage
the naming of farms. It provides
that on payment of a fee of \$1.00
to the clerk of the county court a
farmer may secure a certificate
setting forth the name and loca-
tion of the farm and the name of
the owner, and when such names
are properly registered they cannot be
used as a designation for any
other farm in the same county.
Similar legislation in Ontario or
any other province would be ben-
eficial. At any rate it could not
do any harm.

RUN DOWN—TRIM.

Markdale People who are in This
Condition are asked to read
This Article.
There are many people in this
vicinity at this season of the year
who are all run-down, no strength,
hardly able to drag about. Don't
know what ails them.
We want to say to every such
person that our god liver prepara-
tion, Vinol, is the tonic recon-
structor which they need. Vinol tones
up the digestive organs, creates a
healthy appetite, makes rich, red
blood, and strengthens every organ
in the body to do its work. In
this natural manner strength and
vitality quickly replace weakness
and lassitude.
Miss Rose Blair, president So-
phomore club, Kansas City, writes:
"Last spring I was all run down,
nervous, irritable, and could not
sleep. I tried many medicines
without benefit. Vinol was re-
commended. It was delicious and
got at all like the greasy cod liver
oil and emulsions I was used to.
Vinol gave me a hearty appetite
and restored me to perfect health
and strength."
Vinol is recognized throughout
the world as an unexcelled strength
creator for old people, weak, sick-
ly women, delicate children and the
convalescent.
Try Vinol on our offer to return
money if it fails to give satisfac-
tion.—W. Turner & Co., druggists,

Prized Cough Cure

I have not been without a bottle of
Coltsfoote's Expectorant in the house for
over 20 years. At that time I procur-
ed it for a bad cold I had. It worked
wonders then that it has been a
household remedy ever since, and we
will have no other for coughs and colds
as it is pleasant to take, and all of
our children look for it as soon as they
get a cold at all. Nearly all of them
have been subject to croup, and that's
when I find Coltsfoote's Expectorant use-
ful. You are welcome to use this testi-
monial as you wish."
MRS. LEWIS HIGHT.
Free Sample of Coltsfoote's Expectorant
will be sent to any person sending their
name and address and naming this
paper. It has established a wonderful
reputation as a successful cure for coughs,
croup, sore throat, croup, whooping
cough, bronchitis and all irritated con-
ditions of the throat and chest. It is
the prescription of a great specialist in
medicine. At all good druggists, 25c.

SHEEP DAM BROKE CAUSED FATAL FLOOD.

Wisdom and Wife Perish
While Taking Shelter Under a
Bridge Near Orangeville.
Orangeville, May 29.—A strange
drowning casualty took place near
here yesterday, when Wm. Wisdom
and his wife Bella, lost their lives
while taking shelter under a bridge
during a storm.
Mr. Wisdom with his children
were home on the Hockley road,
about ten miles from here, to take
up the men who were at
work putting a fence on the back
lot.
A recent storm blew up, and
the water, with two of the
children, took shelter
under an old bridge which spans a
drain in creek.
The water in the bank of the Mat-
taw river sent a wall of water,
estimated to be fifteen feet high,
rushing into the ravine.
The bridge was torn from
the banks and the unfortunate
people were submerged in the
seething waters.
The eldest son, seeing the disast-
er, rushed to the bank, came to the
rescue and succeeded in saving the
two children, but the father and
mother perished.
Mr. Wisdom's body was soon
recovered, but the body of Wisdom
has not yet been located.
The body is jam of logs and debris
a few hundred yards from the
scene of the accident and it is
thought his body is covered with
weeds and trees.
Mr. Wisdom was a very well
known farmer, about 45 years of
age, and had a family of six
children.
