WHITNEY GOVERNMENT

RETURNED TO POWER

Receives Remarkable Endorsement.—Conservatives Win 87 Seats, Liberals 18.

Table showing Conservative and Liberal gains in seats across various Ontario constituencies.

grettable from a Conservative standpoint, every Cabinet Minister increased his majority. But the outstanding feature is the splendid endorsement of Hon. Adam Beck, the Hydro-Electric Commission, and cheap power.

PREMIER WHITNEY Who To-day Has the Largest Following of Any Premier in the History of the Province.

NEW LIBERAL PARTY It is now clear that a new Liberal party will have to be built up in the Ontario Legislature.

STRONG LIBS. GO DOWN In the first place, a dozen leading Liberals got in out of the right before the deluge, actually began.

BEYOND EXPECTATIONS There is no doubt that the Government majority surpasses the estimate of the most sanguine.

Conservatives..... 87 Liberals..... 18 Labor..... 1

Total members..... 106 Whitney majority..... 68 Former majority..... 42 Conservative gains..... 47 Liberal gains..... 18

These cold, brief figures tell approximately the story of the last awful slaughter.

More complete and final returns may send the Whitney majority up to 70, or reduce it to a mere 66.

But the fact is clear and unalterable that the Ontario Liberal Party has been wiped out and the Whitney Government has been sustained by a majority more than twice as large as any Liberal majority ever rolled up in all their thirty-two years of power.

From three Liberals to seventy Conservatives is a long step, but Ontario has taken it in less than three years.

BECK AND CHEAP POWER. With the exception of Hon. Nelson Monteth, whose defeat is re-

The Result in Quebec.

Out of fifty-six seats in which contests were held the Liberals won 47, Conservatives 15, and the Nationalists 3.

Whitney himself didn't expect such an increase. The Conservative organizers looked for a considerable increase, but on the other hand the Liberal organization expected or hoped for about forty members.

AS TO THE CAUSE. Why? That is the question all are asking. It looks like a case of better candidates and better organization.

The record of the Government and the general feeling that it should have another term placed in the candidates in a very favorable position in the start.
