

"QUALITY"

Correct style is of the utmost importance. It has a social and business value which is not figured in the price. The styles shown in 20th Century Brand fine garments for men, are the accepted models all over Canada and are closely watched, and often copied, by the best custom tailors. There must be a reason.

DOES YOUR SIDE ACHE? When the first symptoms appear, rub with Nerviline—rub it in deeply. It penetrates to the muscles and cords that are sore—takes away stiffness—removes all strain and inflammation. If the condition is chronic, put a Nerviline Porous Plaster on the affected spot. This draws out any virus or neuralgic irritation, restores the tissue to their wonted healthiness, permanently cures any weakness or tendency to pain. Nerviline Plasters absorb all the deleterious secretions through the relaxed pores and when used along with Nerviline itself, every muscular pain or ache must go.

TO THE PUBLIC. Having opened a general blacksmithing business at Wodchouse, I hereby invite all who require horse-shoeing, and all kinds of repairs to give me a fair trial. My aim will be to give satisfaction. Old rate prices. C. W. Noble, Wodchouse.

George Gray, of Chippewa, while repairing a switch for the Electrical Development Co. was electrocuted.

HE DIED OF KIDNEY DISEASE. How often we hear of these sad cases. The back-pains and headaches are noticed—but not treated. Dizzy spells, frequent calls and languid condition appeared, but nothing was done till the disease was far advanced. Cure invariably results from Dr. Hamilton's Pills. They restore perfect health, destroy every symptom of diseased kidneys, build up constitutions that defy further outbreaks. Because purely vegetable and free from injurious materials, no remedy equals Dr. Hamilton's Pills for Kidney and Liver complaint. Sold in 25c. boxes by all dealers.

KIMBERLEY HAPPENINGS

Plenty of rain. Miss Mildred McMullen, of Meaford, is visiting friends in this vicinity. Master Leonard Fawcett is spending a week with friends near Rocklyn. Miss Maud Fawcett is spending a couple of weeks with friends at Collingwood. Mr. and Mrs. William Flewes, of Kirkville, visited friends here during the past week. Mr. and Mrs. Emerson Brown, of Clarksburg, visited friends here during the past week. We are sorry to report Mrs. Wm. Best on the sick list, but hope to hear of her early recovery. Mr. Gibson and Miss Emily McClung, of Flesherton, spent Sunday at the latter's parental home here. The fall wheat harvest will be general this week and the crop promises to be a good average one. Master Elmer Cox, of Collingwood, is holidaying with his grandparents, Mr. and Mrs. John Flewes. Mrs. George Wickens, of Toronto, is holidaying with friends here, and is the guest of her aunt, Mrs. Geo. Proctor. We extend congratulations to Miss Eula Scott, who was successful in her recent Normal School examinations. Miss Addie Wright, of Flesherton, spent the past two weeks the guest of her cousins, the Misses Vera and Addie Gaudin. M. R. Hammond is having the exterior of his store painted, which when completed will greatly add to its appearance. Miss Addie Thompson, of Flesherton, was the guest of the Misses Josephine and Elsie Ferris during the past week. Mr. Frank Hutchinson, of Meaford, who spent the past week at his parental home here, returned to Meaford this week. Miss Abercrombie, of Rocklyn, spent a few days during the past week the guest of her cousin, Miss Della Abercrombie. The Misses Kate and Daisy Davis of Waukegan, were the guests of Mrs. A. E. Myles, "Springbrook," on Monday of this week. Miss Maud Smith, of Toronto, and Misses Francis Hurd and Olive Gilbert, of Meaford, are holidaying at their parental homes here. Herb Neal & Co. have purchased a brand new threshing outfit. Mayor McClung, of the Junction, will be one of the crew that will man here. Mrs. Chas. Good and Master Robbie Good, of Toronto, are holidaying at the former's parental home here, Mr. and Mrs. John Flewes. Messrs. A. E. Myles and James Knott, two of our most enterprising agriculturists, have each had a successful barn-raising during the past week. Miss Freda Crabtree, of Rocklyn, accompanied by her sister, Miss Lily, of Toronto, were the guests of Mr. and Mrs. R. J. Stuart during the past week. We extend congratulations to the Misses Emma Burritt, Vera McGee and Mildred Harris, and Master Stanley Walter, who were successful in the recent Entrance examinations. Recently a piece of land on one of the principal streets of Toronto was sold at the rate of some \$5000 a foot. If that purchaser had come up our way we would have sold him a whole acre for that sum. Rev. Dr. Caldwell, of Flesherton, occupied the pulpit in the Methodist Church here on Sunday evening last, and delivered an exceptionally fine address to the Orange brethren of L.O.L. 1340. The learned Dr. is certainly well posted on the early history of Orangeism and Romanism. Our senior foot-ball team journeyed over to Markdale on Saturday evening last where they played a game with the Wodchouse team. According to the referee, the score resulted in a tie, neither side scoring. He (the referee) certainly did not pass any favors our way. Our boys claim that they were entitled to at least one or two goals; however, as the referee's decision was to be abided by, 'twas no use kicking, so consequently the prize money, some \$28.00, was equally divided. While the game was very keenly contested, yet 'twas fairly clean, save a few teapot tempests. Had some of the spectators kept quiet things would have went somewhat smoother. Seven prisoners escaped from the Toronto jail last Friday, and have since eluded capture.

MEAFORD Thursday afternoon is a half holiday in Meaford during July and August. Meaford has received an additional grant of \$13,700 for the harbor improvements. It is proposed to open a bowling alley in the store recently occupied by Thomas Lloyd. James Patterson, sr., and son, James, have gone to the Tercentenary at Quebec. The garden party at the residence of W. A. Moore realized a sum in the neighborhood of \$50. James Bridgett, of Hamilton, has had to be operated on in the hospital at Hamilton for appendicitis. Mr. Robert Glover has been appointed inspector of the cement work on the new town hall at \$12 per week. Mr. T. D. Wilcox is nursing a broken arm as the result of a kick of a horse which objected to having a nail taken from its foot. The Agricultural Society are asking the town for a loan of \$200 with which to purchase additional lots for the purpose of enlarging their grounds. They wish in time to make a public grounds that can be used for athletic purposes. Saturday night three of our well known town boys were returning home late when they were set upon by four Italians, part of a gang which is working on the breakwater. The boys managed to make their escape; however, that kind of thing will not be tolerated here for the Meaford of olden days will once more assert itself. The results of the recent Entrance examination show that 67 per cent of all that wrote at this centre passed, while the public school here passed 21 out of 25, or 84 per cent, and it will be seen that Principal Clark as usual has a splendid record. In addition, two of his pupils this year rank evenly for the Scholarship—a year's free tuition at the High School. The names of these girls are Mary Cooper and Ethel Sparling. These two girls in addition to Helen Smith, also of the public school, obtain honors. At Thornbury, 60 per cent passed, or 30 out of 50; at Kimberley, 7 out of 17; passed, or 41 per cent; at Feversham, 15 out of 31, or 47 per cent.

ORANGE VALLEY

Orange Valley (Intended for last week.) The farmers are busy at the hay. Mr. Jerry Sullivan, of Dornoch, has been around here buying up a number of cattle. Miss Kate Fletcher, of Stone Settlement, has been spending a few weeks with her aunt, Mrs. Jas. Beatty. The Orange Valley Lodge celebrated in Dundalk on the 13th. Several from this vicinity attended. Mrs. Jas. Beattie and Mrs. Jas. Hill visited in Stone Settlement one day last week. The Union Sunday School here held their picnic on Wednesday of last week. Over ninety were out for the afternoon's fun and all seemed to have a pleasant time. The children enjoyed the treat of nuts and candies. Through the kindness of Mr. and Mrs. Embury the picnickers were treated to maple sugar of excellent quality. (This week.) The Misses Ina and Ettie Beattie have arrived home from the Canadian Soo. They had the pleasure of sailing on the new boat's (the Assiniboia) first round trip, and being present at the presentation to her captain. Mr. Varty, of Owen Sound, visited last week with his daughter, Mrs. F. A. York. Master Stanley York returned with his grandfather to spend a few days in the county town. We were pleased to see the name of Miss Leta Beattie among the names of the successful Entrance pupils. We offer our congratulations. Miss Gertie Hill, of Orangeville High School, is holidaying at home.

WOULD HAVE SAVED HIM \$100.00. "In 1902 I had a very severe attack of diarrhoea," says R. N. Farrar, of Cat Island, La. "For several weeks I was unable to do anything. On March 12, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy which gave me prompt relief. I consider it one of the best medicines of its kind in the world, and had I used it in 1902, believe it would have saved me a hundred dollar doctor's bill." Sold by R. L. Stephen, Markdale.

The regular quarterly reception of new take place in the next Sunday. Wilson, the pastor's preach, in the evening will proceed on the services under the Miss Brocken. Quarterly services at Ebenezer will be by the pastor. A drive through present portage. A good average has been harvested in their June variety. Fall wheat is most magnificent crop, cereals as well as are uniformly good promise of yield. The showery season nature to smile on only gladden the body, but cause him in gratitude. How much we are able to reprint full descriptions of several of the best doing the best can have seen. The vivid, picturesque, reflecting in quite the what they see and wise to have made Pageant instead of Quebec lends itself unique revival-toms, conformation people all present regild, to reproduce sounds and the hundred years ago place on the Continent what Quebec has in the past ten days. Americans, as well of Canadians, attention.
