ONE BAD MISTAKE

Is Frequently Made by the Wisest of Markdale People.

It is a serious mistake to neglect backache. Backache is the first symptom of kidney ills. Fatal complications may follow: Booth's Kidney Pills act quickly to overcome kidney ills, do not delay until too late, it may mean Diabetes, Bright's Disease. Read what a Markdale resident says:

George Walker, of Toronto, street Markdale, says: "I would frequently suffer with a dull heavy pain across the small of my back and region of the kidneys. This would be especially bad when I would catch cold, as it always settled in the small of my back. It would leave a weakness and tenderness there and often I would be unable to stoop or lift anything without suffering considerably. Booth's Kidney Pills were advertised and I procured a box at Mr. Turner's pharmacy. I used them and found them to quickly strengthen and regulate the kidneys. My back has not bothered me since and I feel better generally. I will be glad to recommend Booth's Kidney Pills as I believe them an exceptional remedy."

Sold by dealers, price 50 cents. The R. T. Booth Co., Ltd., Fort Erie, Ont., sole Canadian agents. 4

"Hecla" Furnace

Means Perfect Heating without Gas, Dust or Smoke.

The "Hecla" Furnace is the only Furnace with Fused Joints.

These joints are made by fusing the steel and cast iron parts together at white heat making an indestructible joint. Fused joints are permanently airtight. Even after 20 years' use they will not work loose or leak. They insure absolute freedom from dust, smoke and gas.

The Steel-Ribbed Fire Box, used on the "Hecla" Furnace has three times as much radiating surface as any other style of fire box. It will save fuel for you and give you more heat. It extracts from the fire, heat that would otherwise go up the chimney.

Let us show you the real thing and explain all the latest improvements.

Made by the makers of "Ranger" Radiators.
