

Flesherton Happenings

Monday was civic holiday here. Mrs. C. W. Bellamy is visiting her mother at Welland. Mrs. Alex. Stewart visited friends at Owen Sound last week. Mr. Lou Fisher is erecting a large silo at his barn in the suburbs.

There is the usual exodus from here of visitors to the Toronto Exhibition. Miss Annie Wilson, of Toronto, is visiting her mother, Mrs. Thompson Wilson. Miss Maggie Simmons and Miss Sadie Badgerow visited friends in Durham last week.

Mrs. D. Heathers and little daughter Muriel, visited Mrs. James McClocklin last week. Misses Mabel and Lily Boyd left on Tuesday to attend Ontario Ladies College, Whitby.

Rev. G. C. Little, wife and children are spending this week with friends in Toronto. Mr. Thos. Bulmer returned to Southampton on Monday, after a visit with his mother here.

Mr. W. J. Bellamy and son Bob visited over Sunday and Monday with relatives at Nottawa. Mr. Sheppard, teacher east of the village, visited his home at Paisley over Sunday and Monday.

Mr. J. L. McDonald, of the Merchants Bank, Meaford, spent Sunday and Monday with friends in town. Miss Maul Richardson, art teacher, left on Monday to resume her duties in Alma College, St. Thomas.

Mrs. W. McCallum, of Detroit, and Miss Esther McCee, of Toronto, visited Mrs. J. A. Heard last week. The Methodist Ladies Aid have had a new cement walk laid at the parsonage, which greatly improves the property.

Master Joseph Cole and sister Hattie, of Canlachie, are visiting with their grandparents, Mr. and Mrs. F. G. Cole. Mr. and Mrs. Oscar England and children, of Coldwater, are visiting Mrs. England's parents, Mr. and Mrs. John Breen.

Mrs. Miles Thistlewaite is on a two or three weeks' visit with her daughter in Toronto and old friends in Vaughan. Mr. Rody Bentham and father-in-law, Mr. Newton, of Silver Creek, N. Y., visited the former's relatives last week.

Miss Rae Bannon left last week for Fort Scott, Kansas, after an extended visit with her sister, Mrs. W. A. Armstrong, here. Mrs. (Dr.) Murray has returned from Toronto, where she has been several weeks under treatment, which has been helpful to her.

Mr. J. W. Tucker, of the Markdale Standard, gave us a pleasant call on Monday returning from visiting his sister, Mrs. Rennie. Mrs. J. H. Campaigne and son, Mr. Herbert Campaigne, of Chicago, are visiting the former's parents, Mr. and Mrs. Jno. Brown.

Mr. Frank Irwin, Mr. J. N. Murdoch and two lady friends, of Durham, were in town on Monday evening, returning from a holiday at Bell's Lake. The Chosen Friends held their regular meeting and were afterwards entertained at the home of Mr. and Mrs. P. Loucks on Wednesday evening of last week.

Mr. Wes. Buskin has been on a holiday for a few days, taking in the Toronto Exhibition and visiting friends in Huntsville. Mrs. Buskin is visiting in the city. Mr. Charlie Rutledge, who has been employed on the Walkerton branch of the C. P. R., is holidaying at his home here and contemplates going to Rainy River.

The Proton Station baseball club played a return match with Flesherton club on the agricultural grounds here on Thursday evening last in which the home team were easily the victors, the score being 39 to 19. The game created much interest and a large number of the friends of both teams were on the grounds. Mr. Tom McIntyre, of Dumfries, was a very satisfactory umpire.

Mr. Robert Wilcock, of Buffalo, holidayed at his old home last week and was accompanied to Buffalo on Monday by his sister, Miss Allie, who will visit for a month. Mr. W. B. Rydall, of Wellandport, has been engaged for school No. 3 east of the village to succeed Mr. Shepherd, who leaves in October to pursue his Art course in Toronto University.

Mrs. John Cathcart and daughters, Gladys and Irene, of Souris, Man., are visiting the former's parents, Mr. and Mrs. Andrew Carr. Mrs. Carr, who has been very ill recently, is slightly improved. The Presbyterian Ladies Aid are preparing for a chicken pie supper to be given in the basement of the church on the evening of the 16th inst. After the supper a program will be given. The usual fee of 25 and 15 cents will be charged.

Mrs. Wesley Buskin is to be congratulated on her success at the Toronto Exhibition. On three exhibits of needlework she won three prizes—a 1st, 2nd and 3rd. The 1st prize is \$5.00 and under the keen competition Mrs. Buskin may justly feel proud of her success. Mr. O. J. Sparrow has sold out his grocery business in the Sproule block to Mr. John Hale and Sproule, Higginbotham & Co. Mr. Hale, who is a nephew of Mr. Sproule, and has had some business experience, will have the management. The Sproule, Higginbotham stock is being moved to the corner store.

Mr. John Montgomery, of the Valley, a Victoria College student, and Mr. J. H. Crone, of Markdale, supplied the Methodist pulpit acceptably on Sunday last, the former in the morning and the latter in the evening. The League meeting on Monday evening was made interesting with one hundred stereoptican views, exhibited by the president, Mr. A. S. Thurston.

At the regular meeting of Prince Arthur Lodge A.F. & A.M. on Friday evening last a resolution was unanimously adopted instructing the Secretary to convey the sincere sympathy of the Lodge to the sorrowing widow of the late Mr. Wm. Strain, who passed away on the 26th ult. The deceased was one of the oldest members of Prince Arthur Lodge, in which he was initiated into Masonry over 32 years ago.

A VEGETABLE CONSTIPATION CURE. Because they contain mercury and mineral salts, many pills are harsh. The easiest and safest laxative is Dr. Hamilton's Pills of Mandrake and Butternut. They clean the stomach, intestines, and bowels—drive out waste matter, tone the kidneys, and forever cure constipation. As a general tonic and system cleaner, nothing is so mild and efficient as Dr. Hamilton's Pills of Mandrake and Butternut. Sold everywhere in 25c. boxes.

NO APPETITE. YOUR FOOD DISAGREES. YOU'RE TIRED—LIFELESS. SKIN IS YELLOW. You'll Feel Worse Every Day Unless You Brace Up Quick. The Best Treatment is Ferrozone. Every day comes the good news of wonderful cures with Ferrozone. In Peterboro it worked marvels for Louis Meehan—put him right on his feet—made him entirely well.

"About three years ago," says Mr. Meehan, "I had the Grippe, which left me in a very run down condition that finally developed into Dyspepsia. I was unable to eat but a few things and had a craving for acid. I gave up treating with the doctors because they did not help me and on the advice of a friend used Ferrozone. It not only cured me of dyspepsia and biliousness, but has built up my strength to what it was before I had the Grippe. I can recommend Ferrozone as an ideal restorative. Ferrozone gives you force, energy and vim. It strengthens the stomach, cures indigestion, prevents headaches, guarantees good health. Thousands use Ferrozone—they all improve—get better health—look better—feel better. Try it yourself—sold in 50c. boxes by all druggists."

AMAZED AT DEVELOPMENT. Oscar P. Oliver, a prominent Seattle resident, who has charge of the Alaska-Yukon Pacific Expedition in 1909, in passing through Winnipeg this week, said: "I am amazed at the wealth, the development and the evident wonderful future of this great domain. When I am told that this part of the Canadian west will supply the world this season with more than a hundred million bushels of wheat, I am not at all surprised, because I have just travelled over it, and I see in its possibilities that simply stagger the imagination. The granaries of the whole world could be filled with the products of this land and then there would be still some uncultivated soil left. At least this is the way that it impressed me, and others were similarly impressed. For hundreds of miles along the Canadian Pacific Railway I noticed we were, as it were, attended by rivers, lakes and other streams, all giving promise to the settler of the future that he will not lack the necessary moisture to make his land productive. Winnipeg simply took my breath away. I was prepared to see a fine town with substantial build-

NOTES FROM WESTERN CANADA.

From Our Special Western Correspondent. Winnipeg, Man., Sept. 4, 1908.

BIG CROP BEING HARVESTED. Received reports on the wheat production of Western Canada already show that the 110,000,000 bushels estimated will be realized. The Alberta Railway and Irrigation Co. says "The indications are that all fall wheat in this district will grade high, mostly No. 1, and the yield will be very heavy. We do not think any of it will thresh out less than 30 bushels to the acre, and the majority of it will run very much more. One field already threshed has turned out over 40 bushels and was sold on cars at 74 cents per bushel. A 160-acre field threshed out 4,800 bushels. Another field turned out a shade over 5,000 bushels from 109 acres. This yield is 56 bushels to the acre. It graded No. 1 and was sold for 80 cents on cars at Lethbridge. These figures are not guesswork, but very careful measurements of land and out-turn made to get accurate results."

The Calgary correspondent of the Ogilvie Flour Mills Co. writes that a large field of fall wheat on the Stettler branch has been cut and threshed, with a yield of 32 bushels to the acre, and that a field of 1,200 acres in the vicinity of Gourin has been cut and threshed, running about 40 bushels to the acre.

FORTUNE IN WHEAT. Rev. Mr. Hall, of Otterburne, Man., a town thirty miles south of Winnipeg, had 1,000 acres in wheat. He has just completed threshing 30,000 bushels, which he sold at \$1.10 delivered at Port William. It grades No. 1 north-east.

AMERICAN INVASION. That the American invasion of Western Canada is still in full swing was indicated this week by the arrival at the C.P.R. depot from the Twin Cities of the largest individual party of American land buyers that has ever come to the city. The travellers were accommodated in five sleeping cars, with dinner, which constituted a special train. Almost all the members of the American party were successful American farmers who have been engaged in cultivating either their own or rented farms. H. H. Homes, sales manager of the Canadian Pacific Irrigation and Colonization Company, reports a party of fifteen land seekers from Illinois and Iowa looking over irrigated lands north of Strathmore.

INCOMING HARVEST HANDS. A good deal of trouble has been caused in the week past by so many of the harvest hands terminating to ride as far as their tickets would carry them, even though they passed many points where help was greatly needed in the harvest fields. The congestion at Regina and Brandon on the main line has been such that might have been avoided had all tickets been assigned to Winnipeg. The facilities for quickly distributing the men and placing them where needed could be far better handled at the "Gateway City."

HIRED MAN LEFT. And there is \$75 missing from Farquhar Baxter's House. Monday forenoon Archie Kennedy, a farm hand in the employ of Farquhar Baxter, a young farmer south-east of Charleston, near Orangeville, left his employer's place without the formality of bidding anyone farewell. Shortly after his departure Mr. Baxter found there was \$75 missing from a drawer in the house, where he usually kept whatever money he had on hand. Under the circumstances it was only natural to conclude the disappearance of the money with the hired man's unannounced departure. Kennedy was plowing and left his team and plov standing in the field. He was seen by some of the neighbors walking north along the railway track. It is supposed that he footed it to Charleston and there boarded the Owen Sound passenger train.

IT PREVENTS SORE THROAT. No simpler way to kill a cold and stamp out sore throat than by applying Neriline—rub it in freely, and then put on a Neriline Porous Plaster on the chest. These remedies hunt out pain, destroy every trace of congestion, cure the cold and tendency to bronchitis. Thousands find Neriline mestimably the best remedy for pains, aches, bruises, neuralgia, sciatica, colds and winter ills. Not only is it penetrating and powerful, but it is safe and economical. All dealers sell Polson's Neriline. Large bottles for 25c., the plasters, the same price. Beware of substitutes.

To brighten a mirror rub with a clean cloth dipped in a cream made of whiting and cold water, to which a few drops of ammonia are added; polish well with old newspapers.

ings and fine stores. But I was not prepared to see the largest department store, the finest hotel and the best paved streets west of Chicago.

PRICEVILLE (Intended for last week.) The continued dry weather has enabled farmers to store their crops in prime condition. Harvesting operations are about wound up in this section of the country. The steam shovel and gravel trains are still in operation at the big gravel pit in the "glen," four miles west of the village. We are informed that Mr. Peter Muir has purchased the Bob Reid farm at "Spooke's Pass," O.D.R. In the early '50s this portion of the road was terribly infested with spooks and the first settlers—run away slaves—very often had great difficulty in "gettin' home on dark nights." Matt Scott (doctor) who removed from here to Southern Alberta two years ago last spring, has sold his farm out there for \$4,000. Better than peddling herbs, eh? Mr. W. White's barn on lot 18 N.D.R., was burned on Saturday night about 12 o'clock. Origin of fire not known, probably incendiarism. Grain was all in the barn except peas. Great loss to Mr. White. Mr. Donald McMillan, south line, took the train for Manitoba on the 22nd ult., after receiving a telegram that two of his sons were in the hospital seriously ill with typhoid fever. Two of our young townsmen were bathing in the mill pond at the roadside last Sunday morning while the people were returning from church, thus violating the Lord's Day Act. We do not know whether this case is reported or not, but if a similar breach occurs they will certainly get a reminder. Mrs. Smart, formerly a teacher in the "haunted school," who has been visiting her mother, Mrs. McKeehie, for a couple of weeks, has returned to her home. Duncan McAuley, who has been for some years in Cleveland, Ohio, arrived in town last Saturday to visit his aged mother and other friends. Robt. B. Reilly, who has been in business in Nelson, B. C., for the past 10 years, arrived last Sunday morning by the steamboat express via Owen Sound and will stay a couple of weeks with his mother and other numerous friends. H. R. McLean has purchased a fine 50-acre farm on the 2nd con. north, Glenelg. Colin McLean went to Waterloo on a business trip last week for two or three days.

Hardware and Furniture

When you require anything usually kept in a first class Hardware or Furniture Store, you will do well to call at this store, as we have the largest stock in town.

You should call and see the latest additions to our Furniture Wareroom.

Perhaps you will want a **STOVE** or **RANGE** this fall. We have a very large assortment to choose from.

Jeffrey Artley MARKDALE.
