### Mortgage Sale.

Under and by virtue of the power of sale contained in a certain mortgage which will be produced at the time of sale, there will be offered for sale by public auction at McKinley's hotel, in the village of Holland Centre, in the County of Grey, on Monday, the 12th day of October, 1908, at 4 p.m., by C. C. Pearce, Esq., Auctioneer, the following lands and premises, viz: Lots numbers 39 and 40 in the first concession West of the Toronto and Sydenham Road in the township of Holland, in the County of Grey, containing 100 acres, more or less, save and except those portions of said lots heretofore conveyed to the Toronto, Grey and Bruce Railway for right of way.

The farm is situated on the T. & S. Road 1 1/2 miles south of the village of Holland Centre. The land is all cleared and well fenced, the soil is a good clay loam, there is about one acre of orchard, there are three wells and pumps on the premises, and the buildings consist of a frame barn and a stable 35 x 75, and a small frame house.

Terms and conditions of sale will be made known at the time of sale or on application to:

Robert Christie,  
Vendor's Solicitor,  
Owen Sound, Ont.  
Dated 14th Sept. 1908.

John Begg, aged 35, died very suddenly at Hamilton Sunday as a result of eating some plums. He ate rather heartily of the fruit on Saturday, and early in the morning complained to his wife that he was in severe pain. She hurried off to meet Dr. Hopkins, and when she got back she found her husband dead. Deceased had been in Canada only a few months; he came from Scotland. The doctor stated that the fruit fermented and caused depression of the heart.

Two of the worst conflagrations in the vicinity of Durham, out side of the town, occurred at 11 a.m. Friday last, and by two, two barns, containing the season's crops were no more. The scene of the disaster was on the second and third concessions of Glenelg, about two miles east of upper town, the barns belonging to Miss Farr and Mr. J. Staples. The fire started from sparks from a threshing engine on the Farr place, and sparks were carried to Mr. Staples' barn. It is estimated that the total loss, barns and crops, will approximate \$6,000 to \$7,000. Both parties will be but slightly recompensed for their loss by the insurance. We learn that Mr. Staples has between \$1200 and \$1300 on barn and contents, while Miss Farr has \$700.

### Fatal Accident.

A gloom was cast over Loree and vicinity by the untimely and unexpected death of Hartley Hurst on Monday noon, Sept. 7th. The unfortunate young man had been threshing at Wm. Johnston's and was on his way home with the traction engine. While going up the hill, known as Johnston's hill, on 18 and 19 sideroad, only about a quarter of a mile from his home near Loree, the gear broke, causing the engine to go down the hill with much force. He stayed with the engine, attempting to guide it straight down the hill, but seeing it was likely to leave the road, he jumped, falling with much violence on a pile of stones. The terrible force of the fall broke both his legs and severed some of his ribs from the spinal column and drove them into his lungs. Medical aid was summoned, but it was found impossible to do anything more than alleviate his pain, and in a few hours he passed away.

Much sympathy is felt for his parents, Mr. and Mrs. Jas. Hurst, and the rest of the family in their sad and heartrending bereavement. He was a young man with a kindly disposition, industrious and persevering in his work, and much thought of by his associates.

The funeral took place on Wednesday afternoon under Orange auspices, many of the C. O. F. brethren, of which order he was a member, also attending.

### WAUDBY

Miss Annie Young is home from Toronto on her holidays.

Mr. Geo. McNally, of Meaford, is visiting his father, Mr. Thomas McNally, here.

Mr. J. Winkworth, of Toronto, is holidaying at Mr. Jas. Brodie's, of Townsend Lake.

Mr. Joseph McNally is doing big work threshing this fall. Some of the early sown grain is turning out well, but the late grain is very light.

Harvest is now a thing of the past in this vicinity, and the continued dry weather has left the ground so dry that it is impossible to plow, so things are about at a standstill.

Mr. Albert Twambly, accompanied by Misses Violet and Vera Dunn, spent Sunday at Mr. James Hewitson's, of Bentinck. John Vaughan was to have been one of the party, but he just got there to spend the evening.

One of those happy events which happen from time to time took place in our burg last week, when Miss M. A. Brodie was united in the holy bonds of matrimony to Mr. W. T. McNally. The marriage ceremony was performed in Durham by Rev. Mr. Jamieson, the Methodist minister of that place.

A large party of friends and neighbors gathered to meet the bride and groom on their return to the bride's home, where a sumptuous supper was given, after which the young people enjoyed themselves with dancing and games until the wee sma' hours.

### Dull Times.

Everybody appears to be under the impression that times are hard, and by thinking so and acting accordingly the supposed financial stringency becomes real. Instead of talking and acting despondent, suppose every person would determine for one month to assume a cheerful, hopeful attitude, and back this up by a determined effort to promptly pay every little indebtedness possible and thus put in circulation not only the hopeful smile and encouraging word, but a little cash to grease the wheels of business, we believe the unpleasant aspect would diminish to the vanishing point, nobody would be the worse for the effort and all would be better. Begin now, and give it a thirty day trial.

### A VERY MICHAN GAME.

An Owen Sound carpenter, who was employed on local contracts, and who has thought it wise to rid the town of his presence, played an extremely low down game last week and one for which he well deserves imprisonment. The story as told by the police is that he communicated with an agency in Toronto stating that he was a respectable man, possessed of considerable money, and that he desired to employ a woman to act as his housekeeper. On this fact being advertised a highly respectable widow of about thirty years of age applied at the agency, and after paying a dollar was given the Owen Sound man's address. She wrote and received a reply telling her to come to Owen Sound as soon as possible. Accompanied by her little son, she arrived in town one night last week only to discover when she called at the address that the man who wanted a housekeeper, wanted her to pose as his wife. This she refused, locking herself in a room for the night. Next day a neighbor kindly gave her shelter and now the poor woman and her child are stranded in the town. The police were informed of the affair and as the result of inquiries learned that the self-proclaimed respectable man had shaken the dust of the town off his shoes. They also learned that he had spread a report, prior to the widow's appearance, that his wife, who was a resident in the west, was coming to reside with him, so that he had the whole scheme arranged to his own satisfaction. The widow has been advised that she has good grounds for an action for damages, as her would-be employer refused to pay her fare back to Toronto or even to reimburse her for all the expense to which she has been put through his heartless conduct.—Times.

Arthur Vogan, the 20-year-old son of Councillor Thomas Vogan, Warton, was drowned in the dry dock slip at that place on Monday evening shortly before 7 o'clock. The body was in the water nearly half an hour before being recovered.

Final returns from last year's wheat crop are now available, and illustrate the immense wealth of the prairies. The yield totalled up to 70,922,584 bushels, for which the farmers received approximately \$44,423,044, the total cash value of the crop being \$55,953,444.

### Rain Badly Needed.

It is four weeks last Monday since the last rain fall and the protracted drought is being followed by serious results in many places. Pastures are dry and root crops are suffering greatly. The ground is packed so hard in some places that the sowing of fall wheat is impossible. And still there are no signs of rain. Forest fires are raging throughout different parts of the country and many towns and villages are menaced. Three or four days' downpour of rain would be a great blessing.

### FORMER COUNCILLOR DEAD.

Mr. J. W. Frost, solicitor of the town of Owen Sound, died on Sunday while on a trip to New Liskeard. Mr. Frost was a son of John Frost, one of Owen Sound's pioneers, and was for many years prominent in municipal matters. In 1892-93 he was Mayor, and previously served as Reeve. He was also member of the County Council for several terms. At the time of his death he was town solicitor, an office he had filled for the past five years. In religion he was a Methodist, and in politics a Liberal, and was at one time President of the Reform Association. He is survived by a widow and three children.

Mr. and Mrs. F. H. Eaton, of Meaford, will celebrate their diamond wedding next week. Mr. and Mrs. Eaton have both considerably passed the eightieth milestone of their lives, and are still hale and hearty. The High School Board has very generously granted them the use of the gymnasium to enable them to handle the large gathering. Mr. Seymour Eaton, of Booklovers' Library fame, and the author of the Teddy Bear books, which have been so popular on this continent, is the son of Mr. F. H. Eaton.

Charge for the advice you hand out and people will gladly take it.

The six Hamilton men caught in a barn early Sunday morning were fined \$5 each.

### ADVERTISE.

The advertising merchant one who does the business days of push and enterprise are more newspaper readers than ever before in the world. The newspaper your business under the eye-buyer. He sees what he and knowing where to look up the wide awake man who asks him to come him. Success in these days sharp competition calls for vigilance. You can't keep a hustler down.

A school girl was required to write an essay of 250 words on an automobile. She submitted the following: "My uncle bought an automobile. He was riding in the country when it busted up on a hill. I guess this is about all the words. The other two hundred and thirty words, what my uncle said when he was walking back to town, but they are not fit for publication."
