## THE NIGGER IN THE WOOD-PILE

Thousands of people go through life feeling more or less miserable without knowing the reason. They suffer from headaches, indigestion, pains in the back, and at the slightest chill rheumatism or neuralgia.

They try to cure these separate troubles, never suspecting that the root of the whole trouble is the failure of the bowels to move regularly, and in many cases the sluggish action of kidneys and skin. The result, of course, is that the whole system gets clogged with impurities, which soon turn to poison, and show their presence in various ways.

"Fruit-a-tives"—or fruit juice tablets—promptly stir up the sluggish liver, regulate the bowels, and stimulate the kidneys and skin to do their work properly. Thus they cure all these troubles by removing the cause, and make it possible to really enjoy life. 50c a box—6 boxes for \$2.50. Retail size 25c. Fruit-a-tives Limited, Ottawa.

## OWEN SOUND

Fall Assizes opened here on Tuesday of this week. Tuesday afternoon as two little boys, Robert Moffatt, aged three, and "Buffy" Lindsay, aged four, were playing near the home of the farmer's father, Mr. Wm. Moffatt, Wellington street, they secured a ticket from among the articles of a neighbor who was moving away. They play the elder of the two chips cut the top of his second finger off at the first joint. Mr. Murray dressed the amputated finger.

New Year celebrations among the Jews of the community were held on Saturday and Sunday. The Jews of the town along with those from Winton, Lions Head and neighboring places, gathered about thirty in all, assembled in the hall in McLachlan's block on Serape street where the ceremonies took place. A week later the Day of Atonement will be celebrated with all the usual rites.

A chain gang, comprising eleven prisoners left here for the Central Prison, Toronto, on Sunday afternoon. Ten of the men arrived in front on the S. S. Manitoba having come from Kenora, Fort William, and the Soo. The other was Harry Barnett, who was sentenced here to one year's imprisonment for theft. The gang were in charge of Central Prison Bailiffs Ryan and Lyons.

Team Plunges into River—An unusual accident occurred shortly after ten o'clock on Saturday morning, and one by which a woman had a narrow escape from death. At the time a team of horses attached to a rig belonging to Mr. Joe Barfoot, Rossborough farm, Sarawak, were standing in front of the premises belonging to Messrs. John Wright & Sons. Barfoot and feed merchants, River street. Bags of peas were being removed from the vehicle and the unloading process was just about finished when the horses took fright. They dashed at full speed along River street and on hearing Division street bridge they crashed through the guard rail between the horse house and the bridge and fell into the river. A woman who at the time was walking over the crossing leading to the bridge had an extremely narrow escape. On descending the approach of the maddened animals stood paralysed with fear and had the horses not suddenly swerved into the river she must inevitably have been struck down. A large crowd gathered and every effort was put forth to save the drowning horses. Hopes were thrown over the horses and they were towed over to the west side of the river, but before they could be landed one of them had succumbed. The other was little worse for its immersion. They were a team of two-year-olds and both valuable horses, the one that was drowned having been purchased by its owner only a fortnight before for \$60. The rig was badly damaged, but fortunately no one was injured.—Times.

WHY COLDS ARE DANGEROUS Because you have contracted ordinary colds and recovered them without treatment, you do not for a moment imagine that colds are not dangerous. Everyone knows that pneumonia and chronic catarrh their origin in a common cold. Consumption is not caused by cold but the cold prepares the system for the reception and development of the germs that not otherwise have found a home. It is the same with infectious diseases. Diphtheria, scarlet fever, measles, and whooping cough are much more likely to be contracted when the cold is present. You will see from this that more real danger lurks in a cold than in any other of the ailments. The easiest and surest way to cure a cold is to Chamberlain's Cough Remedy many remarkable cures effected by this preparation have made it a staple article of trade over a large part of the world. For sale by L. Stephen.

ARE YOUR CHILDREN "CROUPY?" This trouble is deadly—must be stopped quickly. Nothing is so sure as the Nervine treatment. Give it internally, rub it on the throat and chest, and then put on a Nervine Porous Plaster. The marvellous power of Nervine, both as a liniment and in plaster form, will surprise you. For sore throat, coughs, colds, and pleurisy alone it is used by thousands every day. Invaluable in the home, especially for treating the minor ills that all children are bound to catch. ## BLOOD DISEASES CURED

Drs. K. & K. Established 20 Years.

NO NAMES USED WITHOUT WRITTEN CONSENT

He was surprised at how the sores healed. I had been afflicted for two years. I had consulted a score of physicians taken all kinds of blood medicine, visited Hot Springs and other mineral water resorts, but only got temporary relief. They would help me for a time, but after discontinuing the medicine the symptoms would break out again—running sores, blotches, rheumatic pains, lossiness of the hair, swellings of the glands, pains of the hands, scalliness of the skin, dyspeptic stomach, etc. I had given up in despair when a friend advised me to consult you, as you had cured him of a similar disease 8 years ago. I had no hope, but took his advice. In three weeks' time the sores commenced to heal up and I became encouraged. I continued the New Method Treatment for four months and at the end of that time every symptom had disappeared. I was cured 7 years ago and no signs of any disease since. My boy, three years old, is sound and healthy. I certainly can recommend your treatment with all my heart. You can refer any person to me privately, but you can use this testimonial as you wish. W. H. S.

**BREATHE HELD FOR CATARRH.**  
Druggists: W. Turner & Co. Are Having Splendid Reports from Hyomei Users.

It's the poison germs in the air you breathe that creates and feeds catarrh. Hyomei simply catches these germs on their way to work and destroys them. The first breath of Hyomei air kills all catarrh poison.

This makes the air you are breathing inward helpful, it goes on its way through the air passages, charged bronchial tubes and lungs, charged with germ destroying power that cannot be resisted. It soothes and heals the wounded and inflamed membrane.

That is why Hyomei is so helpful for any distress of the respiratory organs, colds, croup, bronchitis, asthma or dreaded pneumonia. They are the germ life that Hyomei kills. Complete guaranteed cure. Sold by W. Turner & Co. Tell them about it.
