CONDUCTOR KILLED AT HANOVER.

Slipped In Between Cars to Uncouple Them and Was Mangled in a Fearful Manner.

Charles P. Clarke, conductor of a C. P. R. mail train, met a terrible death at Hanover last Thursday. While switching the mail train off the main track to make way for the east bound express he slipped in between the cars to uncouple them. His foot caught in a "frog." Unable to extricate himself the car wheels passed over him, mangling him in a fearful manner. He lived about ten minutes, but was unconscious. He leaves a widow but no children. His parents live in London. His father and brother are also railroad men. The deceased, who was 34 years of age, had been conductor with the C.P.R. for about sixteen years, working his way up from a call boy. Last summer he was appointed superintendent of construction on the new branch line running out of Hanover, but on the completion of the work returned again to active work as conductor on a mail train. Clarke's home was formerly at West Toronto.

HAD QUIT WORK GAVE UP IN DESPAIR.

Restored to Health by Vinol.

"I was sick, run-down and finally had to give up work. After trying a number of remedies and several physicians, I was just about ready to give up in despair. I saw Vinol advertised and decided to try it, and it has done more good for me than all other means combined. It has built me up and restored my strength until I now feel twenty years younger, and am able to attend to my work again as usual." Job Jeavons, 1036 Lind street, Wheeling, W. Va.

The reason Vinol is so successful in such cases is because it contains tonic iron and all of the strengthening blood-making and body-building elements of cod liver oil, but no oil.

Vinol is unexcelled as a strength creator for old people, delicate children, weak, run-down persons, and after sickness—and is the best known remedy for coughs, colds and bronchitis.

We return your money if Vinol fails to give satisfaction. W. Turner & Co., druggists, Markdale.

JUMPED FROM FREIGHT TRAIN.

James C. Neilson, of Proton Station, Received Injuries From Which He Has Since Died.

Mr. James C. Neilson, jr., of Proton Station, who jumped from a swiftly-moving train on Monday of last week, succumbed to his injuries the following Thursday. He was married only last New Year's Day to Miss Stella Whitby, daughter of Mr. J. W. Whitby, formerly of Markdale, and the shock to the young widow is indeed great. Mr. Neilson had been in Dundalk on the said morning, and wishing to return home to Proton shortly after dinner he boarded an empty car of a freight train which was just then leaving the station. As the train approached Proton he saw that it was not going to stop, and he was seen to jump from the car. The train was travelling at about 35 miles an hour and the height from which he jumped threw him to the ground with great impact. His leap cleared the track well, but is thought that the suction caused by the speed of the train drew him back to the track. He was picked from the cinders in an unconscious condition, with one side of his face badly bruised and cut, the eye being burst and the flesh on the arm torn. The worst gash was in the back of the head which reached the brain, and is supposed to have been caused by contact with some part of the running gear of the car. Dr. McWilliams, of Dundalk, was on the spot shortly after the accident and did everything possible to allay the sufferings of the unfortunate man. His condition did not give out much hopes or recovery from the first and he remained in a delirious condition until Thursday night, when he passed away. His death, coming so suddenly and so tragically, has awakened great sympathy for his young wife. The funeral took place on Saturday from his home at Proton Station to Flesherton cemetery and was largely attended.

BROKE HIS COLLAR BONE.

Mr. W. F. C. Arlidge, of Meaford, Takes a Header Off His Motorcycle at the Driving Park.

Not being particularly busy on Tuesday afternoon, Mr. W. F. C. Arlidge thought he would take a spin up to the Meaford Driving Park and see what record he could make with his motocycle on the new half-mile track which was being put in condition for the races to-day. Mr. Arlidge had wheeled around the track several times and was in the act of applying the brake to turn a sharp curve when all of a sudden the machine began to wobble. Mr. Arlidge managed to keep his equilibrium until a loose bolt, it is thought, caused the front wheel of the motocycle to turn clean around, with the result that he was thrown violently forward, striking the ground with his head and shoulders. When picked up it was found that his collar bone was broken, while his head and right leg were slightly injured.—Mirror.

KILLED AT WIARTON.

A very sad accident occurred in Wiarton Monday, by which Alexander Day, a young man of only 23 years of age, lost his life. Linton and Byers have the contract for driving spiles to protect the fish hatchery from the flow of ice. The spile was at the end of the scow on which there was the machinery for operating. The hammer which dropped a distance of fifteen feet weighs 2200 pounds and the rope was wound round a drum on the scow, the wheel being fastened by a dog. When the hammer was going up, and before the wheel was fastened by the dog, it appears that Mr. Day bent underneath the hammer to shove out the scow. Something tripped the hammer, it may have been the motion of the scow, but it is more likely oil working out from the interior of the machinery causing the friction to refuse to catch, and down the heavy weight came on his head and body, mangling it in a heartrending manner. Just why Mr. Day should have bent underneath the hammer is a mystery, as it was a most dangerous thing to do, and something everyone had been warned against. The deceased leaves a widow, to whom he was married only seven weeks ago.

L. L. Peltier--Mona Rutledge.

(Fort William Morning Herald.)

A charming wedding was celebrated on the afternoon of Oct. 15, at half past four o'clock, when Miss Mona Jane Rutledge was married to Mr. Louis Lawrence Peltier, son of Mr. and Mrs. L. L. Peltier, Cameron street. The bride is the daughter of Ex-Mayor and Mrs. E. S. Rutledge, and the marriage took place at the home of the bride's parents, 203 North Syndicate avenue, Fort William. The ceremony was performed by the Rev. M. C. Flatt, and the bridal party stood under a bell of smilax and flowers. The youthful beauty of the bride was enhanced by the lovely wedding gown of white point d'esprit over soft ivory satin, made "en princesse" and beautifully trimmed with white satin ribbon. Upon her head she wore a tiara of orange blossoms and in her hands she carried magnificent bridal roses. She also wore a superb crescent pin of gold and pearls, the gift of the groom. Her only attendant was her little cousin, Berta Rutledge, who very gracefully performed her duty as flower girl. She was very prettily dressed in white net over silk and carried a basket of roses and vale lilies. Her gift from the groom was an opal ring.

Miss Edna Rutledge, sister of the bride, played Mendelssohn's wedding march, and wore a pretty frock of embroidered mull. Mrs. Rutledge, the bride's mother, was handsomely gowned in black voile over silk with fichu of rich lace.

After the ceremony, the guests (consisting almost exclusively of relations of both families) were entertained at the "dejeuner." The handsome bridecake, which was supplied by Lowe, bore at the base the inscription "1884-1908," as yesterday was the twenty-fourth anniversary of the bride's parents. Mr. and Mrs. Peltier left immediately after the reception for the West, where they will spend their honeymoon. On their return they will take up their residence in their elegantly furnished home on Victoria avenue. Mrs. Peltier travelled in a brown striped cloth costume and hat "en suite."

The wedding presents were exceptionally handsome and costly, including a piano from the parents of the bride a handsome cheque from Mr. L. L. Peltier, a set of Limoges china from Mr. and Mrs. Edward Rutledge, and a beautiful hand worked bed spread, the gift of the bride's maternal grandmother. The floral decorations, which were elaborate and artistic, included a great bunch of heather bloom from Scotland.

Among the out-of-town guests invited to the wedding were Mr. and Mrs. James Ogilvie, Ottawa; Mrs. Robb, Mrs. Gilbride, the Misses Helena and Grace Gilbride, Mr. and Mrs. R. Robb, Mrs. Vernon Hart (formerly Miss Rhoda Peltier), Mrs. Irving, all of Montreal; Miss Cranston, Lucan; Mr. J. B. Peltier, Regina; Mr. and Mrs. Polson, Seattle; Dr. H. G. Peltier, brother of the groom; Mrs. P. H. Thibaudeau, Messrs. P. and J. Thibaudeau and Mrs. J. T. Thibaudeau, Markdale; Mrs. J. McNicoll and Mr. and Mrs. M. L. Thibaudeau, Ithica, Michigan; Mr. and Mrs. B. O. Wright, New York; Mr. and Mrs. J. R. McNabb, Cranbrook; Mr. and Mrs. G. W. Armstrong, Winnipeg; Mr. and Mrs. J. W. Rutledge, Mr. and Mrs. C. W. Rutledge, Markdale; Mr. and Mrs. R. W. Wilson, Mr. and Mrs. P. Manahan and Mrs. R. J. Elliott.

AGED MAN WALKED 22 MILES.

An old man bent with age and leaning heavily on a stick appeared in the police court Thursday morning and was charged with vagrancy. He gave his name as William Taylor and said that he had journeyed from Hamilton. He was seventy-five years of age and had walked twenty-two miles the day before. He had no particular place that he could call home. During the summer he had done odd jobs at gardening and had thirty-five cents left. The magistrate decided to dismiss the charge against him and ordered the chief constable to see that he was put on the train for Hamilton this afternoon.—Owen Sound Times.

UNIVERSALLY PRESCRIBED FOR HAY FEVER.

Scarcely a doctor but recommends his patients to use Catarrhozone for Hay Fever. It contains no opiates, is antiseptic, pleasant, sure, stops running of the eyes and nose, prevents choking sensations, langour and fever.

No remedy is a more positive, certain and permanent cure for Asthma, Summer Catarrh and Hay Fever.

Be sure you get Catarrhozone. Price $1.00 at all dealers.

Alex. Mann, gardener, of Orangeville, has issued a writ against the Superior Portland Cement Co. for damages to his garden, caused, as he alleges, by cement dust and smoke from the plant.

WONDERFUL VALUE.

All Canadians are proud of the wonderful success of the Family Herald and Weekly Star of Montreal. Few homes in Canada will be found without it to-day and every home is the better for receiving it. It is a weekly newspaper, family magazine and agricultural journal, all three in one, and each one worth what they ask for the whole combination. Our readers should all have their local paper, but no family can well afford to be without the Family Heraly and Weekly Star. It is simply marvellous what a vast amount one gets for a dollar a year. The Family Herald and Weekly Star is looked upon as a clean family paper in every respect.

Canada is ready to consider reciprocity with the British West Indies.

Stomach troubles would more quickly disappear if the idea of treating the cause, rather than the effect, would come into practice. A tiny, inside, hidden nerve, says Dr. Shoop, governs and gives strength to the stomach. A branch also goes to the heart, and one to the kidneys. When these "inside" nerves fail, then the organs must falter. Dr. Shoop's Restorative is directed specially to these failing nerves. Within 48 hours after starting the Restorative treatment patients say they realize a gain. Sold by W. Turner & Co.

DURHAM BOWLING GREEN

The Durham Chronicle states that the bowling green [illegible] constructed by Mr. [illegible] at the rear of his new [illegible] the work was done by Richard McGreary, a [illegible] and lovers of bowling [illegible] a first class [illegible] enough for four greens [illegible] be found necessary [illegible] grounds will be [illegible] accommodate [illegible] number of bowlers.

PREVENT TAKING COLD.

Often you come home [illegible] shivering—feet are wet, throat [illegible] chest a little sore. A bad cold just beginning. Put a Nerviline Porous Plaster on your chest, throat with Nerviline and take a stiff dose of Nerviline in water. This prevents a chill, checks the cold instantly. No remedy so useful in the home. To prevent serious illness use Nerviline and Nerviline Plasters. Sold by all dealers, 25c. each. but insist you get the genuine, as there is no substitute.
