It isn't so difficult to strengthen a weak stomach if one goes at it correctly, and this is true of the Heart and Kidneys. The old fashioned way of dosing the stomach or stimulating the Heart or Kidneys is surely wrong! Dr. Shoop first pointed out this error. "Go to the weak or ailing nerves of these organs," said he. "Each inside organ has its controlling or 'inside nerve.' When these nerves fail then these organs must surely fail. This vital truth is leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. A few days test will surely tell. Sold by W. Turner & Co.

LORD MINTO TO RESIGN.

Reported That Lady Minto Cannot Stand India's Climate.

London, Nov. 2.—It is reported in official circles to-day that Lord Minto has arranged to resign the vice-royalty of India in the spring, owing to the health of Lady Minto, who has never got accustomed to the climate of India. The sudden change from the air of Canada proved injurious, and her physicians say this must be her last winter in India, as even the cool season does not agree with her.

While it is still a matter of conjecture, the name of Winston Churchill has been mentioned as a probable successor to Lord Minto, and this would mean that he would receive a peerage. There are many of his compeers in the Cabinet who would be glad to get him out of it on account of his forceful way of saying and doing things, and it is also said that as he is not rich, the salary of \$100,000 a year and allowances of almost twice that amount would prove very acceptable.

By special desire of the King, the wedding of Lord Minto's daughter, Lady Violet Elliot, to Lord Charles Fitzmaurice will take place this winter in India, instead of next summer in London. It will be conducted with much pomp.

A farmer in a neighboring county says he has adopted a plan of advertising in the home papers which has saved him much valuable time and brought handsome returns for the money invested.

He says: "When I am ready to sell I insert a little advertisement in the local paper telling what I have to sell, and if livestock how many head of each, and when they will be ready to ship, and the result is that the buyers are right after me either personally or by mail; and naturally I always get the highest market. If I wish to buy a horse, a steer, a cow, or a dozen of each, I insert a little advertisement which costs me but 50c, and instead of travelling around the country inquiring of my neighbors who has this or that for sale, the same newspaper does it for me at small expense, and those who have what I want manage to let me know in some way."

A GOOD POLICY.

The Dundalk Herald announced that it remained neutral during the late political campaign in East Grey, but has given considerable space to reporting the meetings of both sides. Several other local papers, especially in places where there are only one or two, have been similarly silent. We are not inclined to blame them for doing so. In a country such as this, in which metropolitan papers may easily find their way into every home, the ordinary local newspaper has enough to do to attend to local business. In a place where there are two or more papers, supposed to be on different sides of politics, the situation is quite different, and the public expect them to give opinions on political questions. To unravel a lot of politics is one of the easiest ways for a local newspaperman to supply himself with copy, should there be a scarcity of local news, but in the humble opinion of the writer it is not wise to keep dabbling in politics all the year round. In any event whether a local paper indulges in politics either all the time or periodically an effort should be made to stay somewhere near the truth and avoid the dirty remarks and glaring untruths that too often are indulged in during an election contest. The man who deliberately and knowingly lies in print need not be surprised if he loses the public confidence.—Durham Chronicle.

A clergyman writes: "Preventics—those little Candy Cold Cure Tablets are working wonders in my parish." Preventics surely will check a cold, or the Grippe, in a very few hours. And Preventics are so safe and harmless. No quinine, nothing harsh nor sickening. Fine for feverish, restless children. Box of 48 at 25c. Sold by W. Turner & Co.

W.C.T.U. COLUMN

DOES IT PAY?

(By Charles Stanton, Field Secretary, Department of Temperance of Presbyterian Church, U.S.A.)

Does it pay to license a traffic which lessens the helpful things of life, which increases their cost and diminishes the ability to pay for them?

Does it pay to license a traffic which makes men less skillful, less steady, less reliable, which lessens endurance, lessens self-respect, and the respect of others, lessens confidence, lessens credit, lessens the demand for food, clothing, shelter, and tools with which to work?

Does it pay to license a traffic which increases idiots, paupers, criminals, lunatics, and epileptics, and casts them upon society to be supported by decent, honest, industrious people?

Does it pay to license a traffic which increases taxes by creating a necessity for jails, penitentiaries, asylums, hospitals, almshouses, orphanages, reformatories, police and criminal courts?

Does it pay to license a traffic which decreases a man's industrial efficiency so that the government reports show that 72 per cent. of agriculturists discriminate against him for using it, and that 79 per cent of manufacturers, 88 per cent of tradesmen and 90 per cent of railroad officials do the same thing?

Does it pay to maintain a national quarantine against criminal and dependent classes from abroad and license 250,000 saloonkeepers to manufacture such products at home?

Does it pay to support the families of saloonkeepers and bartenders and pay their rent, taxes and insurance, and buy luxuries for them in order to get a few pennies in revenue and license out of the many dollars which they filch from the pockets of industry?

Does it pay to employ teachers to teach children the evil effects of alcohol upon the human system and license men to sell a thing which inflames the stomach, hardens the brain tissue, softens and weakens the blood vessels, impoverishes the blood, overworks the heart, retards the elimination of effete matter, dims the eye, dulls the hearing, diseases the throat, lungs, kidneys, liver, nerves and muscles; the demand for which is wholly artificial and when supplied serves no good purpose?

Does it pay to call ministers to preach the gospel of love, charity, honesty, purity, forgiveness, and redemption and license other men to engage in a traffic which fosters hate, engenders strife, breeds dishonesty, impurity and destruction?

Does it pay to send missionaries to the heathen to point out the way of salvation and from the same port and often in the same vessel send "liquid damnation"?

Does it pay to build a palace for the brewer, hire servants and buy silks for his wife, and own wife in rags, make her take in washing to support the family and finally send her to the poorhouse and bury her in the potter's field?

Does it pay to levy a tax to support orphans and widows and license the murder of husbands and fathers? Does it pay to license a traffic which is always and everywhere known to be the enemy of everything sacred to God and man?

Does it pay to maintain on our coasts 275 life saving stations at a cost of a little more than a million and a half, and out of the same pockets and under the same flag maintain 250,000 life-destroying stations at two billions and a half?

Does it pay to listen to the sophistries and fascinations of passion, prejudice and greed, and close your ears to the voice of conscience, reason, judgment, suffering, religion and God?

Does it pay to do that which will blanch the cheeks with fear and make you dumb with terror when at last you stand in the presence of the judge of the quick and the dead?

CANADA VOTES SOLID.

There may be a difference of opinion amongst the voters of Canada regarding political matters, but when it comes to a question of a newspaper to suit the Canadian people the vote is solid for the Family Herald and Weekly Star of Montreal. It is marvellous what popularity that paper enjoys. It is well deserved, too, for it is beyond question the best dollar's worth to be had. Every home in Canada should receive that great weekly, when it can be had for one dollar a year. In this section it reaches almost every home, and not one of them would think of letting their subscriptions expire. The Family Herald and Weekly Star is too good to miss, even a single copy.

CHERRY GROVE

On Sunday morning, Oct. 27, there passed away at the home of her parents, Mr. and Mrs. Wm. Myers, their eldest and dearly loved daughter, Mary Amelia, at the early age of 24 years. "Millie" as she was familiarly called, had not enjoyed the best of health for some years, though up to the beginning of her late illness had in measure taken part in the performance of household duties. The immediate cause of death was pneumonia, she having been ill but a few days. She is much missed by a large circle of friends, by whom she was well and favorably known. The funeral, which took place on Tuesday, Oct. 27, to the Markdale public cemetery, was very largely attended, services being conducted at the house and gravestone by her pastor, Rev. J.S.I. Wilson, assisted by Rev. Mr. Laidlaw. The former chose as his text for the solemn occasion the words "He sun is gone down while it is yet day," from which he delivered most eloquent yet simple and impressive discourse. Rev. Mr. Wilson, in referring to his late visit to deceased, testified as to her firm trust in Jesus as her Redeemer. By special request Mr. and Mrs. W. E. Bradey sang "Some Sweet Day By and By," the favorite hymn of deceased. The pallbearers were: Jas. Conley, Ran. Bradey, John Hodgins, Balmer Bradey, Roland Bradey, and Will Dickie, all of whom had been former schoolmates of deceased Mr. and Mrs. Myers and family have the heartfelt sympathy of the community in their bereavement. We extend hearty congratulations to Mr. and Mrs. Thos. Harvey and welcome them to our burg.

RIVERDALE

Halloween passed off very peacefully in this vicinity. Joseph Boyd has been laid up several weeks with a severe attack of pulmonary trouble.

Our popular and esteemed bachelors Messrs. Faulkner and Kirby, are looking exceptionally well these times. Wonder why?

An item in Riverdale correspondence last week which read "Mrs. McIntosh of Toronto," should have read "Miss McIntosh of Shelburne."

Mr. David Boyd attended service at Ebenezer on Sunday last.

It is reported that there is going to be a big quadrille in our burg in the near future. Particula later.

In reading last week's Standard we noticed an error in our eastern cor, stating that Mr. James Wiley had purchased Mr. Eadden's farm on the Ninth Line. It should have read "in Riverdale."

Mrs. Mathers and Mrs. Jas. Wilson of Beaverdale, visited friends in this vicinity on Monday.

Mr. L. Boales and Mr. E. Cutting visited friends in Markdale the first of the week.

BERKELEY

The members of L.O.L. No. 176, Berkeley, assembled in their lodge room on Sunday, Nov. 1st, and marched to St. Matthias Church for Divine service, where they listened to an able discourse from text, Heb. 12: 12-13. After service they returned to the hall where the following resolution was unanimously adopted:

To Rev. J. A. Robinson: Dear Sir and Brother,—We, the officers and members of L.O.L. No. 176 wish to tender you our sincere thanks for your able address to us this afternoon. We also wish to express our regrets at your leaving this community, but our loss will be another's gain.

ORANGE VALLEY

Halloween passed off very quietly in these parts.

Mr. and Mrs. W. J. Beatty visited friends at Stone's Settlement on Sunday.

Miss Gertie Hill spent the week-end at her home here.

Mr. and Mrs. A. Beattie visited at Dundalk recently.

Fires have been raging in this vicinity for some time but we are glad they are dying out.
