Standard Want Ad. Column Regarding Stray Cattle.

After the honeymoon is the time when domestic help becomes pressing. A Want Ad. in our paper will solve the problem. Desirable people who want employment appreciate its value and consult the "Help Wanted" ads.

The laws of Ontario regarding stray cattle are definite. In cases where cattle are at large and wander onto the premises of one who is not their owner, there are two courses to pursue. As soon as the animal is discovered on the man's premises, he may drive it to the pound and notify the clerk of the municipality, who will attend to its release or indisposition or he may secure it on his premises and retain it while he is complying with statutory requirements for its disposition, which are these:— He must first publish a notice of the presence of such beast on his property, in a newspaper published in his locality, for three consecutive weeks. If the owner fails to claim the animal, its custodian must keep it for two months, and if its value exceeds \$20 it must be sold, and after all expenses of harboring and sale, which must not exceed \$20, have been deducted, the balance must be handed to the treasurer of the municipality, in case the lawful owner of the animal has not in the meantime been found. If the value of the animal is below \$20, it becomes the property of the man on to whose premises it has strayed, after he had properly advertised its presence. When an animal is claimed, and expenses of pasture or feeding are determined, the law makes provision against exorbitant charges. Any person harboring animals which are not his own, and does not advertise their presence, is liable to prosecution, when a heavy fine may be imposed by a justice of the peace.

It isn't so difficult to strengthen a weak stomach if one goes at it correctly, and this is true of the Heart and Kidneys. The old fashioned way of dosing the Stomach or stimulating the Heart or Kidneys is surely wrong! Dr. Shoop first pointed out this error. "Go to the weak or ailing nerves of these organs," said he. "Each inside organ has its controlling or 'inside nerve.' When these nerves fail then these organs must surely falter. This vital truth is leading druggists everywhere to dispense and recommend Dr. Shoop's Restorative. A few days test will surely tell. Sold by W. Turner & Co.

F. T. HILL & CO. Winter Is Here; Are You Prepared For It? If not, we can supply all your requirements and many lines at much less than standard prices.

F. T. HILL & CO. VANDELEUR Division intends holding an open air meeting in a few days. Preparations for same are now being made. Don't miss this treat. Particulars later. RIVERDALE Mr. and Mrs. Robert Gibson visited friends at Keady recently. As a result of the snow flurry on Monday and Tuesday the sleighing is excellent. Mr. Geo. Nesbitt has been engaged wood sawing by steamer during the past few weeks. It is rumored that there is going to be a spacious skating rink erected in our burg shortly. We understand there is a good time coming at Cherry Grove in the near future. O, let it be soon! Owing to everybody attending to their own business, news is rather scarce around Riverdale this week. The Ebenezer annual Epworth League quilting bee, held at the home of Mr. Walter Richardson on Saturday was a success. Miss Belle Walker returned on Thursday from her visit in the West. We are sorry to learn that Mr. Alex. Ward is ill of typhoid fever in the West. We hope to hear of his speedy recovery. The members of our League were the guests of the Vandeleur League last Wednesday evening and all report a very pleasant time. R. G. and W. NOBLE.
