OUR GREATER JANUARY SALE

FOR THE NEXT FIFTEEN DAYS we put on our Annual January Clearing Sale, previous to stock-taking, when we will sell many lines of dependable merchandise at prices in many cases that represent a big loss and are much below wholesale cost of the goods, but this is our way of doing as we like to start every season with bright fresh new goods. This, we believe, is good business. We never do anything for affect. That is one reason why you never see the front of our store all placarded with bills; that is the very reason we don't tell you that we are going to close our store for any particular day to mark down goods. This is what we call doing things for affect. Anything we do must have good sound business reasons for it. Competition is the barometer of trade merchandising and you may always depend that we are always willing to meet competition, so be on hand early. Compare our prices and qualities in this sale with what you can do anywhere and we will be satisfied.

**Sale Commences on Wednesday Morning, January 6th,
and Our Stock is the Largest in Markdale.**
