## MADE-AT-HOME RHEUMATIC TREATMENT

Some Simple Precautions Which Will Prevent a Recurrence of Attacks.

A prominent citizen, who had for years suffered from rheumatism and rheumatic gout, has been giving his friends the benefit of his experience, and incidentally a copy of the prescription which was of material assistance in effecting a cure.

In the first place, he found that every time he partook freely of acid fruits his old trouble returned; and, secondly, he learned that it was absolutely essential to keep the kidneys active. To do this it was necessary to drink plenty of water. Occasionally he would dissolve a lithia tablet in the water to assist its action on the kidneys.

The treatment is as follows: Procure from your druggist:—

Fluid Extract Cascara..... 1/2 oz.  
Syrup Rhuibarh ..... 1 oz.  
Carriana Compound ..... 1 oz.  
Compound Syrup Sassafras 1/2 oz.

Take one teaspoonful after each meal and at bedtime.

This is valuable information. This can be mixed at home. Save the prescription.

Repeat "Shiloh's Cure" will always cure my coughs and colds.

## DORNOCH

Although late, permit me to echo the old-time wish, "Happy New Year" to the editor and all Standard readers.

The holidays are over and all are gone back to their arduous duties in city and town, leaving and carrying pleasant recollections, and the quiet routine of rural life rolls on, ineffectual as heretofore.

Miss Nellie Vasey returned to Clinton to assume control of her school, a position, she has filled very acceptably, having entered on her third year there.

Mr. Wm. Lister is visiting his daughter, Mrs. P. J. Sullivan, at the Irish Lake, this week.

The winsome face of Miss Kate Corlett is seen once more in our midst. She returns to Toronto shortly. While here she is the guest of her brother, Rob Corlett.

Miss Nellie O'Hearn returned to her home at the Lake in time to participate in the Christmas festivities, after an enjoyable visit of some weeks with friends at Dornoch.

Mr. and Mrs. Jack Sullivan and two children spent Christmas at the Irish Lake with the latter's parents, Mr. and Mrs. Thomas Sullivan, where a most joyous reunion took place of their family, consisting of twenty-five in all. That the estimable old couple may long be spared to preside over many similar events is the sincere wish of your cor.

## You Can Heal Your Lungs at Home.

Don't give up hope. Don't go away from home to die. Don't ruin your stomach with useless "dope" and patent medicines. Your lungs will heal themselves—readily as a cut on your finger heals—if you give them a chance.

What they need is more oxygen—more pure air—and Lung Food to help destroy the most malignant germs of the disease. All competent physicians of today recognize that God's pure air is the first and last requisite in the treatment of all diseases of the lungs.

Our method of treatment—which has been successful in hundreds and thousands of cases—discards drugs, and invigorates and develops every cell of the lungs, and at the same time destroys the germ of disease in the affected cells by the aid of Lung Food and allows nature to heal them. Our LUNG BATH carries life-giving oxygen to every cell of your lungs, and increases your lung capacity from the first day of its use. Prominent physicians endorse the LUNG BATH as the only rational method of combating the great White Plague.

Will You Try It?

We want every consumptive and every person with tendency toward consumption, to try the Lung Bath.

It does you no harm, and it may save your life. It is a single case in which a patient had vitality kept him alive for 90 days. It has enabled one of the same people who had been told to live only 30 days to live 100 days. If you can live 90 chances out of 10 of getting better. These are results—not theory. Is the doctor worth your investment with such a record not worth your investment? You more than half way to recovery. The improvement from the first thirty days) or refund your money. The slightest expense to our friends see benefit in it. Your physician if he is a modern physician will endorse the LUNG BATH as the only rational method of combating the great White Plague.

Write today for particulars. Describe your case. Ask for pamphlet and testimonials.
