The fortnightly services at the home of Refuge will be held at 8 p.m. instead of at 2:30. The next service will be on Tuesday evening the 20th.

The Toronto Daily Star of Tuesday contained an excellent photo of Mr. Joe Kelly, a Markdale boy who is now living in Owen Sound and who will probably play across with the Tecumsehs of To into this summer.

Appropriate Easter services were held last Sunday in the Methodist church and the choir under the leadership of Miss Irene McLean furnished excellent and fitting music. In the evening the delegates took part in giving reports in the recent Missionary Conference in Toronto.

Mr. J. Hartnett, near Kimberley, lost two children last week in a similar manner. They died suddenly within a few hours of each other from acute dysentery, attributed to some form of poison from these they had eaten. The mother was seriously affected, but the doctor responded to medical treatment. The children were 1½ and 3 years old.

Oshawa Enterprise: J. O. Stinson offered extra facilities for a report of the Kildare murder. This was found to be insufficient to meet the morbid demand for particulars of this terrible case. An extra supply was ordered containing reports of the World's Missionary Congress in Toronto this week, but none were sold. It is difficult to account for present-day tastes, and it is to show that a campaign of education is really needed right in our own community.

Every editor of a country newspaper likes to receive interesting news from his district. Everybody can write grammatically, but the editor takes all kinds of liberties with articles sent for publication. He will "fix up" your copy if you give him the facts. It is good practice for young folk to write for the local paper—not mere gossip or jibes, at some other neighbor's boy who goes to seek another neighbor's girl. Such trifles may be subjects for conversation in local social circles but not for publication in the family newspaper. The proper presentation of the important happenings of every section within reasonable distance of this town will always find a welcome in the office of this journal. One way to judge of the character of the news we desire is news we print. Send in what you think will be acceptable item or two should not appear and not feel badly.

IMPORTANT TO LADIES.

It is not often an opportunity occurs at your door to see the latest Parisian and New York styles in Hair Goods, yet such is the case as Prof. Dorenwend, of Toronto, is visiting this town, and invites your inspection of these goods at his private apartments reserved at the hotel.

These Hair Goods styles, when properly adjusted protect and ornament the head, soften and beautify the expression of the face, and consequently take up an aged appearance. Be sure and see them at the Marldale House, Markdale, Thursday, April 22nd.

Repeat it—"Shiloh's Cure will always cure my coughs and colds."

EASTER SERVICES
AT CHRIST CHURCH.

Temple Hill Church, Rocklyn,

which has been closed for about four weeks whilst in the hands of

painters and decorators, was re-opened last Sunday, 4th inst. Al-

though the roads were not in a

favorable condition for driving a long distance, the church was

crowded both morning and evening.

Rev. Mr. Wilkinson, Methodist

minister, Rocklyn officiated at the

forenoon service, preaching an ap-

propriate discourse from Jer. 50:5.

Mr. Wilkinson preached again at night, an impressive discourse on John 2: 21, which was followed by an interesting address by Rev.

Mr. Lemon, of Walters Falls, on the

National Missionary Congress in

Toronto, from which he had just

returned. All present went away

greatly benefited by the services.

The ice-cream social in the base-

ment of the church next evening

was also great success.

The seating room of the basement was

taxed to its utmost.

Excellent music was furnished by the

stringed orchestra, the choir and

several vocal soloists, while Mr.

Wilkinson gave an address on

"Strength." Refreshments were

served midway in the programme,

everyone doing ample justice to the

ice-cream prepared by the ladies.

The contract of cleaning and dec-

orating the church and basement

has been carried out in a very

satisfactory manner by the Merriman Bros., of Chatsworth, assisted

by Mr. G. Vail. Part of the work

was of a difficult nature, viz., the

removal of all the old paint and

Church Re-Opening.

various items from the seats and wainscoting of both church and base-
ment. It was a tedious operation, but it was done thoroughly. The walls of the church and porch are
painted yellow, the ceiling a lemon yellow, the floor panelled. The walls
are a buff with the ceiling the same as the
church. All the windows have been
decorated with Muranese glass.

Postponed.

Mr. Thomas La Mercer's Stock

Sale, which was to have taken

place on Tuesday was postponed

and will take place on Saturday,

the 25th April, beginning at two o'clock.

The bad state of the weather

was the cause of postponement.

See notice for particulars.

NOTICE.

A meeting of all who are inter-

ested in the cemetery, south of

Berkeley, will be held in the

school house on Friday, the 23rd April, at

7.30 P.M., for the purpose of decid-

ing on the question of maintenance.

Andrew Gillespie.

The Newmarket Herald reports

the interesting experience of Rev.

Mr. Peter Parker, of that town, just back

from a tour to California. When on

the Canadian Pacific Railway going to

Vancouver, he proposed a service on

Sunday morning. It was agreed

that he should convert the Observa-

tion deck into a Chapel. The ques-

tion was a vital one.

Lady near him said she would

not go to the new Chapel. He

asked her if she knew the

name of God to Thee?" With

this she said she was perfectly

at home, and sang it

loudly that not another

of the hundred passengers dare

utter such a sound voice. They

were all spell-bound, and many

broke down in tears. The lady was no

other than Madam Melba, one of

the world's greatest sopranos. In

the afternoon, several Governors,

Legislators, and

and others, not to speak of

Judges, lawyers and journalists,

after tea, one of the Americans

had a speech. This was done,

and it was presumed that the preach-

er had an overflowing net.
