"QUEEN OF THE INLAND SEAS"

New Steamer Hamonic Makes An Auspicious Trial Trip from Collingwood to Sarnia.

Collingwood dispatch.—Carrying a full complement of passengers, the new steamer Hamonic of the Northern Navigation Company made her trial trip on Saturday and Sunday.

Already they call the new visitor to lake ports "the Queen of the Inland Seas," and apparently with good reason. The reputation of some of the large passenger boats plying between United States ports has been deservedly high, but the Hamonic equals their capacity and exceeds them all in the beauty, harmony and luxury of her interior arrangements. All the conveniences of the most perfectly appointed homes and the best ideas in the construction of all the latest transatlantic liners have been adopted in fitting up and finishing the ship. When by her performance Saturday and Sunday she showed herself, in addition to these things, to be a marvel of steady locomotion, the title "Queen of the Inland Seas" seems none too good for her.

Rarely has a trip been made under more favorable auspices, the Grand Trunk Railway, the Northern Navigation Company, and Old Probs. combining to make the occasion memorable. A party of ladies and gentlemen from Ontario and Quebec were taken on Saturday morning by special Grand Trunk train from Toronto to Collingwood, where they immediately embarked on the gaily decorated ship and steamed for Sarnia. A call at Owen Sound being the only interruption in the voyage. Sarnia was reached early Sunday afternoon, and again the special train was awaiting the party on a notably fast run to Toronto, stops being made only at London, Woodstock, Brantford and Hamilton to accommodate passengers for these points.

A CANADIAN BUILT BOAT. The Hamonic from keel to trucks is a Canadian product, having been built at the Collingwood shipbuilding yards. The feeling of national pride to which this must appeal is justified in the knowledge that the result is the last word in shipbuilding for the lakes.

Experts on boat-building admired the fine lines of the ship, but it was the magnificent interior fittings which appealed most strongly to most of the passengers, particularly the ladies.

Some of the dimensions of the boat are: Length, 365 feet. Beam, 50 feet. Tonnage, gross, 5,240. Horse power, 7,000. Passenger capacity, 400 first-class. Passenger capacity, 75 second-class. Package freight, 3,500 tons. Weight of steel used in building, 2,000 tons. Weight of completed vessel, 4,000 tons. Collingwood Shipbuilding yards have turned out twenty-two ships in five years.

Horses Wanted

The Weekly Sun has this to say: While there were, in the year of 1908, over two million head of horses in the Dominion of Canada, there appears to be no line of goods used by the farmer or produced by him, of which there is so great a scarcity, or where the supply is far short of the demand. This year sees the demand for good horses, especially good mares, suitable for farm work as well as breeding, probably keener than ever before. Recent demands for good scale and quality, suitable for the Western farm, were very wide and active, and prices paid have been high enough to be remunerative, while for fancy animals there is a fairly fancy price waiting every time. There is no business which seems sure of steady demand than that of breeding and raising good draft horses.

KIMBERLEY HAPPENING

(Crowded out last week.) Very dry weather at present. A good shower of rain is much needed.

Mr. and Mrs. Jas. Stuart treated a number of their young friends to a lunch party on Friday night last.

Miss Eva Black, teacher of the junior department of our school, has tendered her resignation as teacher, to take effect at summer holidays, after which she intends going to Normal school. Miss Black is an excellent teacher, and needless to say the section will much regret her departure.

Mr. H. V. Gaudin, who for the past few months has not been enjoying his usual robust health, has gone to New York state, where he will spend a few months recuperating his health.

We extend our heartfelt congratulations to Mr. I. B. Lucas, K.C., M.L.A., the popular and clever young member for Centre Grey, upon his recent promotion to the Cabinet.

The Eugenia football team drove over to our burg on Saturday evening last and played a friendly game with the locals, which resulted in a victory for the home brews, the score being 1 to 0.

Mr. S. S. Burritt is busy making excavations under his barn preparatory to the erection of a stone basement.

Miss Eula Hurd, of Meaford, spent Saturday evening and Sunday at her parental home here.

Mr. Wellington Fawcett and Miss Etta Wickens spent Sunday with friends at Rock Mills.

Mr. John Montgomery, of Markdale, occupied the pulpit in the Methodist church on Sunday night last.

Mr. John Stuart, of Powassan, visited friends here during the past week.

Mr. and Mrs. John Plewes visited friends at Collingwood last week.

Mr. Ernest Hamill, of Southampton, was the guest of his cousin, Mr. Edwin Hamill, during the past week.

Mr. J. E. Hammond, of Meaford, spent Saturday last at his parental home here.

Miss Lily Gilbert, of Meaford, is visiting at her parental home here.

Mr. John Risk has sold his farm to Mr. Herb. J. Reid.

Mr. John Plewes was in Owen Sound on Monday of this week, where he is having one of his patent steamboat propeller wheels cast for the steamer City of Meaford.

WRIT ISSUED FOR FALSE ARREST

Arthur Dargavel, the young Donnoch man who was arrested on a serious charge laid by Frederick Bleich, the father of Madeline Bleich, and who was honorably acquitted by Geo. Menzies, J.P., last week has issued a writ for unstated damages against the father of the girl, for false arrest and malicious prosecution. The writ was issued through Dargavel's solicitors, Messrs. McKay, Telford & Grosch. The case will not come up till the fall assizes.

The Slang Evangelist.

Here is the story of David and Goliath, as told with appropriate gestures to eight thousand people by Billy Sunday, the evangelist, at his revival meeting in Spokane: "And so David's pa comes up to him where he was working in the field and says: 'Dave, better go up to the house, your ma's anxious about the other boys fighting in the army hasn't heard from them by phone or anything and she'd like you should go look them up. So Dave hops on a trolley and hikes to the front and stays there with his brothers over night.' "In the morning old Goliath comes out in front of the Philistines and dares the Israelites to fight him. 'Who's that big stiff making all the big talk out there?' asks Dave. "Why, that's the head cheese of the big noise," says his brothers. "Why don't someone soak him one?" asks Dave. "We've all got cold feet," says the Israelites. "You fellows make me tired," says Dave, and he pikes out to the brook, gets four pebbles in his shepherd's sack, slams one at Goliath and soaks him in the crotch between the lamps. Goliath goes to the mat, takes the count, and Dave pokes him in the slats, chops off his block and the whole Philistine gang skidoed."

RIPING THE STOMACH

Stomach and Painful Operation aided by Taking "Fruit-a-tives."

Guelph, Ont., Aug. 6, 1908. I suffered for many months with Stomach Trouble, with vomiting, constant pain, and I could get practically nothing. My doctor stated that I must go to hospital and undergo an operation riping the stomach and be fed by syringes for weeks. All the medicine doctor gave me I vomited at once. I was greatly alarmed, but I dreaded operation and had refused.

I had heard of "Fruit-a-tives" and I was having in my mind to try them, and I decided to try them. To my surprise, the "Fruit-a-tives" not only remained in my stomach but they also checked the vomiting. I immediately began to improve in three days the pain was gone and was decidedly better. I decided to take "Fruit-a-tives" and I was completely cured. Mrs. August Hainstock. "Fruit-a-tives" are sold in boxes, 6 boxes a trial box 25c. At dealers or direct from Fruit-a-tives Limited, Ottawa.

FELL INTO VAT

Donnelly Wrecking Crew Was Badly Scalded.

Owen Sound, June 12.—Captain James Donnelly of the Donnelly Wrecking Crew was brought to Owen Sound from a severe scalding, when he fell into a vat of molten metal. He was working on the platform when the vat gave way, throwing him into the boiling liquid. His hands and feet were badly scalded. He was removed to the hospital, where under the treatment of Dr. Lang, he is making progress toward recovery.

GASOLINE PLOUGH

Application and examination of C. Smith and Sons completed the gasoline plough ordered to some weeks ago, set week on the farm of T.G. Smith. It made a successful trial, and any amount of power and fuel reasonably free of cost and a man trained to its use in an enormous day's work. Danham Review.

A CHARMING WOMAN.

Never saw a beautiful woman who didn't have beautiful hair. The hair of a beautiful woman is her hair. Many women do not prize the attractions they give because they do not give attention to the care of their hair. The hair of a woman of 400 are for their beauty, not because of their features are superior to other women, but because they know how to keep by supplying vigor, lustre, and life to the hair. A few years ago Parisian women hardly could be obtained in America. W. Turner & Co. of Markdale for 50 cents a box and they guarantee it to be beautiful, luxuriant hair; to turn lifeless hair into luxuriant hair; to stop falling hair; to remove the scalp. Under W. Turner & Co. will give your money back if it fails.
