COUNTY COUNCIL'S CLOSING SESSIONS

The County Council closed its
June session on Saturday forenoon
and by one of its last enactments
expressed itself as of the opinion
that skim milk was good enough
for inmates of the house of refuge
and the statement was made that
many of the farmers of the county
and some even of the members
themselves used separated milk on
their porridge. The matter came
up in connection with a motion by
Dr. Hershley that the inmates of
the house of refuge should not be
supplied with a poorer quality of
milk than was required by the
boards of health, and that the
manager be instructed to supply
them with whole milk. The motion
was voted down after the argument
had been advanced that the cream
was needed to make butter for the
institution and that if they drank
the cream with their milk they
could not have butter on their
bread. One member remarked that
the County of Grey was going on
record as a skim milk council.
The urban municipalities of the
County owe it to Dr. Mearns, of
Hanover, that they receive back
\$1,368.70, which was wrongfully
levied upon them for school pur-
poses during the last three years.
This levy should have been made
only upon the rural municipalities,
and the error was discovered by
Dr. Mearns last year. A by-law
was passed at this session to levy
the amount upon the rural munici-
palities and refund it to the ur-
ban ones. Owen Sound's share is
\$797.75 and Hanover's share
\$570.35.
Six meetings were held in all
during the session, three of which
were dealt with in our last issue.
The chief documents presented at
the Thursday meeting were the
presentment of the Grand Trunk at
the General Sessions, claims from
Dundalk and Normanby for \$80.69
and \$17.75 respectively as refunds
of expenses for inmates and an
application for grant of \$200 for the
Children's Aid Society.
A report from the Finance Com-
mittee recommended among other
things that no action be taken in
the matter of supplying county
constables with handcuffs; that the
matter of a grant to Strathcona
Hospital, Mount Forest, be laid
over till next session; that Owen
Sound hospital be granted \$1000
on condition that it receive in-
mates of the house of refuge who
need hospital treatment free of
charge; that each of the county ag-
ricultural Societies be granted \$200
and each of the Farmers Institutes
\$25; that application of the Walters
Falls Agricultural Society to be
placed on the same footing as
other societies and to share in
grants be granted; that \$250 of a
grant be made to the 1st Regiment.
These recommendations
were adopted.
A recommendation of the County
Property Committee that the mat-
ter of improvements in and around
the court house as suggested by the
presentment of the Grand Jury be
left with Chairman McClelland to
do what work he considers neces-
sary, was adopted.
By report of Finance the applica-
tion of the Owen Sound Horticultu-
ral Society for a grant was laid
over and no grant made, but \$50
was voted to the Salvation Army
rescue work.
Report of Education recommend-
ed that claims for maintenance be
paid as follows: Warton High
School, \$38.44; Mount Forest high
school \$48.10; Chesley high school
\$262.21; also that the Warden, Dr.
Hershley and Dr. Mearns be a com-
mittee to meet the public school
inspectors (travelling expenses as
referred to in the Warden's ad-
dress) Adopted.
The Communications and Mem-
orials Committee recommended
that no action be taken on the
matter of appointment of a drain-
age inspector advanced by the Kent
County Council; that the com-
munication of A. D. Creasor, police
magistrate of Owen Sound, re en-
larged jurisdiction, be referred back
for further information at the No-
vember sessions; that the Warden
and Dr. Mearns be delegates to the
convention for the betterment of
consumptives at Toronto in Sep-
tember. Adopted.
A by-law was passed enacting
that bridges for which the County
is responsible on township and
county lines must have a span of
ten feet or over and approaches not
exceeding 100 feet.
At the Friday afternoon meeting
reports were presented from Fi-
nance, Road and Bridge, County
Property, Education and Com-
munications and Memorials.

By-law 740, the one to levy a
rate to meet the current expendi-
ture and liabilities of the County
for 1910 was passed at this meet-
ing. The amount to be provided
for was \$49,194.15 and the total
rateable property of the County is
\$32,796,300. A rate of 1 1/2 mills
on the dollar will be levied to raise
the amount.
On motion of Messrs. Legate and
Wilson, a special grant of \$200 was
made to Hanover on condition
that Bruce made a similar grant
to assist in constructing a bridge
on the street connecting the County
line on the limits of Hanover.
On behalf of the members who
visited Meaford on Wednesday, a
vote of thanks was passed to
Mayor Horsley for the entertain-
ment he furnished them and the
clerk was instructed to forward
Mr. Horsley a copy of the resolu-
tion.
A vote of thanks was also passed
to Dr. Sproule, M.P., and W. S.
Middlebro, M.P., for coming from
Ottawa to assist the deputation
which waited on the Ontario Legis-
lation in reference to assistance for
the Meaford Railway.
The Saturday meeting started at
9 a.m. Several communications
and accounts were presented in
respect to which Mr. Legate said
the rule of council which required
all accounts to be in early in the
session or they would be laid over,
should be enforced. This move was
favoured and the accounts will re-
main unpaid until November.
The Centre Grey Women's In-
stitute wrote, not for the purpose
of expressing thanks for grant of
\$10, but to ask for a larger sum.
Mayor Horsley wrote expressing
his gratification at the visit to
Meaford on Wednesday and inviting
the council to hold its November
session there.
Report of House of Refuge Com-
mittee stated that the members
had visited Markdale on Thursday
and recommended that four acres
of the house of refuge farm be sold
to that corporation for water-
works purposes at \$70 per acre;
that all expenses of transfer be
paid by Markdale; that all timber
of any value be reserved by the
County and a year given for re-
moval of same; that the expenses
of the three delegates (\$1.50 each)
be paid.
In committee on the report, Mr.
Legate moved that it be \$75 per
acre, which he considered very
cheap, considering the purpose it
was required for.
Mr. Garvie moved that it be \$100
per acre.
Mr. McFarland had a suspicion
of threat in his voice when he said
that when he proposed to pay \$50
an acre he was mentioning a figure
three times the value of the land.
Markdale would arbitrate rather
than pay an exorbitant price.
Mr. Smith, chairman of the com-
mittee, held that the county should
deal liberally with Markdale as a
part of itself. To this Mr. Legate
replied that the county had not
been dealt honestly with by Mark-
dale. He also referred to the high
values placed on water privileges
which Owen Sound required for
waterworks extensions.
The Warden held that this land
was worth \$100 to Markdale as a
water privilege, and Mr. McClel-
land reminded the members that it
was a water privilege that Mark-
dale wanted and not land.
Mr. Legate's amendment that it
be \$75 an acre was carried. A
clause was added to the report in-
structing the county officials, when
conveying the land to see that all
precautions were taken to guard
the interests of the county.
It was in considering this report
that Dr. Hershley moved that the
manager of the house of refuge be
instructed to give the inmates of
the house of refuge unskimmed
milk. Warden Agnew defended the
management very warmly, declar-
ing that he had dropped in at un-
expected times and found every-
thing very satisfactory. There was
harmony between the manager and
inmates and he would not see Mr.
Harness antagonized again. As to
better milk he intimated that he
was more accustomed himself to
use of skimmed than unskimmed
milk.
Mr. Smith had no objection to
giving them whole milk, but if this
were done they would need more
cows.
Mr. Hastie suggested putting
a Babcock tester to see that the
milk was up to quality.
Dr. Hershley's motion was voted
down which Mr. Legate declared
was a disgrace to the county.
Reports of Finance, County Prop-
erty, Roads and Bridges, and Ed-
ucation, all of minor importance,
were presented and adopted.

GRAND KIDNEY MEDICINE

"Fruit-a-tives" Cured Him When

Liverpool, Que., March 11th, 1908.
I wish to place on record, for the
benefit of others who may be suffering
the same way that I suffered, that
the medicine I ever took did me no
good as "Fruit-a-tives" did.
I suffered for many years with
kidney trouble, with bad pain in the
back every known kidney remedy
I tried, but nothing gave me
relief and I was getting discour-
aged when I was advised to try "Fruit-a-tives"
and this medicine cured
me and everything else failed.

altogether fifteen boxes of
"Fruit-a-tives" and from the outset
I got me relief and I am now
feeling well again; no pain, no dis-
ease, and all symptoms of kidney dis-
ease entirely left me. I am very
glad to be once more well, and I
make this statement for the
benefit of others who may suffer as I
did. I say try "Fruit-a-tives".
They are a grand kidney medicine.

resolution of condolence was
passed expressing sympathy with
the late Mr. F. Fullford and family on
the loss in the death of his son,
which was deepened by its having
arrived when far from home.
Dr. Mearns moved that the next
session be held at Hanover, com-
mencing on Monday, 22nd of No-
vember.
Mr. Christie moved in amendment
that the session be held in Owen Sound.
The Hanover motion had a
strong support, but the majority
was in favor of Owen Sound.

THIRTY-FIVE YEARS.
In 1874 there was a great deal of
cholera, dysentery and cholera
infantum. It was at this time that
Chamberlain's Colic, Cholera and
Diarrhoea Remedy was first
brought into use. It proved more
successful than any other remedy
I tried, and has for thirty-
five years maintained that record.
From a small beginning its sale
and use has extended to every part
of the United States and to many
foreign countries. Nine druggists
of our town will recommend it when
of opinion is asked, although
they have other medicines that pay
them a greater profit. It can al-
ways be depended upon, even in the
most severe and dangerous cases.
