Nothing in the way of a Cough is quite so annoying as a tickling, teasing, wheezing, bronchial cough. The quickest relief comes perhaps from a prescription known to druggists everywhere as Dr. Shoop's Cough Remedy. And besides, it is so thoroughly harmless that mothers give it with perfect safety even to the youngest babes. The tender leaves of a simple mountain shrub, give to Dr. Shoop's Cough Remedy its remarkable curative effect. It is truly a most certain and trustworthy prescription. Sold by W. Turner & Co.

A Little Thing in Horse Collars

may make or mar their effective service. It is details that do not catch the eye that go to make up success or failure. As in the particular point of horse collars, so in every single piece of harness we pay attention to the little details, and thus earn a reputation for being "thorough." We make single or double-sets of harness to order, as well as blankets and other horse requisites.

"Dear Teacher—it is with the deepest regret we are bidding you adieu this afternoon to bid you farewell the companionship of two years and a half fraught with so many pleasant memories must not be sundered. During your stay among us we found you to be a friend, one in whom we could confide alike our joys and sorrows, your untiring efforts in our behalf, your patience manifested in guiding us over our difficulties, will never be forgotten and once more we say we'll miss you. We feel we could not let you leave us without saying in some other way besides mere words our appreciation of your work and we ask you, Miss Helenia, to accept this bracelet and jewel case, not for their intrinsic value, but as tokens of remembrance of your pupils of Sunlight College. We trust, dear teacher, that your future work in whatever sphere it may prove to be will meet with the same success that you have met with here.
