The direct prints of Dyspepsia have been directly traced to the stomach nerves. When these "inside nerves" fail, indigestion and stomach distress must surely result.

For this druggists everywhere are supplying a prescription known as Dr. Shoop's Restorative. First, these tiny inside stomach, heart and kidney nerves fail. Then gas belching, heart palpitation, or failing kidneys follow. Don't drug the stomach or stimulate the heart or kidneys. That is wrong. Strengthen these failing nerves with Dr. Shoop's Restorative. It is the nerves, not the organs that are calling for help. Within 48 hours after starting the Restorative treatment, you will realize the gain. A test will tell. Sold by W. Turner & Co.

Lever Brothers, Toronto, will send you free a cake of their famous Plantol toilet soap, if you mention this paper.

One authority states that "only 7 per cent of the children of drunkards are physically as mentally sound." "The school teachers in the wine growing districts of Lower Austria knew that a supply of very bad scholars in any one year denoted a good vintage six years previously." Is it not time that drinking habits should cease, and the whole business be banished? Adv.
