W. C. T. U. COLUMN
SHELburne STARTS.
 A public mass-meeting of Shelburne citizens was held in the town hall of that village on Friday, July 30. There was a good attendance of representative electors. After an address upon Local Option and its working, by Rev. B.H. Spence, Secretary of the Alliance, a motion was unanimously adopted that in the opinion of the meeting a campaign for Local Option should immediately be inaugurated. At the close of the public gathering, a large number of workers remained, and organization was perfected, and officers elected.
 Shelburne is in the midst of a Local Option community, and with good organization and earnest effort on the part of temperance

people, should be successful in banishing the bar-room.
 Why should I vote that the curse may endure?
 For what is there in it for me?
 I'm bound to vote "dry" on election day, sure,
 And here's what there's in it for me:
 A new self-respect and a chance for my life,
 New clothes for the boy, and a home for my wife,
 The beginning of peace, the end of much strife,
 And that's what there's in it for me.

THE EAST VS. THE WEST
 Arcola, Sask., July 20, '09.
 Editor Standard—
 Sir—By the kindness of a friend I read in a local paper not long ago the opposing views of two former residents of Artemesia on the merits and demerits of this Western climate. It is just possible that they are both right from their own standpoint and experience. One of them is not very young; his blood does not course so strongly as it used to; he finds the 'weather' too frigid. The other can ride twenty miles, and not feel the cold more than he did in Ontario, though it is 40 below zero. But he is young and strong and chuckles over the fact that he has property worth \$3000 to \$4000 as the result of his western venture. The first one has made the pot boil better than it used to do, but, as the earthquake disturbs his solitary repose he seems to ask in effect if life is worth living. If a man has a pinching shoe to wear he will find it as inconvenient in Saskatchewan as in Ontario. A good average crop, with prices soaring, or keeping the present high level are in prospect. I heard recently of a tenderfoot from Artemesia who went to look up a homestead and pre-emption and was a little discouraged by initial difficulties. Let him screw his courage up to the sticking place and doggedly persist and he will come out all right in the West, but this is also true in Ontario. Not so much where as what we are solves the problem of success. Whether young or old let us not forget it. Not a few men look forward to the time when they can go back to Ontario to spend at least the evening of life. One young man here has between 500 and 600 acres worth perhaps \$30 per acre. He has visions of a nicely fixed 100 acres near a large town. Thinks it would spell more comfort, but not more money, than his present holding, and no doubt he is right.
 Yours truly,
 F. W.

A Warton Hero.
 Mr. Dan McDonald, of Warton, manager at Killarney for the Dominion Fish Co., performed a deed of heroism recently that should be brought to the notice of the Humane Society. It appears that a young man named Augustine Pelow, belonging to Killarney, while trying to get into a boat to cross the Killarney channel to George Island, misjudged the distance between the Dominion Fish Co. dock and the boat, and fell into the water. The terrified cries of the mother, who was on the other side of the channel, called Mr. McDonald's attention to the calamity, and, rushing to the end of the dock, he dived in and rescued young Pelow from certain death, as he was going down the last time, and brought him safely to shore. Wartonians will be indeed proud of the courage and heroism of their already popular fellow-townsmen.—Canadian.

A Nervous Wreck Now in Robust Health.
 Mrs. M. E. Harron, of Newton, Ont., writes: "I must say our son would have been in a consumptive's grave long ago had it not been for PSYCHINE. He was taken down with La Grippe and a severe cold. His whole system was weak, including his lungs, which were seriously affected, as is always the case after La Grippe.
 After taking several remedies and treatments we procured PSYCHINE, and tongue cannot tell the marvellous results brought about in two months. He gained over twenty pounds in weight, and strength and appetite returned.
 Mr. Harron himself is most emphatic as to the beneficial result of using PSYCHINE. He declares, "To-day I am in splendid health and have never been sick a day since I took PSYCHINE."
 PSYCHINE is the greatest tonic known to medical science. It builds up the system and tones up every organ of the body, enabling it to resist and throw off disease. Weak nerves cannot exist where PSYCHINE is used consistently. Send for a trial bottle and prove the truth of these statements.
 PSYCHINE is sold by all druggists and dealers, 50 cents and \$1.00 a bottle.

August time tells on the nerves.
 But that spiritless, no ambition feeling can be easily and quickly altered by taking what is known to druggists everywhere as Dr. Shoop's Restorative. Within 48 hours after beginning to use the Restorative improvement will be noticed. Of course, full health will not immediately return. The gain will surely follow. And best of all, you will realize and feel your strength and ambition as it is returning. Outside influences depress first the "inside nerves," then the stomach, heart and kidneys will usually fail. Strengthen these failing nerves with Dr. Shoop's Restorative and see how quickly health will be yours again. Sold by W. Turner & Co.

 Weak kidneys surely point to weak kidneys. The kidneys, like the heart, and the lungs, are the nerves that control and guide the rest of the body.
