AT LILY OAK P. O.  
Postmaster—"This letter is too heavy, you'll have to put another cent on it."  
Customer—"Why, will that make it any lighter?"

NOTICE TO THE PUBLIC.  
Having purchased the butcher business of Mr. A. F. Wyvill, we respectfully solicit a fair share of public patronage. Our aim will be to give satisfaction and a square deal to everybody.  
Hutchinson & Fawcett.

At the closing of the recent Sherbrook Fair the managers discovered that \$870 was missing from the gate receipts. A few days ago an unsigned letter and \$330 in money was received at the office of Agricultural Association. The envelope was a long official one, and was mailed from the other side of the line. It was registered, but the postmark upon it was so blurred that the name of the office from which it was sent was indistinguishable. The letter read—"I stole the money from your office at the fair. There was some papers with the money, which I destroyed. My conscience has been raising h— with me, so I return what I have left and will try and send the rest soon. Hop nobody's got into much trouble.—Conscience."

Wet or Dry.  
"Wet or dry?" is what the school boy used to ask as he tossed the chip into the air, after having first moistened one side of it. This is the question which the electors of Markdale will have to answer on January 1st next, after the aldermen have tossed the local option chip aloft.

## CLEAN OUT THE MILL-POND

A Splendid Opportunity to Make This An Ideal Spot for Bathing.

Citizens who have strolled around the town's newly acquired property near the power house are wondering why the council doesn't seize upon the present opportunity for cleaning out the mill pond and making it a safe place for bathing. The water has been let out of the pond in order to put in a sluice at the power house and now easy access can be gained to the stumps and logs which lie on the bottom. Some of these stumps come too near the surface of the water for comfort, as some of the boys who have bathed in there know to their sorrow, and for the past generation this has been the only place near town for the boys to go in swimming, and at very little expense it could be made much more popular. This opportunity for cleaning out the pond may not come again for years. Do it now, gentlemen, and, as a prominent citizen remarked to the Standard, "future generations of boys will bless you."

Tommy in New Role.  
Tommy Burns, ex-heavyweight champion, of Noah Brusso, as he was known when Joe Stephenson put him out of business in a lacrosse match on the old show grounds in Markdale a few years ago, continues to get a scare heading in the sporting columns of the dailies despite the fact that his star was supposed to have set one evening last January. Tommy has still been making so much money that he's looking around for new ways to spend it. He's now buying a string of race horses.

Sale Bills.  
To those proposing having auction sales we would draw attention to the fact that those getting them out at this office get the advantage of our good circulation by a brief free notice of the nature, place and date of the sale in the Standard which will add many dollars to the receipts at any sale. A longer notice giving lists of articles, etc., which we charge for extra, will give correspondingly good results, and will pay for itself many times over in ninety-nine cases out of a hundred.

A Remarkable Map.  
Down at Ottawa they are publishing a map on which in due course will be shown every house, school, church, mill, blacksmith shop, etc., in the Dominion. This tremendous map will be made up of sheets, each of which will take in about 425 square miles. Already

The box sale was conducted by auctioneer Mathews in the most entertaining manner and the whole, amounting to between a forty and fifty dollars.

The Ladies of Christ Church intend holding a bazaar in Haskett's Hall on Saturday, Nov. 27.

A social evening was held in the basement of Christ Church Monday, Nov. 1, under the supervision of the N.Y.P.A. A short program, consisting of music, solos and recitations was artistically carried out in the forenoon of the evening; the latter part being devoted to games of various kinds. Lunch being the last item, was very much appreciated by all present, and the enjoyable meeting was brought to a close by singing the National Anthem.

## Of Importance to Farmers Regarding the Preparing of Poultry for Market.

The following instructions should be strictly observed so that the best market prices may be obtained at your command for your Poultry when marketed.

1st—All poultry must be dry picked and plucked clean.  
2nd—No feathers of any kind, wing or tail should be left on.  
3rd—Heads must be taken off all kinds of poultry.  
4th—Poultry requires to be starved at least 24 hours so that nothing remains in their crop.  
5th—Under no consideration should poultry be scalded, as it lowers the market value of poultry 75 to 80c. lb. The above instructions strictly followed will always insure the marketing of poultry at good prices.

Flower Bulbs! Flower Bulbs!  
Many people are afraid to buy bulbs as they imagine they are difficult to grow, such, however, is not the case; they are easily grown.  
What is nicer than a few pots of beautiful fragrant flowers in the house during the winter months, and what can be more attractive than a nice bed of Tulips coming into bloom in early spring?  
Now is the time to plan them.
