MADAME JOSEPH LURETTE
I got a sample of "Fruit-aives," so I had them in them at all, and I did not have taken them only my husband begged so hard for me to take them. As soon as I began to take them, I grew better, the sleeplessness was relieved, the sleeplessness lets change weakness into strength, into energy, gloominess into joyousness. Their action is gentle, one don't realize they are taken & purgative. Sold by R. Stephen.

Hail to the Apple.

King of Fruits is the apple, and it is too bad when men associate dishonest practices in handling apples commercially. The London Daily Telegraph of Nov. 20, says: "It has been said that the apple is essentially the fruit of youth, and that when we are no longer appreciative of its juices we may look upon it as a sign that old age is creeping on; but such a statement must be taken 'cum grano'."

Youths, of course, can devour all kinds with impunity, sour or sweet, ripe or unripe, but when that all too fleeting period has passed it is wiser to pick and choose according to the combined capacity of our teeth and digestive organs. To peel an apple is to spoil it. Nothing can equal in flavor the first morsel removed by Nature's incisors.

The best part of the fruit is immediately beneath the skin, so closely allied that the most expert user of the knife cannot separate the two.

For a lover of the natural flavor of apples it is a punishment to have to conform to the rules of etiquette and waste the choicest portion. The obvious remedy is either to eat apples alone and unobserved or induce some leader of society to disregard elegance in favor of utility.

Considering the health-giving qualities of apples few of us eat as many as we should for the good of our health.

They are more nourishing and far more wholesome than potatoes.

Positive Guarantee.

There will be a demand for years to come for the beautiful picture "The Soul's Awakening," issued by The Family Herald and Weekly Star of Montreal.

There will also be many sorely disappointed when very soon they are told that not another copy can be had.

It is a wonderfully charming picture. It touches the heart of mankind. If placed in a show window almost every passer-by will stop at first sight of it, study it and go away feeling better for having seen it. But there is no reason for being without a copy in your own home.

The publishers positively guarantee that for some weeks yet they will mail a copy to every person who remits a dollar for a year's subscription to The Family Herald and Weekly Star.

Those who have already subscribed are sure of it.

Those who have not should do so now, and be sure, for they will certainly want a copy if they ever see it.

The Selkirk Centennial Exhibition at Winnipeg may be put off till 1913.

TRAVERTON

Reeve Hunt is receiving many warm congratulations over his hard won victory.

Councillor McNally has a mellow feeling towards the electors for their generous support.

Mrs. George Blair and her son, Arthur G., have recently erected a massive pearl gray monument in the family plot. It is a Scotch granite, purchased from J. Lawson, of Owen Sound.

Mrs. G. W. Hunt and Master Harold have spent the past week with relatives in Detroit and other cities of Michigan.

Miss Mary McNally returned to Toronto on Thursday last, after spending the holiday season at the old home here.

Miss Olive Cook, Zion's organist and choir leader, accompanied her back and will remain in the city for some months.

She will be sorely missed in the League and Sunday School, as well as in the home and social circle.

Horses are changing hands almost every day now. Last week

Mr. Frank Meagher bought a fine

brood mare from Mr. Wm. Green-

wood; W. T. Falkingham sold a

pair of three-year-old colts to Joe Atkinson; T. Glenross sold a seven

year old working mare to Mr. Mc-

Nally of Walkerton for \$165.

This is like old times to get a grip

of his brawny hand and a glance

from his glad eye.

Mr. James Bartley, of Elbow, Sask., is visiting

old friends and neighbors.

We regret very much to state

that Edith Peters has been ordered

to remain in bed for a month and

has to live on a milk and egg diet

owing to a badly ulcerated stom-

ach.

At the annual school meeting of

S. S. No. 5, Mr. Robt. Anderson

was appointed trustee to fill the

vacancy caused by his brother's

resignation, and Arthur G. Blair

was elected to the other vacancy.

Most hearty votes of thanks were

tendered Messrs. W. J. Cook and I.

W. Anderson on their retirement.

Few men indeed are so generous

and thoughtful as Mr. Tom Jack,

of Elbow, Sask. Last week he

sent a nice cheque to assist Zion

Sunday School and the church, also

a fat dollar for renewal of The

Standard. It is a welcome guest

on our doorsteps.

Mr. Jack and family have had a prosperous year.

Mrs. C. Reed, of Markdale, has

been housekeeper for E. W. Hunt

in the absence of his better half.

Lieutenant-Governor Pelleter of

Quebec is much improved in health.

Card of Thanks.

To the Electors of Glendale:

Ladies and Gentlemen—I beg to tender you my sincere thanks for the very liberal support you gave me on January 3rd to secure my election to the reevehip for 1910. I promise to use my best judgment for the benefit of the township, and hope you will have reason to feel at the end of the year that your confidence has not been misplaced.

Again thanking you, and wishing you the compliments of the season, I am your obedient servant,

E. W. HUNT.

Sensitive People.

Sensitive people seem to enjoy sensitiveness. They are always on the lookout for something to give them pain.

They are something like a cat would be with a tail forty feet long dragging around on the floor, ready to be tramped upon.

We are crowded pretty well upon life's thoroughfare, and can't

well help elbowing at each other as we pass along.

Ninety-nine times out of a hundred no harm is intended, but those sensitive

people, who have the longest and sharpest elbows of anybody, are

always attributing a motive to

every accidental jog they get.

The fact is, personal importance is at

the bottom of this whole thing.

The world is not thinking about

you—has no desire to hurt you—but you imagine that the whole

world should be run in your interest.

A Simple Treatment That Will Make It Truly Fascinating.

W. Turner & Co. guarantee it.

Nowadays every up-to-date woman has radiant hair.

What a foolish creature a woman would be if she lost the opportunity to add to her attractions.

Yet in Canada to-day there are hundreds of thousands of women with harsh, faded, characterless hair who do not make any attempt to improve it.

In Paris, most women have

beautiful hair, and in Canada all

women who use Parisian Sage

have lustrous and luxuriant hair.

And any woman reader of The

Standard can have attractive and

lustrous hair in a few days' time

by using the great hair rejuvenator, Parisian Sage.

W. Turner & Co. sell a large

bottle for 50 cents, and they guar-

antee it to banish dandruff, stop

falling anditching scalp, in two

weeks or money back.

Parisian Sage is an ideal hair

tonic, not sticky or greasy.
