

Dusty Friday - No More**"DUSTBANE"**

Is a green colored powder, pack'd in tin cans ready for use. In sweeping the carpet, take one or two handfuls, according to the dust. Sprinkle where you are to begin (not all over the carpet), then sweep as you always do. The powder is swept ahead of the broom, and falling on the carpet absorbs the dust, leaving the carpet clean and bright. The dust is not thrown into the air to settle back on the carpet and furniture.

DUSTBANE should be used in sweeping carpets, rugs, straw matting, and bare floors.

**Why You Should Use
Dustbane**

It saves labor on sweeping. One half your dusting. Your carpets and rugs. Damage by moths. Taking up carpets.

An ounce of prevention is worth a pound of cure."

Sanitary Points

Sickness and disease are often contracted by breathing into the lungs germ-laden dust. DUSTBANE contains an anti-septic fluid which kills the germs. The evaporation of this fluid while sweeping thoroughly disinfects the room.

A ounce of prevention is worth a pound of cure."

It Costs Nothing to Try

J. ARTLEY is authorized by the manufacturers of DUSTBANE to send you a 35c. can of their Sweeping Compound. They want you to use this on trial for one week. At the end of this period if not found satisfactory we will take it back and there will be no charge for quantity used.

IF IT DOES AWAY WITH DUST ON SWEEPING DAY YOU WANT IT.

DUSTBANE can be secured in 1/2 barrels and 1/2 barrels for school, store and factory use.

45 Berlin Stores, Schools and Factories are using DUSTBANE

**IN TERROR OF
YOUNG GIRL**

She Floats in the Air and Talks
Strange Tongue—Neighbors Believe It Is a Devil Within Her.

Charlottetown, P.E.I., Jan. 30.—The supernatural phenomena surrounding a young woman named Chinene has thrown the French-Canadian farmers in New Zealand a small settlement at the end of this island, into a state of wild excitement, and the priest, Rev. Father Walker, has been appealed to exorcise the devil that they believe possesses the body of the young woman.

The girl is 20 years of age, and has been acting strangely for some months. Since her parents died she has been living with her brothers, who are small farmers in the district. Several months ago one of the brothers announced that he was going to marry one of the young women of the neighborhood and on hearing it Miss Chinene flew into a violent rage and declared that she would just as soon have a devil in the family as that girl.

The only contest—and it was not one—for the chairmanship of the Finance Committee. The aspirants for the position were Reeve John Boyd of Artemesia and Dr. Mearns, Reeve of Hanover. Both candidates had strong supporters and there was some lively canvassing done on both sides.

In taking the vote a new plan was followed, the members voting by ballot. The first ballot was a tie, and a second and a third ballot failed to break the deadlock. Seeing that there was no prospect of any change, the members called in the Warden, who gave his casting vote for Dr. Mearns.

The other committees elected chairmen as follows:

Road and Bridge—Mr. Sinclair
County Property—Mr. Johnston
Education—Mr. Norman
Printing—Mr. Ellis
Communications and Memorial
Mr. Eaton.
House of Refuge—Mr. Hunt.

The Wednesday morning session was chiefly occupied in receiving letters and accounts, of which there were many. These were referred to their respective committees, which met in the afternoon. Yesterday morning there were more letters and the reports of the Public school inspectors and officers of the House of Refuge. The inspectors' reports showed that the country was prospering along educational lines, though a few of the schools were closed, teachers not being obtainable.

An application was presented for the formation of a continuation school district in the territory surrounding Markdale, with that town as its centre.

Mr. Harness, superintendent of the House of Refuge, read his report, which showed that institution to be in a prosperous condition. He extended an invitation to the county council to hold its June session at Markdale, where the members could have an opportunity to inspect the House of Refuge.

If they could not find accommodation in the town itself, he could put them up, as he had a few spare rooms.

At this morning's session the By-laws to appoint members of the Board of Judicial Audit and High school trustees, which had been introduced yesterday, were completed. Messrs. John McQuaker and James Cochrane were appointed to the Board of Audit. Mr. James McLauchlan was re-appointed to the Owen Sound Board of Education, and Mr. Wm. Butchart was re-appointed as the county's representative on the High School Board of Meaford.

Nothing so far has helped her condition, and her health is failing fast. She is now in the Falconwood hospital for the insane, where, it is hoped that rest and proper care will relieve her of the strange influences that have made a nightmare of her life.

Ready-Made Farms.

One of the best modern plans for the assistance of the desirable settler in Western Canada and for the more effective development of the West, has recently been outlined by Sir Thomas Shaughnessy, President of the C.P.R., to an English interviewer. Sir Thomas was discussing the demand for small farms by people of small means who had not enough capital to carry them along until their farms began to pay. Sir Thomas said:

"We propose to prepare land for this class of small holder, build his house and fence the holding, break part of the soil, and sow it, so that he can come out and find it all ready to settle down. This will be within reach of an Englishman who has £100 capital to make a start."

This is an admirable plan. Many a man who would gladly take up a small farm hesitates because he lacks enough margin of capital to tide him over the preliminary un-

productive period. But with the ready-made farm, such as outlined by Sir Thomas Shaughnessy, that hesitation is removed. It will be surprising if the "ready-made farm" does not prove a great attraction to many British settlers of a very fine type.

COUNTY COUNCIL.

(Owen Sound Sun) Owen Sound, Jan. 28, 1910.

The County Fathers are in session this week, and will probably finish their business this afternoon. Their first meeting was held Tuesday afternoon, when the first business was the election of a warden. The Sun's forecast on Tuesday was correct, Reeve Schenk of Normanby being the choice of the council. Two others were nominated, but both withdrew, allowing Mr. Schenk to be elected by acclamation.

a toner instance refuted on the occasion of Queen Elizabeth. It was Robert Cary hastily despatched to London to carry the new leading ruler, James VI. Riding out of Whitehall nine o'clock on a Thursday Cary covered 155 miles, in that same night. The next day he rode to his home at Weston, where he spent some time in important business, and to Edinburgh till the next day. Had not an accident before he would have reached the Scottish capital by midnight. As it was, the entire journey of 400 miles was completed in 24 hours.
