A severe storm commenced on Tuesday night and is continuing on Wednesday, blocking the roads and the railways. The two morning trains from Owen Sound and Toronto have been cancelled, the former only getting as far as Shelburne and the latter Orangeville. Will it be a repetition of the blockades of '07? We sincerely hope not. Twice exactly six years ago next Tuesday that that memorable blockade commenced.

Mr. J. H. Stephenson was in Elmira over Sunday, attending the funeral of his mother. Mrs. Stephenson died on Thursday last, aged 65 years. She had been a great sufferer for some months, but looked forward with constant pleasure to the bright home above, where sickness, sorrow and death are unknown. She leaves a husband and eight of a family. Four of the family were home for the funeral, the other members residing too far distant to be present.

Messrs. Richard Noble and Jas. Jamieson, who have been down from the west for a month, left on the return trip on Tuesday, the former accompanied by Mr. George Bantley and taking a quantity of settler's effects and a bunch of ten horses, and the latter, accompanied by Roy Noble, going by way of Detroit and Chicago. Roy and George, who will be new to the country, intend taking up land in the spring. May success attend them, is our wish. Chesley Enterprise.—On Tuesday we had a call from an old Vesta boy, Rev. Father Ferguson, who is now in charge of the Markdale-Durham-Glenelg parish. He has a seventeen mile trip when he goes to Durham from Markdale, but that is easy for a man who possesses that greatest of all inherited things—a strong constitution.

Mr. and Mrs. G. W. Brown, with Messrs. Heber, Clarence and Miss Marjorie came over from Collingwood last week en route to Montana, and visited Mr. and Mrs. H. J. Armstrong a few days, leaving here on Tuesday. Mr. Brown was the recipient in Collingwood last Thursday evening of a public farewell. The gathering was presided over by Mayor Currie, and the expressions of regret at losing such a valuable, respected citizen were many and touching. A watch and purse of gold accompanied the hearty but informal address. The Standard joins in best wishes for Mr. and Mrs. Brown and family in their new home.

PRINTING AS A POPULAR PURSUIT

Some Erroneous Notions About the Art Preservative—Good Opportunities for Advancement.

Generally speaking, there isn't much known about the printing business outside of the immediate followers of the craft or those closely connected with it, and the average father, particularly in a country town, would probably not consider it with high favor as an occupation for his son, believing, perhaps, that about all there is to it is setting type and laboriously running an old-fashioned press at not very high pay. There might have been something in this contention ten or twenty years ago, but with the introduction of type-setting machines and modern power presses, the whole situation is changed.

There is not a finer line of work, nor one with better opportunities for acquiring a competence and for advancement, among all lines of human endeavor. The fact that printing is one of the most important departments of modern industry, adds to the opportunities that are open to the earnest young man who follows the profession.

Like all occupations, to acquire proficiency in printing, the applicant must begin at the bottom and devote several years to learning it. He has to start in as an apprentice, but in a nice office his way is a pleasant one if he himself be agreeable and inspiring, the position, speaking from a country point of view, qualifying him for perfectly fitting him into some superior city groove, or shaping him to fill an editorial chair, or the desk of a political or commercial magnate. Almost all the avenues to the more elastic of life's enterprises are open to the boy who, with a fair education, first passes through the training college of an up-to-date printing office.

Top Flat Won.

An interesting hockey match took place on Wednesday night last between the employees in the top and lower flats of the furniture factory, which resulted in a victory for the Top Flat by 4-2. Dr. Campbell officiated as referee. Another game is scheduled for this Wednesday evening.

MASONS ENTERTAIN

Large Deputation of Visiting Brethren from Owen Sound and Flesherton Tuesday Night.

A pleasing social function took place in the Masonic Lodge Rooms, Markdale, on Tuesday evening, when Hiram Lodge No. 490 entertained a large deputation of brethren from St. George's and North Star Lodges, Owen Sound, and Prince Arthur Lodge, Flesherton. About seventy-five were in attendance. The brethren from the north arrived on a special train shortly after seven o'clock and were met by a deputation and escorted to the handsome and spacious apartments of the local lodge. After the usual business of the evening, which included the conferring of the initiatory degree on a candidate, Mr. George Menzies, Worshipful Master of St. George's Lodge, Owen Sound, on behalf of the Owen Sound brethren, presented Hiram Lodge with a handsome and neatly engraved gavel as a token of remembrance of their visit to Markdale. An adjournment was then made to the banquet room where a tasty spread was served, after which Rev. G. A. Woodside, Worshipful Master of North Star Lodge, was invited to preside over the toast list and the program which followed. The first toast being "The King and Craft," all heartily joined in singing "God Save the King," "Canada, Our Home Land," was responded to by singing "The Maple Leaf Forever," and by a patriotic address by Bro. John Charles, of Toronto. "The Grand Master and the Grand Lodge of Canada," brought deeply interesting and inspiring addresses from R. Wor. Bros. Jas. McLaughlin and W. H. Wright, of Owen Sound. "The Owen Sound Brethren" was ably responded to by Wor. Bros. Geo. Menzies and Rev. G. A. Woodside, and "The Visiting Brethren" evoked happy replies from Bros. R. J. McKnight, John McQuaker, G. M. Elliott, J. A. Armour, Dr. Howey, and Dr. Danard. "Hiram Lodge," proposed by Bro. Rutherford of Owen Sound, was responded to by Bro. R. W. Emnis. A program of monologues, readings, dialogues and recitations by Bros. Charles, Wilding and E. Bingham, which took place in the lodge room proper, was a source of much merriment and was greatly enjoyed. This closed one of the most successful functions yet held by this young and flourishing lodge.

Death of Maggie Irving.

By the sudden death of Margaret Alexandra, aged 12 years, 11 months, fourth daughter of Mr. and Mrs. Andrew S. Irving of the suburbs, the pull of mourning has fallen upon that household and a cloud of sorrowful young life transferred to the home above. Maggie as she was familiarly known, had been ill but a few days, and nothing serious was even suspected, but suddenly the physical temperament collapsed on Saturday evening and Mrs. Brown and Igo were called in and diagnosed the case. The Dr. Macleod, of Owen Sound, was consulted over the phone, but no hope was entertained, an abcess on the brain being the trouble. The patient survived until Monday noon, when the spirit took its leave. Maggie was a general favorite and expressions of regret were evidenced in numerous beautiful floral offerings. On Wednesday an appropriate service at the home, conducted by Rev. A. Sheppard, the funeral took place to Markdale public cemetery and was largely attended. The parents have the deep sympathy of the whole community in their heavy stroke of affliction.

The Board of the Orangeville Community, last week, a grant of \$2.50 was made to Night Watchman Hahert, who had one of his hands disabled while attempting to arrest Bob Cook last autumn. \$5 of the grant is for the purpose of paying Hahert's bill for medical attendance.

A meeting to organize the Board of Markdale Continuation School was held on Wednesday evening, Feb. 16, when the following were elected: Chairman of Board, M. Armstrong, Esq.; Sec.-Treas., Mr. Thos. Elliott; Members of the Board, Messrs. J. B. Thibaudan, Geo. J. Walker, T. L. Mercer, Edward Bradey, Hugh Knott and Dr. Igo. Building Committee, Dr. Igo, M. Armstrong, Hugh Knott, J. B. Thibaudan, T. L. Mercer. Committee on organization work, Messrs. Bradey, Walker, Knott, Thibaudan, Armstrong and Dr. Igo. Committee on site, Messrs. Mercer, Elliott and Igo. Plans and estimates are being prepared and will be submitted for the consideration of ratepayers at an early date. The committee on site are also investigating that important matter.
