may make or mar their effective service. It is details that do NOT catch the eye that go to make up success or failure. As in the particular point of horse collars, so in every single piece of harness we pay attention to the little details, and thus earn a reputation for being "thorough." We make single or double sets of harness to order, as well as blankets and other horse requisites.

The Most Popular Paper In Ontario

The Toronto Daily Star

The best proof that people like a newspaper is their willingness to pay good money for it.

More people buy the "Toronto Daily Star" than any other Daily, Weekly or Monthly published in the Province of Ontario.

Moreover, the circulation of the "Toronto Daily Star" is increasing more rapidly than that of any other newspaper in Canada.

These things do not just happen.

There must be a reason.

In this case there are several reasons.

The "Toronto Daily Star" publishes Market Reports 12 to 18 hours earlier than the morning papers.

It is a Newspaper—not an "Organ"—political or any other kind.

Not only the Woman's Page, but the whole paper, is attractive to women.

It reports athletic events more fully than any other Canadian Daily.

Its special features, such as the "Chronicles of the Khan", are most entertaining.

Consequently people like the "Toronto Daily Star" better than any other newspaper.

ARTEMESIA COUNCIL.

Artemesia Council met on Monday, March 7, with the Reeve in the chair. All the members were present. Minutes of last meeting were read and approved. A deputation consisting of the board of the rural continuation school presented a request that the Council issue debentures for the purpose of erecting a suitable building. The members of the Board, Messrs. Boland, McMillan, Henry, Weier, and McTavish, spoke to the request. Mr. Neil McLennon and Mr. P. McArthur, of Priceville, presented a resolution passed by the school trustees of S. S. No. 12, Artemesia and Glenelg (Priceville section) protesting against being included in the continuation school district. The question was discussed at great length and from every point of view, with the result that the following motion was introduced:

McLeod—Best—That the application of the continuation school board for the issue of debentures for the purpose of building a continuation school in this district recently established in accordance with Continuation Act, 1909, by the County Council, be received and that this council meet on Monday next at 6 o'clock p.m., to approve or disapprove of the same.—Carried.

Graham—McLeod—That the bill of W. H. Thurston, for printing auditors' report and other stationery, $43.15, be paid.—Carried.

McKenzie—Best—That the petition of W.G. Cockburn and 74 others asking for an expenditure on what is known as the Loucks road, be filed, to be considered at a later session of Council.—Carried.

By-law No. 724, dealing with the matter of muzzling dogs and By-law No. 725, appointing overseers of highways, fenceviewers and poundkeepers, was introduced. The former was passed in committee, and the latter received its first and second reading.

Best—McKenzie—That the following men are hereby appointed to enforce by-law relative to the running at large of dogs within the township and also to enforce the order-in-council recently issued by the Department of Agriculture of the Dominion of Canada. The amount they shall be paid for their services will be such as may be allowed by the convicting magistrate and shall be charged as costs against the offender and in addition one half of fine so imposed under By-law No. 724: Hector McDonald, R. Cook, John Wright, S. Gilbert, W. H. Ludlow, S. Udell, G. L. Latimer, Robt. Fisher, T. Hughes, Jas. H. Vause, Wm. Caswell.—Carried.

Council adjourned.—Advance.

Since the end of December thirty-two persons have been fined under the fruit marks act for illegal marking and packing of apples. Informations had been laid by the Inspectors of the Department of Agriculture. Of the persons fined twenty-five were from the Province of Ontario, four from the Province of Nova Scotia, and three from the Province of Quebec.

NOBODY SPARED.

Kidney Troubles Attack Markdale Men and Women, Old and Young.

Kidney ills seize young and old. Come quickly with little warning. Children suffer in their early years—

Can't control the kidney secretions.

Girls are languid, nervous, suffer pain.

Women worry, can't do daily work.

Men have lame and aching backs.

The cure for man, woman or child is to cure the cause—the kidneys. Booth's Kidney Pills cure sick kidneys—cure all forms of kidney suffering. Markdale testimony proves it.

Mrs. J. C. Ferris, of Toronto St., Markdale, Ont., says: "Mr. Ferris had for years suffered with his back. Severe pains would shoot through him in the region of the kidneys and often leave him unable to stoop or straighten himself up. Headaches and dizzy spells were frequent and would cause him much additional suffering. He would be nervous and restless during the night and would often awake more fatigued and languid than on retiring. Many different remedies had been tried without any apparent results and he had begun to believe nothing would benefit him. Booth's Kidney Pills were recommended by Mr. Turner, the druggist, and he had used only one box when the weakness and the pain had left his back. He soon strengthened and began to enjoy his night's rest. He has been better in every way since using Booths Kidney Pills and speaks very highly of them."

Halley's Comet.

This object may shortly be seen, without the aid of a telescope, just over the setting sun, which it is rapidly approaching; but it will not be a conspicuous object until it has passed round the sun next month, when it will appear in the early morning sky just ahead of the sun. It will then move backward among the stars, pretty well along the path on which it came. Its rapid brightening now indicates that at its maximum brightness in early May, when it passes close to the earth, the comet will be a magnificent object to behold.—Toronto Telegram.

PRICEVILLE

Maple syrup and taffy will now be in order.

Mr. Herman McLean was taken to Toronto about the 1st March and was operated on for appendicitis, and has been doing nicely. He will likely be brought home in a few days.

Mr. James Turner is the Priceville delegate to the Grand Lodge A.O.U.W. in session in Toronto this week.

The depth of snow this winter has reduced the usual output of saw logs, poles, wood, etc., but still a large quantity has been delivered here, and some still coming daily.

Owing to certain irregularities in the formation of the Rural High School and also a general feeling that such an institution would not have any practical benefit for them, some of the school sections in Artemesia will likely withdraw their support.

One Deer to Each Hunter

Changes in Ontario's game laws go into effect on the adoption of a bill explained by Hon. Dr. Reaume, Minister of Public Works, in the Legislature on Friday. The close season for beaver and otter will be extended to 1915. Hereafter only one deer can be shot by a hunter instead of two, as formerly. Non-residents must secure provincial licenses to trap. The close season for caper-cailcie is extended to 1915. Mink will be protected the same as muskrats. Decoys must be taken from the water

The Firm Behind

NA-DRU-CO

Medicinal and Toilet Preparations

When your doctor gives you a prescription and your druggist fills it, you have confidence in that medicine. You have good reason for that confidence, for behind the medicine is the professional skill as well as the honor of two men whom you know and respect.

When you buy what are ordinarily known as patent medicines at your druggist's, what guarantee have you of either the formula or the compounding? Your druggist can give you none, for the makers do not take him into their confidence.

Take for instance headache cures. Many people hesitate to buy them because they don't know what may be in them. Not so with **NA-DRU-CO Headache Wafers.** Your druggist can get the list of ingredients from us for the asking.

Can you think of any article you buy with which it is more important that you should have **a definite guarantee, made by responsible men,** than medicinal and toilet preparations?

When you buy preparations bearing the NA-DRU-CO Trade Mark you have this guarantee, made by the National Drug & Chemical Company.
