### It's Only a Rumor, But--

The Toronto Star's announcement that Hon. I. B. Lucas may in the near future succeed Hon. Mr. Foy as Attorney-General is as yet purely a rumor, but of course Mr. Lucas friends hope it will develop into something more tangible. Hon. Mr. Lucas is fully capable of holding this high position in Sir James' Cabinet, and the appointment would no doubt neet with general favor. At any rate we vouch the opinion that Sir James has something good in store for his brilliant young colleague from Centre Grey

The stream of emmigration to Canadian west continues. Every village, hamlet and township feels the loss of worthy citizens. Churches are weakened, choirs depleted, and families in many instances broken up, but all with the very best intentions.

Last week a man was sentenced in Toronto to four years at Kingston with thirty lashes for attacking a little, desenceless thirteenyear-old girl. The sentence imposed on the brute was none too severe, for it will no doubt have the effect of deterring others.

Teddy Roosevelt is having the time of his life since his return to civilization from the jungles of Africa. Kings and potentates of European countries are virtually falling over each other in their attempts to give the popular ex-President a good time. On Monday he was entertained by King Victor Emmanuel of Italy, . who gave him a grand dinner, the Queen herself directing all arrangements.

The Burks' Falls Arrow tells of 'iarm in that neighborhood which is offered for sale at \$1,300, and which has netted the owner \$300 per year Fewer Liquor Licenses for the past five years, over and above all living expenses. At that rate, the farm has not only paid for Itself in that time, but has given the owner a living and a souple of hundred dollars besides. Farming in Ontario is not a bad business

Rev. Dr. Carman, the veteran general superintendent of the Methodist Church in Canada, has issued an eloquent plea for a Canadian navy. In the Carlton street Methodist church in Toronto on Sunday talled \$8,488. For transfers of linight he expressed his sentiments. in these words: "I am for the navy. I am for it straight and stout and strong I am for a navy in harmony with the Imperial navy, and I believe that we are unworthy of the name of Canadians unless we get into hearty. co-operation with the Empire.

Genuine patriotism and God save us from the rank and rash kindlies very close to true religion."

Hon. Geo. E. Foster, whose retirement fram the political arena at Ottawa owing to ill-health was announced a few days ago, has emphatically denied this rumor, and positively states that he will remain in politics "until the Lord takes him," or his own electors demand his retirement. Mr. Foster would indeed be greatly missed in political circles at Ottawa, and Liberals and Conservatives alike are glad that the old war-horse intends to remain in active service.

A young man, 18 years of age, named Arthur Egg, whose home is in Montreal has won the Strathcona musical scholarship and will take a three years' free course in the Royal College of Music in London, England, as a result of his ability. He is evidently a good egg and we hope the new and distinguished hondrs will not crack his shell. The above illustrates the wide field open to the youth of this land and should encourage them to get after the prizes. A well planned attempt often leads the way to marked successes. It takes courage, ambition, persevernce, and hard work to reach the goal, but the hard battles are the ones that make the heroes and heroines. Get vour eve on the bullseve and fire.
