Reaching the People

A prominent real estate dealer in Toronto, says that he gets better and quicker results from the Classified Want Ads. than from any other kind of publicity. He states that the results are out of proportion to the small expense involved. There is a moral in that for you if you want to reach the people.

DISCIPLINE.

(Continued from last week.) A ball came bouncing in at the window. Three times already that very afternoon she had told him not to do that. She threw the ball out again with a gentle remon- strance. He pouted.

She turned the gas down under the kettle and began to cut the bread and butter. Then a terrible thought occurred to her.

What if she were spoiling him? She had heard stories of spoilt children who had grown up a curse to themselves and their par- ents—how they had become wicked and hardened men, entering upon a life of crime and stopping at nothing; how their white-haired mothers had repented too late of their foolish kindness; how— She must be firm.

She buttered his own particular piece of crust.

A ball flew in at the open window and broke a glass on the dresser; it was the climax. She was re- solved. With the sternest expres- sion she could assume (she must not deceive him by being gentle or kind) she opened the scullery door and went out into the garden.

He ran to her and put his arm coaxingly round her. She did not respond and at first he thought it must be some new game; but, on being told that for his disobedience he was to be put to bed, he could not believe his ears, and his eyes opened wider than one would have deemed possible.

But his astonishment and indig- nation knew no bounds when he found himself being carried up- stairs; but hardly believing it to be serious, he did not give full vent to his feeling of injured dignity till he was tucked up in his cot, the blinds drawn, and left alone with "only a gimmer."

Then such a howling and bellow- ing rent the air as might have brought down a thunderstorm.

His mother sat outside the door for a few minutes listening in ag- ony of mind to the sounds of grief within. She longed to fling her arms round him and comfort him, but stern resolve held her back. When the sobs had somewhat sub- sided she crept downstairs and sat in the parlor beneath, where she still heard faint echoes of the tempest above.—Montreal Witness.

RICH RED BLOOD.

You Will Never Have It as Long as You Have Dyspepsia.

Just as long as you have dyspepsia your food will not properly digest, and the nutritious elements in the foods will not be extracted or absorbed, and impoverished or watery blood will follow.

This condition may not be apparent at first, but it will come just as sure as the sun will rise again.

Any stomach ailment, including all forms of indigestion, can be promptly cured by using Mi-o-na tablets, a scientific treatment un- surpassed.

It stops fermentation, belching of gas and taste of sour food almost at once.

The mighty power of Mi-o-na to invigorate and restore the stomach to perfect condition is known every- where.

Mi-o-na cures by building up—by banishing the cause. For thin people it is a great flesh builder, because it causes the stomach to give more and purer nutrition to the blood. It cures sea and car sickness and vomiting of pregnancy almost immediately. W. Turner & Co. sell Mi-o-na for 50 cents a large box, and guarantee it to cure or money back.

HYOMEI (ANNOUNCED HIGH-O-ME) CURES CATARRH, ASTHMA, BRONCHITIS, COUGHS, COLDS, AND MONEY BACK. Sold and guaranteed by Turner & Co.
