Little Thing in Horse Collars

They make or mar their effective service. It is details that do NOT catch the eye at all to make up success failure. As in the particular point of horse collars, so every single piece of harness we pay attention to the details, and thus earn a reputation for being "thorough." We make single or double sets of harness to horse requisites.

## LOCAL and GENERAL

Don't forget to see the new arrivals in furniture at M. Oliver's. A public celebration is to be held at Markdale on Victoria Day, May 17th.

March was the best month the Markdale Furniture Company has yet experienced.

For wheat or oat smut and potato scab use Formalin and use the best grade. W. Turner & Co.

The recent frosty nights have not seriously impeded the progress of seeding, which is now well forward.

Sulphur, salts, saltpetre, and all grades of first quality, fresh and well cared for at Turner's drug store.

Owen Sound ratepayers will vote in a bylaw to sanction a loan of \$50,000 to the Imperial Portland Cement Co.

A public meeting will be held in Mackell's Hall on Monday evening next, April 18th, at 8 o'clock, for the purpose of organizing a Volunteer Fire Brigade. Everybody welcome. W. J. Young, Chairman.

Wanted, half a dozen neat, modern, small sized dwelling houses that will rent from \$8 to \$10 a month. These are wanted forthwith in Markdale. Who will be the one to syndicate to furnish them? Would-be tenants are anxious to see them go up right away.

The young ladies belonging to the recently organized Basketball Club gave an enjoyable at home in the Marsh Hall last Thursday evening. Cards and dancing constituted the program, and at eleven-thirty a dainty lunch was served. The officers of the Club are looking forward to some lively games this season. Basketball is a new addition to Markdale's sports and we hope the young ladies who are endeavoring to introduce into the town this delightful recreation will meet with the success which they deserve.

Rev. and Mrs. Wesley Casson of Toronto (a former, esteemed pastor in Markdale and his wife) are this week sorely bereaved in the death on Monday of their only daughter, Mary, Mrs. (Dr.) Kellam, of Niagara Falls. Deceased was 35 years of age, and after three days illness of pleuro-pneumonia passed away as above. Rev. and Mrs. Casson have the sympathy of their many Markdale friends in their sad affliction. Mrs. Kellam was an active and popular lady in church circles. She leaves, with her husband, one child, a daughter of 10 years.

The handsome new driver which Mr. Gillilan purchased in Owen Sound a few days ago is evidently determined to show his local equine brethren some "city stunts" in the art of running away and cutting up capers generally. While this may be an inspiring sight from their viewpoint, it is an extremely unpleasant and dangerous proceeding for the man who is attempting to pilot the animal with the least amount of trouble possible. Mr. Gillilan's new purchase has two runaways to its credit (or discredit) on Tuesday. When George Gray was taking him out of the Markdale House stables Tuesday morning, with a leap and a bound he dashed away, pitching Mr. Gray out near Walden's blacksmith shop, and dashing up the opposite sidewalk, shipped in front of the shoe shop, where he was captured. Mr. Gray received a few bruises, but not serious. In the afternoon the animal was taken from the Reverend stables with Dr. Durkin at the reins, and led by Joe Manarey.

Waiting a favorable moment he again broke away, despite the efforts of these two experienced horsemen to hold him. Seeing the uselessness of attempting to hold him, Durkin jumped, and the horse continued its mad career, finally landing against a telephone pole when it came to a sudden stop. The buggy was smashed to atoms, but the horse was uninjured, and is in a first class condition to do a similar stunt with the next man who has the temerity to attempt to drive him.

Roch Marien again failed to put in an appearance on Tuesday. Quite a number were disappointed.

Saugeen Lodge I.O.O.F. No. 327 will attend Christ Church in a body on Sunday, April 24th, for divine service.

The new dog tags for the present year have arrived, and parties requiring same may secure them at the town treasurer's office.

Owen Sound's new post office was opened on Monday morning. It has been in course of erection for three years, and cost \$85,000.

Election of officers will be held at the regular meeting of the Methodist Epworth League on Monday evening. A full attendance is requested.

An iron need is a vital need. Turner's blood and iron pills supply the essential material to enrich and purify the blood. 25c. per box at Turner's drug store.

McFarland & Co. have made arrangements with Haskett Bros. and J. Artley hardware merchants to accept their coin in exchange for all kinds of hardware and garden tools.

Mr. John Braniff, who recently sold his farm near Eugenia, has purchased from Miss Squires her brick dwelling on Cavan street and with family have got comfortably settled therein.

Mr. George Pilkey returned on Tuesday to Toronto after a two weeks' visit with his daughter, Mrs. Ricketts. Mr. Pilkey is 87 years of age and still quite competent to travel alone.

Many a home has been saved from sheer dilapidation and discredit by the use of Ramsay's Paints. The great harmony imparted by these colors and the reasonable cost makes everybody feel happy. Ask F. T. Hill & Co. to show you the colors.

Tommy Callamore accidentally shot a bullet through his left hand while handling a revolver in Hill's hardware department on Monday. It was a thirty-two calibre bullet and after going through his hand entered an opposite wall about two and one half inches. Tommy has scarcely yet gotten over this fright, but will carry a sore hand for a while to remind him of his narrow escape. It's the old, old story: "He didn't know it was loaded."

Canada is primarily an agricultural country, and the industries most closely related to agriculture are the first to respond to better times. This was shown by the earnings of the large milling companies in 1909. Following the good crop of 1908, the average surplus earnings on the common stock of the three largest companies was 22.86 per cent. This compares with an average of 10.82 per cent for year 1908. The latter earnings are based on the smaller crop of 1907. Thus, with a good crop in 1908, the milling industries showed over double the earnings that they had the previous year. Probably no other industry in the country would respond so readily to improved conditions.

Chief Justice Falconbridge has refused the application of George Copeman to quash the Local Option By-Law of the Village of Dundalk.

## Death of Miss Ethel M. Holley.

Meeting adjourned until Apr. 25. Holley, of Holland Centre, was saddened on Monday morning, April 14th, by the passing away of their eldest daughter, Ethel Mae, after a short illness of Bright's Disease. Some two weeks ago Miss Holley returned home from Toronto, not enjoying the best of health. Medical advice was summoned, and it was soon learned that she was suffering from Bright's Disease. During the past week she rallied at times and hopes were entertained for her recovery, but in spite of all that loving hands could do for her she passed peacefully away as above. The deceased, who was of a cheerful disposition, was highly respected and a general favorite wherever known. She was a faithful and earnest attendant of God's house, and her examples and character were those of purity and goodness. Ethel, who was 21 years of age, leaves to mourn her departure her father and mother who had been constantly with her during her week of suffering; also four brothers and two sisters who have the deepest sympathy of all in this their hour of sorrow. The funeral took place Wednesday afternoon to the Methodist cemetery, Berkeley, and was largely attended. Service was conducted by Rev. Mr. Walker assisted by Rev. Mr. Bethune at the house and grave. Beautiful floral tributes covered the casket, among them being a spray from Miss

## R. L. STEPHEN

Sez He:

"I DON'T CARE HOW MUCH A MAN TALKS IF HE ONLY SEZ IT IN A FEW WORDS."

Josh Billings is right. It's not HOW MUCH we say that counts. It's WHAT WE SAY, WHAT WE DO, and WHAT OTHERS SAY that should have weight with you. We might fill several pages with fine talk, but if our goods failed to please, then our words would be wasted, and we could not hope to make our business a success. So come to R. W. ENNIS and be your own judge. Goods at rock-bottom prices. HARNESS, TRUNKS, GRIPS, and be sure to see our Hammocks before buying. They are dandies and at a price to suit.
