ARE LIFE MEMBERS IT'S ALL OVER NOW IT IS SIMPLY MARVELLOUS

King George and Col Roosevelt Elected at S.S. Congress. The Comet Has Gone Harmlessly on Its Way.

TAFT, BRYAN AND DIAZ, TOO MANY PERSONS NERVOUS NOTHING TO COMPARE WITH 'FRUIT-A-TIVES.'

Delegates at Washington. Subscribe the \$1,000 For Each of Them Amid Great Enthusiasm - A Canadian Nominates Taft and a Caroline Man Names King George V. - Enthusiastic Over Roosevelt.

Washington, May 23.-King George of Great Britain, President Taft, Mrs. Taft, Theodore Roosevelt, President Diaz of Mexico and William Jennings Bryan were made life members of the World's Sunday School Association at the convention here on Saturday, amid scenes of great enthusiasm.

For each of those honored, \$1,000 had to be subscribed, and in the case of Mr. Roosevelt, the chairman of the convention by popular demand limited subscriptions to one dollar.

A delegate from South Carolina proposed King George. There was a race to subscribe and Toronto only managed to get in tenth place with its hundred dollars, so quick were the responses. Then a man in the centre aisle, "I nominate Theodore Roosevelt."

The effect was almost magical. Men hopped on chairs shouting, women rose and frantically waved handkerchiefs. It looked like the Republican National Convention scene when Roosevelt was nominated for President.

The chairman withheld the nomination at that moment, but with difficulty he confessed that he intended to hold the name of Roosevelt, until the last to keep up enthusiasm in subscriptions.

In the meantime the name of Diaz was proposed and the necessary \$1,000 was quickly subscribed. The chair then held subscriptions for Mr. Roosevelt to be in order and limited amounts to one dollar each.

Just after the convention adjourned until Monday, the choir of 600 accompanied by probably 2,000 or more delegates, marched to the capital grounds. The choir ranged along on the steps and the plaza was nearly filled, while a praise service was held in the open air.

A Record Trip. Niagara Falls, Ont., May 23.-Over 2,000 members of the Brotherhood of Locomotive Engineers, who have been holding their national meeting in Detroit, were in this city Saturday on a sightseeing trip.

They came as guests of the Michigan Central Railroad Co., which brought them on two trains of 12 cars each, treating them to one of the most remarkable rides in the history of railroading.

The first train, consisting of 12 vestibuled cars, carrying 1,134 delegates, made the run from Windsor to Falls View, 224 miles, in 217 minutes. The train made no stops in the entire distance, slowed down but twice, once while running through St. Thomas and again while crossing the drawbridge at Welland. This run was made by the second train in 224 minutes, a mile a minute for the entire distance.

Promised Wealth. Philadelphia, May 23.-At a hearing before a U. S. commissioner here on Saturday E. A. Starkloff and Geo. W. Post, accused of being green goods swindlers and confidence men, were held in \$12,000 and \$11,000 bail, respectively, for a hearing on June 1 on charges of using the mails to defraud.

Thirteen letters alleged to have been sent by the prisoners to prospective victims in England and Scotland were produced. They are alleged to have been mailed from this city and were addressed to persons who had been dead but a short time.

The letters held out promises of wealth through the discovery of gold mines in which the families of the persons addressed were interested.

Paper Company Strike Settled. New York, May 23.-All the striking men of the International Paper Co. will return to work Monday morning under the terms of an agreement entered into Saturday between officers of the company and officers of the Pulpmakers and Papermakers Union.

The men received an advance of six per cent. effective August 1, and have gained recognition of the union.

France's Enormous Debt. Paris, May 23.-Alarm at the formidable growth of the public debt of France, its departments and the colonies is increasing. Auguste Gervais, Senator of the department of the Seine, has already sounded a warning. The debt now amounts to more than \$7,000,000,000.

Will Expel Jews Within Month. St. Petersburg, May 23.-While the expulsion of Jews declared to be living illegally without the pale has not yet actually begun, thousands will be compelled to leave the various cities, where they are residing, within a month.

STORIES ARE NOW COMING IN OF THE EXCITEMENT CAUSED THROUGHOUT THE WORLD - QUEBEC LEGISLATOR STARTED FOR HOME TO DIE THERE - INDIANS IN THE WEST WERE VERY ANXIOUS - EXPECTED TIDAL WAVE.

Toronto, May 19.-Well, old mother earth has gone through the comet's filthy appendage and everybody's safe for another 75 years.

And what really did happen? So far as Toronto is concerned, an unusually bright aurora appeared in the northern sky.

"At about 10.40 p.m.," said Prof. Blake, astronomer for the Dominion Meteorological Department, "the aurora was most brilliant, and contained all the colors of the rainbow. There were many streamers to it, and it had the appearance of a great yellow glow for nearly an hour it was quite pronounced with streamers."

"There is no doubt the peculiar greenish tinge and the glow was caused by the earth passing through the comet's tail. There were meteor flashes also to be seen last night."

People down town were not able to see the aurora owing to the electric lights and the high buildings.

Not until an hour after sunset on Saturday evening will the comet be seen at its best. Then the evening sky will be a thing of wondrous beauty for the comet, with its brilliant tail, should be seen clearly, and the glow and reflection from its passage through the heavens will serve to light the whole sky.

Wanted to Die at Home. Quebec, May 19.-Halley's Comet did no damage here last night, although there was apprehension among a few. The presence of so many brilliant political stars no doubt discouraged the heavily visited.

Hon. Mr. Crumier of Plessisville, a member of the Legislative Council, refused to remain in the Chateau Frontenac and left on an early train for home, with the statement that if he was to die he wanted to die at home.

A group of people assembled on the Dufrain Terrace between 4 and 5 o'clock Tuesday morning and watched for the comet between prayers uttered for protection. A Bible reading was also held in the neighborhood at the same hour.

Indians Alarmed. Winnipeg, May 19.-There is intense interest through western Canada concerning the comet, which has displayed any alarm at the several reservations. For weeks the Indians have been discussing the subject, and displaying a great deal of fear. This has been allayed by their religious advisers.

Paraded With Candles. San Juan, Porto Rico, May 19.-Fearing disastrous consequences from the comet, hundreds of Porto Ricans Tuesday night paraded the San Juan and other towns in Porto Rico, carrying candles and chanting prayers. Many of them also spent considerable time in the confessionals.

A large number of workmen failed to report yesterday at the tobacco factories and plantations and the pineapple shipments have been curtailed because the laborers have refused to work.

Took Down the Rods. Nesh, Wis., May 19.-Fearful that the rods might attract dangerous substances that might accompany the comet yesterday, many farmers in this vicinity removed the lightning rods from their homes and barns.

Feared a Tidal Wave. Duluth, Minn., May 19.-A temporary general exodus took place yesterday from the Minnesota Point, a long and narrow strip of land containing the homes of several thousand people, located between the finger of Lake Superior and St. Louis Bay, reaching between Duluth and Superior, Wis.

The more timid declared that the point, situated at the apex of Lake Superior, and not more than a dozen feet above lake level, would easily be submerged should the comet, forming a vacuum on its flight, drag a tidal wave up the lake and sweep on into St. Louis Bay. Therefore the timid ones came up town yesterday and awaited developments.

Refused to Work. Wilkes-Barre, Pa., May 19.-A large number of miners employed by the Lehigh Valley Coal Co., near Avoca, refused to go to work yesterday, fearing that Halley's comet might strike the earth.

Caught It In Bottles. New York, May 19.-Thousands swarmed and clustered on the high places last night to peer into the west for the incandescent tail of the receding comet. Some pruned and all watched. Nobody carried salt, but a few carried bottles into which to seal up the atmosphere for future analysis.

Spots on the Sun. San Jose, Cal., May 19.-Prof. J. S. Rickard of Santa Clara College Meteorological Observatory informed the Associated Press that yesterday he observed two very large spots on the sun, both intensely black.

Portland, Ore., May 19.-Observers who examined the sun through powerful telescopes yesterday, report two spots on the sun.

This Man Saw Thirty. St. Louis, May 19.-Solar eruptions were observed yesterday afternoon by Father Martin S. Brennan, professor of astronomy at the Kendrick Seminary. He saw thirty distinct spots on the sun. One of them he estimated at 150,000 miles in diameter.

King's Plate May 24. Toronto, May 19.-The opening day of the Woodbine meeting has been postponed until Tuesday, May 24 - Victoria Day - when the King's Plate will be run. The meeting will continue until Tuesday, May 31.

For sale by J. E. WALKER, Markdale.
