

VICTORIA DAY CELEBRATION

(Continued from Page 1.)

also ran. A good race. Time 2.05, 100 Yards Dash—Harold Haskett, 1st; Roy Wesley, Walkerton, 2nd. This was a great win for Harold. The Walkerton runner challenged Harold during the last 15 yards and nearly caught him. There were three other starters. Time, 11 $\frac{1}{2}$ seconds.

One-half Mile, Boys—Harold Mercer, 1st; Kendall Haskett, 2nd; Roy Burnside, 3rd. This was easy for Harold. Lloyd Burnside, a much younger lad than the winner, put up a great race and ran the full distance in great style. There were several other starters in this race.

The 5-Mile Marathon—This was the best race of the day. Started and three ran the full distance. The winners: R. J. McNulty, Swinton Park, 1st; E. Moyer, Owen Sound, 2nd; H. W. Smith, Meaford, 3rd. This was a hard race between first and second. The winner, McNulty, is an easy-going, heady runner; he always appeared to have reserve power and reminded one of Lord Tennyson's famous "Brook." Men may come and men may go, but he could run on forever. Alex Levi and H. Rollson, the latter of Brampton, were also tans. Alex ran the first mile, but finding the bunch were not in his class quit their company.

Messrs. Stephen, Bushfield and J. Mercer had charge of the races and kept things running in good shape.

HORSE RACES.

This sport of Kings is always a great attraction. There were three races on the card, but owing to a scarcity of horses, doubtless on account of the unfavourable weather on Monday, the management had to scratch the 2.30 race.

Five horses entered the Open Race and a most exciting contest was the result. However, Vickey Klock was the best of the lot and won on her merits. The fight between Minnie Best and Topsy T. was at great one, Dundas' mare appearing to have the staying qualities as she easily beat the Flesherton mare in the third heat.

Vickey Klock..... 1.1.1.
Topsy T..... 2.2.4.
Minnie Best..... 3.3.2.
Jessie Brino..... 4.4.3.

Time, 2.29, 2.28, 2.29.
Green Trot—This race was well-named. There were four horses and the heats were but once around the track.

Gertie Mack..... 3.1.1.
Lucky Dan..... 2.4.4.
My Sweetheart..... 1.3.3.

Dixie..... 4.2.2.
Mr. Black, of Durham, had charge of this part of the sport, and gave entire satisfaction to all concerned.

BOXING.

The Boxing Tournament in the skating rink was a great drawing card at night. The several bouts there were six of them—were all pulled off without a hitch. The contestants all displayed a spirit of fairness and good spirit, and though some hard knocks were no doubt exchanged, none of the competitors lost his temper, or at least his head—and none left the ring by the knock-out route. The local-boxers seemed to understand the art as well as the visiting contestants. Dr. Campbell and Thos. Mercer acted as judges, and McDowell, of Dundalk, as time-keeper.

NOTES.

The Band supplemented by some new players provided a good programme of music. Bandmaster Perkins can always be depended upon to do his share of the entertainment.

The corporation possesses a general supply of blunting which would have greatly improved appearances had it been where it should have been. Wonder what it is for, anyway.

Secretary Gilfillan was a busy man. Much of the success of the celebration is due to his untiring energy. It is remarkable that affairs passed off so well when one recalls the amount of gratuitous advice—minus assistance—a secretary receives on such occasions.

President Stephen and the members of the various committees are

all to be congratulated on the success of the day.

The crowd was good-humoured, and there was little for Chief McCutcheon to do.

We did not hear concerning the financial end of the game, but a statement will be rendered at the proper time.

Many and varied were the explanations handed to waiting wives that evening when the married men got home from the fight.

King George continues to gain the approbation of the Empire by his tactful conduct. His message to the navy in which he served for thirty-three years was as gratifying as his prompt consideration for the public welfare in the height of his own personal grief and in the midst of his own burden of responsibility.

Eight hundred thousand dollars was raised in Toronto in ten days for Y.M.C.A. and Young Woman's Christian Association purposes. It was a commendable campaign and was crowned with success. Owen Sound is to enter upon a similar effort, to raise in ten days \$22,000 for the purpose of placing its excellent Y.M.C.A. building out of debt and on a good financial basis. May abundant success be theirs.

Among the flags floating at Winnipeg in significance of the King's death is the oldest Union Jack in Manitoba. It is the property of John Stiven, and was purchased by him at Gibraltar on the day peace was declared over the Crimean War.

As a boy Stiven marched in a procession carrying this self-same flag on the occasion of the marriage of the late King and his Queen.

There are several reasons why you should patronize the Markdale Steam Laundry. We wash anything from a rag carpet or a horse blanket to a shirt or a handkerchief. We spend our money right here and either directly or indirectly you are the gainer. We try to please you and have just about concluded to stay with you, it all depends on you. Think it over. The Address Label.

The little address label on a newspaper tells a tale, it is quite possible that said tale may be untrue. When the subscription list is carefully and systematically looked after, an error is seldom made, and yet an occasional inaccuracy will occur. The Standard is careful and methodical in this respect but does not claim to be infallible. Our present method is to begin each month with a corrected list and changes of address, renewals of subscription, and such, during the month, do not appear on the printed label until the first issue of the following month. In a list of two thousand names it is surprising the number of changes which accumulate during the month, requiring in many instances a man for half a day to adjust the whole list.

John D. Rockefeller would go broke if he should spend his entire income trying to prepare a better medicine than Chamberlain's Colic, Cholera and Diarrhoeal Remedy for diarrhoea, dysentery or bowel complaints. It is simply impossible, and so says everyone that has used it. Sold by R. L. Stephen.

Methodist Dist. Meeting.

The annual meeting of the Owen Sound District Meeting of the Methodist Church held at Flesherton on Wednesday and Thursday last was marked with the usual degree of interest and profit. Rev. J. T. C. Morris, Chairman of the District, presided, and the ministers and laymen from the various circuits were present as follows: Owen Sound, First, Rev. Mr. Morris, Mr. W. F. Gray; Owen Sound Westside, Mr. J. C. Miller; Owen Sound North, Rev. Dr. Caldwell; Walters Falls, Rev. H. E. W. Kent; Mr. James Bowes, Chatsworth; Rev. E. R. Young, Mr. S. H. Hemstock; Holland Centre, Mr. T. Richardson; Markdale, Rev. Jos. Young and Mr. Albert Jackson; Flesherton, Rev. H. E. Wellwood, Mr. W. H. Bunt; Priceville, Rev. Henry Berry, Mr. Ostrander; Euphrasia Rev. J. Wilkinson, Mr. W. Sloan; Eugenia, Rev. T. Laird; Mr. R. Plant; Dundalk, Rev. J. J. Ferguson; Mr. W. Ludlow; Corbettton, Mr. R. J. Woods. Three ministers, Rev. Fish, Walker and Williamson, were unavoidably absent. The session on Wednesday was, as usual, ministerial only, when the character and doctrine of all ministers on the district came under review and was found satisfactory. Mr. Wm. Howey, of Owen Sound, and Rev. J. V. Laughland, recently pastor of the Baptist Church, Flesherton, were candidates for admission to the ministry of the Methodist Church, and, upon examination, were recommended to the annual Conference at Toronto in June.

At the general session on Thursday, Rev. E. R. Young was elected Journal Secretary; Rev. T. Laird, Statistical Secretary; Rev. H. E. W. Kemp was elected to the Statinding Committee, with Rev. Dr. Caldwell, Alternate. The reports presented showed that on the fifteen circuits of the District there were 4,269 members, an increase of 2%; for Missions there was raised \$3,660; an increase of \$48; for all purposes there was

raised \$4,547, an increase of \$10,346. Rev. E. R. Young, District Secretary of the Temperance Department, presented a comprehensive report which in part showed that in this district there were five local option campaigns last year in which there were three losses and two gains. Only four places are now under license, and only eight in the whole County. Among resolutions adopted were the following:

"That this District Meeting pledge its sympathy with the ideals and its active support to the work of the Department of Temperance and Moral Reform."

"That we recommend our workers in Isworth Leagues and Sunday Schools to be alive to the questions of social and Moral reform, and do all in their power to develop moral reform fibre in the young, to promote wholesome reading, healthful exercises and the physical, social and Scriptural demands for personal purity, that they may have the desire "to flee youthful lusts which war against the soul and bring such havoc to so many young lives."

The laymen presented a number of resolutions, and among those adopted were requests for better recognition of the class-meeting, a more general use of local preachers, the formation of district branches of the Laymen's Association; that the assistant Secretary of the annual Conference be elected by ballot; that the business of the Conference be more expeditiously arranged; that the second representative of the district to the Stationing Committee be a layman; that in connection with our theological colleges all professors be members of the Methodist Church in Canada; and that the retention of professors be subject to the approval of the General Conference.

Touching Church Union, a resolution was adopted urging General Conference to proceed slowly in the matter, especially upon the present proposed basis.

Resolutions of thanks were tendered the Chairman for the kindly
