## WORLD'S DEBT TO CANADA

### A Wonderful Achievement

Discovery of "Fruit-a-tives" has meant health for all

Canada's fame does not rest solely on her furs and wheat nelds. Her rise in the esteem of the world is not due to her Cobalt mines. It is the work of her preat men that has made her great. A graduate of McGill University has won lasting renown for his original researches in the realms of Physics.

Everyone knows that fruit is wholesome, when eaten judiciously. Physicians generally recognize the fact that fruit juices have a beneficial effect on the various organs of the body.

It remained for a Canadian physician to discover a process whereby the medicinal action of fruit could be so increased as to make the intensified juices a wonderful cure. 'Fruit-a tives' is this combination

of fruit juices and tonics. Since its introduction to the public, "Fruit-atives" has met with a success accorded to no other medicine in the world. The reason is plain. "Fruit-a tives" is the one remedy that is actually made of fruit, and is the only remedy that naturally cures Constipation, Biliousnes, Indigention, Headaches, Rheumatism, Neuralgia, Backache, Kidney and Skin Troubles. At all dealers at 50c. a box. 6 for \$2.50, or trial size, 25c., or from Fruit-a tives Limited, Ottawa.

Jamieson, of Thornbury, and D. M. Mathewson, of Allenford, were present for the first time and were introduced by the moderator. Rev. D. G. Cook, missionary from India supported by Knox Church, Owen Sound was also present and gave a most interesting address. In addition to routine business of less general public interest, commissioners to the recent meeting of the General Aswork quaranteed for one sembly gave impressions of the meeting which were both instructive and interesting. Messrs. Woodside, McCulloch and John McQuaker were appointed a committee to

confer with similar committees of Daywood and Johnston to determine site of new church. Interim moderators of vacant charges of Markdale and Latona reported difficulty. in securing supply of candidates for calls. They also reported that the salary in both places was likely to be increased to \$900. Notice of motion was given that at next meeting it will be proposed to refuse hereafter to sustain a call-
