

# Flesherton Happenings

Miss Lynette Hanbury visited Mrs. Rob. Moore last week.

Elwin Jamieson, barber, has secured a good situation in Toronto.

Rev. G. S. Milligan was in the city on Friday and Saturday last week.

Miss Belle Warwick, of Seaford, visited Miss Beatrice Hales last week.

Mr. and Mrs. W. Stuart, of Elk Lake, are visiting the former's brother.

Miss Ruby Trimble is at Owen Sound on a camping holiday with friends.

Miss Wilkins, and cousin from near Shelburne are visitors at Mr. R. Waller's.

Mr. John Wright lost a good driving horse a few days ago with indigestion.

Mrs. (Rev.) Wellwood left on Monday to join friends holidaying at summer resorts in Muskoka.

Miss Maud Richardson, of this place, and Mrs. McDonald, of Toronto, is visiting her niece.

Mrs. Badenow, sr., 4th line, has gone to spend the summer with her son and daughter at Toronto.

Mr. Percy Trimble left on Tuesday for the west to homestead on a quarter section near Saskatoon.

Mrs. Leffler and children, of Fort Scott, Kan., are visiting the former's sister, Mrs. W. A. Armstrong.

Mr. Wm. Reid left on Tuesday on an extended pleasure trip to Winnipeg and other points in the west.

Mr. and Mrs. Fred Morley commenced housekeeping on Monday, taking possession of Mr. Reid's residence.

Mr. and Mrs. Frank McKenzie, of Detroit, are visiting the former's uncle, Mr. Joseph Duncan, here and other relatives.

Mrs. D. McTavish and Mrs. Herb Smith and children accompanied by friends from Hamilton are on a camping holiday at Eugenia.

Dr. Murray, Chas. Ottewill, Mr. Latimer and Geo. Richardson, of Toronto are going on their annual holiday to Ewart's Lake, Holland.

Mr. D. Thorp, of Conn., and daughter, Mrs. H. Johnston, of Dakota, visited the former's daughter, Mrs. J. A. Boyd, last week.

Mrs. W. Saunders, of Minneapolis paid her brother-in-law, Mr. Thos. Henry, and other friends here a short visit last week on her way to visit her mother, Mrs. Winters, in Osprey.

The news last week of the death of Mrs. William Strain was a shock to her numerous old friends here. The deceased, who lived many years here was very highly esteemed. She was an exemplary Christian woman and a devoted mother to her family who have

the sympathy of this community in the loss they have sustained.

Mrs. J. E. Fawcett, of Toronto, favoured the Baptist congregation with a beautifully rendered solo on Sunday morning, and also sang again in the Methodist church in the evening.

Rev. J. W. Thom, of Hawkesville, who is supplying Briceville Presbyterian pulpit two Sabbaths, is holidaying this week among his old friends here who everywhere extend to him the glad hand.

Miss Willa Wright was a welcome caller on us last week. After four months' confinement to her home Miss Wright's friends are pleased to see her sufficiently recovered to move around again even if by the aid of crutches.

The married and the single men here played a ball match on Friday evening last resulting in a score of 9 to 8 in favor of the latter. It was a good match and had there been time the benedicts are confident they could have done up the boys.

The Presbyterian Ladies Aid garden party last week on Mr. Jake Lever's lawn met with a good measure of success. The busy haying season prevented some attending but there was a good turnout and the evening was enjoyably spent. Proceeds, \$22.00.

Miss Mary Wilson has been engaged for Rockvale school after the holidays and we learn Miss Allen, of Durham, has been re-engaged in No. 3 east of the village. Mr. J. L. Wood will preside at Ceylon in which section Mr. S. Hemphill has been elected trustee in place of Mr. Thos. Gilchrist, resigned.

Mr. A. Schenk, Warden of Grey County, and Dr. Mearns, Reeve of Hanover, called on Reeve Boyd last week and while in town visited the new high school under construction. We were pleased to make the acquaintance of the visitors who pronounced the new building a very fine structure.

In our note last week of Mr. M. K. Richardson's absence at Hanover on a school arbitration we should have said County line over which Grey and Bruce have been disputing for some time. Mr. Richardson was the appointee of Grey County Council and we understand the award of the arbitrators was all the Council contended for.

The Owen Sound Times last week reported the death of one of the early settlers of Ardenesia in the person of Mrs. Jas. Lackey, who was in her 71st year. Besides her husband nine of a family survive three of whom were the fruit of her first marriage to the late Mr. Thos. Lackey. One son, Samuel lives at Orangeville and Robert at Berkeley.

Mrs. Andrew Carr, who fell and broke her hip just a few weeks ago, passed away on Tuesday morning in her 80th year. The deceased has been for many years a resident and was very highly respected. She was a faithful member of Chalmers Church. Besides her aged husband two daughters, Mrs. T. R. McKenzie, of Portlaw, and Mrs. McKeart, of Manitoba, survive and many friends sympathize with them in their bereavement.

## Worth Its Weight in Gold

(From the Brockville Times.)  
A Blanchard, of South Flimsley, sold a pig that brought him \$51.42. It weighed 605 pounds, at 8 1/2 cents per pound. The pig has been a most productive one for Mr. Blanchard, and is an evidence of what a thrifty farmer may do by using his intelligence and business ability. Three years ago Mr. Blanchard bought the young sow for \$11.80, since then he raised and sold from her \$375 worth of pork besides what he has used in his own home and not counting a couple of young pigs he gave a brother. That makes a total of \$426.42 in cash, less the original cost of \$11.80, that Mr. Blanchard has made out of one pig.

James Lawlor, forty years of age, mortally wounded himself with a pistol at Parry Sound on Saturday; he leaves a wife and two little daughters.

## A Voice from the West.

Kamloops, B.C., July 21, 1910.  
Editor Standard:  
Dear Sir,—In last week's Standard you print quite a lengthy letter from Mr. F. J. Bell, formerly of that beautiful and prosperous country—Burk's Falls—where everybody rolls in riches; but now of that rotten, dried-up, God-forsaken country—Alberta—where everybody is a grafter, a shark, or starving to death.

Now, Mr. Editor, I do not blame you for printing Mr. Bell's letter, but really to read it all through it seems to me to be a very silly letter. I lived for 25 years in Ontario and I can write letters and letters describing the hardships that I came through 20 years ago, working eleven to sixteen hours a day for sixteen dollars a month, right at Burk's Falls, Powassan and Nipissing—and never got my pay yet. I could tell of the poor soil, of the barrenness and the roughness, of that awful country twenty years ago. I could tell of poor men and their families coming in there, working hard a whole year to clear 3 or 4 acres of land, plant it with wheat and potatoes, and in one night—right in the middle of summer—it would be frozen down;—he would not have enough left to feed five chickens on. During the long winter of that frozen up northern country he would have to buy feed for his little stock and his family and pay for it by making ties and hauling them to the station at 7 cents each.

I know, and Mr. Bell knows, that there are thousands of old men in Ontario to-day that have worked hard all their lives and if they were to sell all they own they would not have five thousand dollars after a long life of economy and hard work. Out here in the West the opposite is the case. A man is an exception if he has been here ten years if he is not worth from ten to twenty thousand dollars. Hundreds of families are coming every year to British Columbia from the North West where they have in a few years made enough and they come here to spend the remainder of their days in ease and comfort.

How funny, after the awful description Mr. Bell pictures in his long letter, he ends up by giving a glowing description of how well a school teacher could do right in Alberta, and also that he thinks he can do well here and is going to build right away!

I tell you, Sir, a man has to be very blind, or very loyal, if you like, to his native land—if he comes out West and cannot see the great opportunities and advantages there are here compared with the Eastern provinces; but really we do not want pessimists out here; we don't want men that look on the dark side of everything—we would rather they would stay in Muskoka.

G. J. DOWDING.

## Double Drowning At Warton

Joseph Holler, Aged 56, and Ed. Cunningham, Aged 17, the Victims.

Warton, Ont., July 19.—A double drowning accident occurred at Colpo's Bay, three miles north of here last evening, when Joseph Holler, aged 56, and Ed. Cunningham, aged 17, lost their lives when a gasoline launch in which they were riding struck a sunken log. There were four others in the boat at the time, and but one of the party could swim. They were rescued by an Indian with a row-boat. The bodies were recovered in less than ten minutes but efforts at resuscitation were without avail.

## SCOTT GREET'S LAURIER

Saskatchewan's Chief Welcomes Premier at Yorkton.

Sir Wilfrid Says In Reply to Grain Growers Demand for Fiscal Changes That the Tariff is Not a Fixed Thing, But Will Be Changed as Occasion Demands—Reciprocity Unpractical at Present.

Yorkton, Sask., July 21.—Sir Wilfrid Laurier's stay in Yorkton has brought a pleasing diversion in the routine of political meetings, and has given the Prime Minister an opportunity to see what a grain belt in full process of ripening looks like. The town was gallantly decorated for the occasion, an arch made of oat sheaves containing some 600 bushels formed an entrance to the railway yard, and prizes were awarded for the best decorated stores in the town. The Saskatchewan Grain Growers' Association submitted a resolution in regard to terminal elevators, the Hudson Bay Railway and the tariff, and different places for the same purpose.

When Sir Wilfrid Laurier passed from southern Manitoba Tuesday to the hilly region contiguous to the northwestern branch of the C.P.R., he told the people of Birtle that if any other section was to impress him more than that which he had seen up until that time, it would have to be extraordinary fine. The requirement has undoubtedly been filled by Yorkton. With the prospect of an abundant harvest from the district for a distance of twenty-five miles on either side, there is a feeling of optimism and pride in every citizen in the community.

Speaking for Saskatchewan, Hon. Walter Scott, Premier, extended to Sir Wilfrid a hearty welcome to the new province. The Saskatchewan welcomed Canada's Prime Minister because, through his statesmanship, Saskatchewan had received its grant of provincial autonomy and financial assistance. Sixteen years ago the railway mileage of Saskatchewan was 950, to-day it is 3,500, but the growth of the province was not so much indicated by the increase of railway mileage as by the increase of population, both of towns and cities. Last year 6,000 bushels of grain were harvested for every mile of railway.

"Sir," he said, "in this province the memory of Sir Wilfrid Laurier will be held especially dear. While the other provinces have the benefits of his administration, there is no province which has experienced these benefits in so large a degree as the Province of Saskatchewan."

Sir Wilfrid Laurier, who had received a deputation from the Saskatchewan grain growers, took advantage of the occasion to reply to them. Taking up the question of fiscal legislation and the demand that agricultural implements should be admitted free of duty, Sir Wilfrid said that the tariff was not like the laws of the Medes and Persians; it was not permanent and would have to be revised from time to time.

Sir Wilfrid pointed out the impracticability of reciprocity with the United States under present conditions. He was a free trader for his own part, and would view with favor any offer from Washington for a trade treaty. Hon. G. P. Graham told the farmers that they were wrong when they said that in granting subsidies they had neglected the agricultural industry.

"Every dollar given to the railways is given for the purpose of getting a better price for the goods of the men who till the soil," he said.

## Trade Is Booming.

Ottawa, July 21.—Canadian trade figures for June show an increase of \$11,000,000 over the same month last year. The total trade for the month was \$66,611,824. For the first quarter of the present fiscal year there is an increase of \$38,000,000.  
The monthly bank statement, issued yesterday, shows the following: Deposits payable on demand, \$283,417,538; savings bank deposits, \$53,432,054; call and short loans in Canada, \$61,988,956; call and short loans elsewhere, \$130,173,902; current loans in Canada, \$649,145,920; total assets, \$1,230,825,305; total liabilities, \$1,040,324,464.

## Puppets of Downing Street.

London, July 21.—The Cape Times says Downing street has laid it down that the Secretary of State, London, has authority to instruct a governor in the colonies to break the law of the land, while he is at the time acting as administrator of the law. With such a preposterous doctrine prevailing, The Times asserts that the position of the King's representative becomes farcical, and the occupant of the position mischievous, a puppet worked at the will of Downing street, either to screen or sanctify the violation of the law, or invasion of the rights of the people.

## Found Dead In Bed.

Woodstock, July 21.—Dan McCulloch, a life-long resident of this city, was found dead in bed yesterday morning by the caretaker for whom he was working. He did not show up at work and his employer went to find him. He was known by nearly everybody in the city, being an enthusiastic hunter and trapper.

## Finnish Youth Gets Eight Years.

St. John, N.B., July 21.—Charles McLaughlin, the 16-year-old youth arrested some time ago for coaxing little boys to lonely places, making them strip and beating and torturing them in Finnish manner, was yesterday sentenced to eight years in the penitentiary.
