Our Prosperous Farmers

The Ontario Farmer is the Lucky Man—The Wealthiest Class in Canada.

(Toronto Weekly Sun.)

All over this province there are beautiful farm residences which, if situated in the cities, would be valued higher than they are now with the hundred acres of fertile land upon which they are situated thrown in. This state of things cannot last for all time. There must come, sooner or later, an equalizing of values. Taking values as they exist, the farming class, I believe, is the wealthiest class. I think it is safe to say that 90 per cent. of the farmers are solvent; that 50 per cent. of these are worth upwards $5,000; that 25 per cent. are worth upwards of $10,000, and probably 10 per cent. upwards of $25,000. I am speaking now of older Ontario. If it could be known the amount of money on deposit in the banks of farmers, the general public, and the farmers themselves would be startled. If farmers all decided to withdraw their deposits there would be a panic. If this be true what would farmers be worth at city valuations?

Fireplace in Railroad Car

A magnificent private car, said to be the most sumptuous railroad coach ever constructed, has been sent from England to South America for the use of the President of the Argentine Republic.

The coach is 78 feet long and 10½ feet wide, and is constructed of steel. The exterior is painted in cream, with gold and blue lining, the national Argentine colors, at one end is the President's day saloon, a compartment 17 feet 3 inches long, decorated in Louis XVI style, with green silk panels and carpet.

At one end of this is a real fireplace with mirror above, and means for ventilation. The roof is tastefully carved.

Adjoining this compartment is a bedroom, also fitted with green carpet and upholstery, and furnished with a bedstead finished in old gold, with Argentine coat-of-arms at the foot. The bedroom has three doors, one leading to the day saloon, one to the corridor which runs along the side, and one to the bathroom. By locking any one of these doors, all become locked. The bathroom is provided with a "needle bath," and is finished in marble with silverplated fittings. The upper panels are of enamelled metal, and the floor is covered with India rubber and cork mats.

The next compartment is a study or library, finished in mahogany, with red leather chairs and a red carpet, upholstered with French gray silk pannels, the general scheme being white, with green leather chairs and carpets. These two rooms have one bathroom. A kitchen and attendants' compartment take up the remaining space in this travelling palace.—Popular Mechanics.

PRICEVILLE

Another nice rain on the 12th.

Mr. Hughes, Irish Lake, was in town on the 12th and said he was glad to see the day come as it is always expected to bring rain and it should have came two weeks sooner.

We regret very much the accident that befel Miss Jane Wright last week when walking down street on a portion of sidewalk that was not at that time replaced with cement, she tripped on a loose plank and fell breaking her arm near the wrist.

Eight or nine trains passing through here on the 12th made a busy time at the C. P. R. station. Swinton Park Orange Lodge drove here in the morning and marched from Wm. Aldcorn's along Kincardine and Prince streets to station and entrained for Durham.

The noon train on the 13th brought in the remains of the late Henry King well known in this vicinity having lived for a number of years on a large farm S. E. of the village and moved to Orangeville over 15 years ago. Watson's hearse and a number of people were waiting at the station and conveyed the remains to the cemetery on the Durham road west of village where his wife was laid two years ago. Two daughters accompanied the funeral and a clergyman from the city conducted the service and all returned on the 4 o'clock train.

Dr. Lane, a pleasant young man who has been practising with another Dr. out west of Walkenton, has arranged his office and rooms in the corner block lately occupied by Dr. Dixon. Several persons who have been treated by him all speak well of him and we expect he will be successful.

A thunder storm passed over here on the evening and night of the 21st with considerable rain.

Considerable Thunder and lightning on Sunday evening last but we only had a few drops of rain.

Will there be a heavy run on the House of Refuge next winter? Two evenings of last week a large crowd of young farmers and town men (poverty stricken bachelors,) who have generally been holding their heads pretty high, gathered around the residence of Mr. Duncan McArthur and repeatedly begged and pleaded for $5.00 and then toward the small hours of morning reduced it to $1.00. One dollar to this hungry crowd won't go far. A few weeks ago Mr. McArthur married the second time. The married men have abundance for the winter, but alas! the poor bachelors.

The July meeting of the Womans' Institute held at the home of Miss Jennie McArthur was quite successful. The delegates who attended the recent convention at Owen Sound were Misses Edith James and Elsie McLeod both were present and gave a very complete report of proceedings of the convention. The next meeting will be held at the residence of Mrs. Geo. Patterson, 5th line.

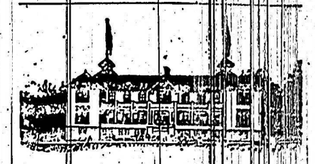
Would You Provide for the Care of Canada's Needy Consumptives?

THEN SEND YOUR CONTRIBUTIONS TO THE

MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES



MUSKOKA FREE HOSPITAL FOR CONSUMPTIVES. MAIN BUILDING FOR PATIENTS.

A national institution that accepts patients from all parts of Canada. Here is one of hundreds of letters being received daily:—

John D. McNaughton, New Liskeard, Ont.: A young man not long longing here, and suffering from it is believed, consumption being kept by one of the hotels here. He has no means and has been refused admission to our hospital. The conditions where he is offer him no chance. Could he be admitted to your Free Hospital for Consumptives? If so could you inform me where he is to be sent, and what steps are necessary to secure prompt admittance?

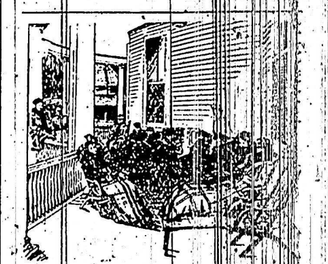
NOT A SINGLE PATIENT HAS EVER BEEN REFUSED ADMISSION TO THE MUSKOKA FREE HOSPITAL BECAUSE OF HIS OR HER INABILITY TO PAY.

Since the hospital was opened in April, 1902, one thousand two hundred and twenty-four patients have been treated in the Sanatorium, representing people from every province in the Dominion. For the week ending November 20th, 1909, one hundred and twenty-five patients were in residence. Ninety-six of these are not paying a copper for their maintenance—absolutely free. The other twenty-nine pay from $2.00 to $4.00 a week. No one pays more than $4.

Suitable cases are admitted promptly on completion of application papers.

GRATEFUL PATIENT.

Norah P. Canham: Enclosed you will find receipt for my board from Gravenhurst, hoping that you will be able to oblige me with the same. I was at your Sanatorium seven months, and I was sent away from there as an apparent cure. I am now working in the city and I am feeling fine. I was most thankful for the care I got from the doctors and staff, and I must say I have spent the time of my life while I was there.



TAKING THE CURE IN WINTER AT THE FREE HOSPITAL FOR CONSUMPTIVES.

The Muskoka Free Hospital for Consumptives is dependent on the good will and gifts of the Canadian public. Money is urgently needed at the present time to make possible to care for the ever increasing number of patients who are entering the institution.

Will you help?

Where greater urgency?

Truly, Canada's greatest charity.
