

## Is Your Loaf Like This?

If your flour is of the right quality, it ought to produce uniformly good bread. When the loaf comes out of the oven it ought to be appetizing and inviting in appearance. The crust should be crisp, tender and sweet as a nut. The pores of the bread should be regular showing uniform expansion by the yeast and every loaf should be light, plump and should expand over the top of the pan. Bread made from Ogilvie's

always comes up to the highest standard of excellence when made right. It is always uniform, and good to look at as well as good to eat.

Summer and winter, day after day, month after month, "ROYAL HOUSEHOLD" is milled by exactly the same process from exactly the same standard uniform grade of the best Red Rye wheat. And this uniformity is guaranteed by rigid safeguarding tests at the mills before the flour is shipped.

### Pain in Heart

"For two years I had pain in my heart, back and left side. Could not draw a deep breath or lie on left side, and any little exertion would cause palpitation. Under advice I took Dr. Miles' Heart Remedy and Nervine. I took about thirteen bottles, am in better health than I ever was, and have gained 14 pounds."

MRS. LIVIE THOMAS,  
Upper Sandusky, Ohio.

For many years Dr. Miles' Heart Remedy has been very successful in the treatment of heart troubles, because of its tonic effect upon the heart nerves and muscles. Even in severe cases of long standing it has frequently prolonged life for many years after doctors had given up all hope, as proven by thousands of letters we have received from grateful people.
